(26) Up to five positions at each of the administrative departments listed in section 121.02 of the Revised Code and at the department of taxation, department of the adjutant general, department of education, Ohio board of regents, bureau of workers' compensation, industrial commission, state lottery commission, and public utilities commission of Ohio that the head of that administrative department or of that other state agency determines to be involved in policy development and implementation. The head of the administrative department or other state agency shall set the compensation for employees in these positions at a rate that is not less than the minimum compensation specified in a pay range 41 but not more than the maximum compensation specified in pay range 44 of salary schedule E-2 prescribed in section 124.152 of the Revised Code rules adopted by the director of administrative services. The authority to establish positions in the unclassified service under division (A)(26) of this section is in addition to and does not limit any other authority that an administrative department or state agency has under the Revised Code to establish positions, appoint employees, or set compensation.
(27) Employees of the department of agriculture employed under section 901.09 of the Revised Code;

(28) For cities, counties, civil service townships, city health districts, general health districts, and city school districts, the deputies and assistants of elective or principal executive officers authorized to act for and in the place of their principals or holding a fiduciary relation to their principals;

(29) Employees who receive intermittent or temporary appointments under division (B) of section 124.30 of the Revised Code;

(30) Employees appointed to administrative staff positions for which an appointing authority is given specific statutory authority to set compensation;

(31) Employees appointed to highway patrol cadet or highway patrol cadet candidate classifications;

(32) Employees placed in the unclassified service by another section of the Revised Code.

(B) The classified service shall comprise all persons in the employ of the state and the several counties, cities, city health districts, general health districts, and city school districts of the state, not specifically included in the unclassified service. Upon the creation by the board of trustees of a civil service township civil service commission, the classified service shall also comprise, except as otherwise provided in division (A)(17) or (C) of this section, all persons in the employ of a civil service township police or fire department having ten or more full-time paid employees. The classified service consists of two classes, which shall be designated as the competitive class and the unskilled labor class.

(1) The competitive class shall include all positions and employments in the state and the counties, cities, city health districts, general health districts, and city school districts of the state, and, upon the creation by the board of trustees of a civil service township of a township civil service commission, all positions in a civil service township police or fire department having ten or more full-time paid employees, for which it is practicable to determine the merit and fitness of applicants by competitive examinations. Appointments shall be made to, or employment shall be given in, all positions in the competitive class that are not filled by promotion, reinstatement, transfer, or reduction, as provided in this chapter, and the rules of the director of administrative services, by appointment from those certified to the appointing officer in accordance with this chapter.

(2) The unskilled labor class shall include ordinary unskilled laborers. Vacancies in the labor class for positions in service of the state shall be filled by appointment from lists of applicants registered by the director.
Vacancies in the labor class for all other positions shall be filled by appointment from lists of applicants registered by a commission. The director or the commission, as applicable, by rule, shall require an applicant for registration in the labor class to furnish evidence or take tests as the director or commission considers proper with respect to age, residence, physical condition, ability to labor, honesty, sobriety, industry, capacity, and experience in the work or employment for which application is made. Laborers who fulfill the requirements shall be placed on the eligible list for the kind of labor or employment sought, and preference shall be given in employment in accordance with the rating received from that evidence or in those tests. Upon the request of an appointing officer, stating the kind of labor needed, the pay and probable length of employment, and the number to be employed, the director or commission, as applicable, shall certify from the highest on the list double the number to be employed; from this number, the appointing officer shall appoint the number actually needed for the particular work. If more than one applicant receives the same rating, priority in time of application shall determine the order in which their names shall be certified for appointment.

(C) A municipal or civil service township civil service commission may place volunteer firefighters who are paid on a fee-for-service basis in either the classified or the unclassified civil service.

(D) This division does not apply to persons in the unclassified service who have the right to resume positions in the classified service under sections 4121.121, 5119.071, 5120.38, 5120.381, 5120.382, 5123.08, 5139.02, and 5501.19 of the Revised Code.

