## Great Lakes Regional Counseling Psychology Conference

*Building Bridges within the World of Counseling Psychology and Beyond its Borders to Connect Diverse People, Communities, and Concerns: Benefits of Social Justice to All*

April 11<sup>th</sup> and 12<sup>th</sup>, 2014  
Cleveland State University  
Cleveland, Ohio

It is with much excitement that we announce the 27<sup>th</sup> Annual Great Lakes Regional Counseling Psychology Conference, co-sponsored by SAS. The Counseling Psychology Program at Cleveland State University is honored to host this wonderful event, which will take place on April 11<sup>th</sup> and 12<sup>th</sup> 2014. The theme for this year's conference is *Building Bridges within the World of Counseling Psychology and Beyond its Borders to Connect Diverse People, Communities, and Concerns: Benefits of Social Justice to All*.

The Great Lakes Regional Counseling Psychology conference has played a unique role in the history of counseling psychology. Through the commendable initiatives proposed by Jim Hurst, Division 17 President-Elect in 1987, the Great Lakes Regional Counseling Psychology Conference commenced and it remains the only continuing regional conference in the nation.

Cleveland State University will be the tenth university to host The Great Lakes Regional Counseling Psychology Conference since its beginning in 1988. Over almost three decades, many students have enjoyed the benefits obtained through presentations, networking, and receiving invaluable mentorship at the conference. As such, The Great Lakes Regional Counseling Psychology Conference continues to uphold one of the main pillars of regional conferences, which entails the socialization and mentorship of students into the profession. In addition, the Great Lakes Regional Counseling Psychology Conference offers a safe and friendly space where current local, state and Midwest regional issues affecting the field can be openly discussed.

**Submission deadline is January 21<sup>st</sup>, 2014.**

The call for proposals includes three types of program formats: (1) symposia, (2) poster presentations, and (3) roundtable discussions. Although proposals related to this year's conference theme are encouraged, proposals that are related to other issues within counseling psychology are also welcome.

## Formats

- **Symposia (50 minute sessions):** A symposium typically has several presenters speaking on a general theme. Individual presentations can be based on empirical research or theoretical work. Typically, symposia begin with a brief introduction by a chair, which is subsequently followed by multiple presentations related to the common topic. The conclusion of the symposium often involves closing remarks by a discussant or a brief dialogue between the participants and the audience.
- **Poster Sessions (50 minutes):** Posters should give an overall description of completed research or research in progress. Posters should highlight key information related to the rationale, method, analysis, results, and discussion. Poster sessions offer an ideal format for presenters to receive feedback on their research ideas.
- **Roundtable Discussions (50 minutes):** Roundtable discussions serve as a wonderful opportunity for facilitators and participants to dialogue about a particular area of interest. A roundtable discussion session allows for more discussion than is typical in other conference formats.

## Instructions for Submission

1. Proposals are to be submitted online at <http://engagedscholarship.csuohio.edu/greatlakes>
2. There is a limit of two submissions per person.
3. As proposals will be blind reviewed, please refrain from including any identifying information in your abstract.
