Cleveland / Bay Village Police

To whom it may concern:

I have been told that in the room where Dr Sam Shepherd's wife was murdered, there were two "Shadows" on the wall where the blood didn't splatter, indicating that two people were in the room. I don't know if this is common knowledge - or even if it's true. However, the man who told me this was the next-door neighbor at the time of the murder, and he is known to fantasize about killing women + having sex with them; and sometimes even

eating them.

It occurred to me that this information might be of some interest to the police.

[REDACTED], is the name of the neighbor. I don't know if his mother still lives next door, but I do know that

[REDACTED] lives on

If this information is of any use in this case, I am willing to tell you whatever I can about [REDACTED] but I do NOT want him to know my whereabouts - for reasons I don't think I need to elaborate!

Sincerely,

[REDACTED]