An appointing authority whose employees are paid directly by warrant of the director of budget and management may appoint a person who holds a certified position in the classified service within the appointing authority's agency to a position in the unclassified service within that agency. A person appointed pursuant to this division to a position in the unclassified service shall retain the right to resume the position and status held by the person in the classified service immediately prior to the person's appointment to the position in the unclassified service, regardless of the number of positions the person held in the unclassified service. An employee's right to resume a position in the classified service may only be exercised when an appointing authority demotes the employee to a pay range lower than the employee's current pay range or revokes the employee's appointment to the unclassified service. An employee forfeits the right to resume a position in the classified service when the employee is removed from the position in the unclassified service due to incompetence, inefficiency, dishonesty, drunkenness,
immoral conduct, insubordination, discourteous treatment of the public, neglect of duty, violation of this chapter or the rules of the director of administrative services, any other failure of good behavior, any other acts of misfeasance, malfeasance, or nonfeasance in office, or conviction of a felony. An employee also forfeits the right to resume a position in the classified service upon transfer to a different agency.

Reinstatement to a position in the classified service shall be to a position substantially equal to that position in the classified service held previously, as certified by the director of administrative services. If the position the person previously held in the classified service has been placed in the unclassified service or is otherwise unavailable, the person shall be appointed to a position in the classified service within the appointing authority's agency that the director of administrative services certifies is comparable in compensation to the position the person previously held in the classified service. Service in the position in the unclassified service shall be counted as service in the position in the classified service held by the person immediately prior to the person's appointment to the position in the unclassified service. When a person is reinstated to a position in the classified service as provided in this division, the person is entitled to all rights, status, and benefits accruing to the position in the classified service during the person's time of service in the position in the unclassified service.

Sec. 124.134. (A) Each full-time permanent state employee paid in accordance with section 124.152 of the Revised Code and those employees listed in divisions (B)(2) and (4) of section 124.14 of the Revised Code shall be credited with vacation leave with full pay according to length of service and accruing at a corresponding rate per biweekly pay period, as follows:

Fifty-two weeks equal one year of service.

The amount of an employee's service shall be determined in accordance with the standard specified in section 9.44 of the Revised Code. Credit for prior service, including an increased vacation accrual rate and longevity supplement, shall take effect during the first pay period that begins immediately following the date the director of administrative services approves granting credit for that prior service. No employee, other than an
employee who submits proof of prior service within ninety days after the date of the employee's hiring, shall receive any amount of vacation leave for the period prior to the date of the director's approval of the grant of credit for prior service.

Part-time permanent employees who are paid in accordance with section 124.152 of the Revised Code and full-time permanent employees subject to this section who are in active pay status for less than eighty hours in a pay period shall earn vacation leave on a prorated basis. The ratio between the hours worked and the vacation hours earned by these classes of employees shall be the same as the ratio between the hours worked and the vacation hours earned by a full-time permanent employee with the same amount of service as provided for in this section.

Vacation leave is not available for use until it appears on the employee's earning statement and the compensation described in the earning statement is available to the employee. An employee may begin using accrued vacation leave upon completion of the employee's initial probation period. A probationary period that follows a separation from service that is less than thirty-one days is not considered an initial probation period for purposes of this section.

(B) Employees granted leave under this section shall forfeit their right to take or to be paid for any vacation leave to their credit which is in excess of the accrual for three years. An employee who is accruing vacation leave at a rate of 9.2 hours per pay period and whose vacation leave balance exceeds six hundred hours on the effective date of this amendment shall forfeit the employee's right to take or be paid for any vacation leave to the employee's credit that is in excess of seven hundred twenty hours. Any excess leave shall be eliminated from the employees' leave balance.

(C) Except as provided in division (D) of this section, beginning in fiscal year 2012, an employee may be paid for up to eighty hours of vacation leave each fiscal year if the employee requested and was denied the use of vacation leave during that fiscal year. No employee shall receive payment for more than eighty hours of denied vacation leave in a single fiscal year. An employee is only eligible to receive payment for vacation leave when the employee's vacation leave credit is at, or will reach in the immediately following pay period, the maximum of the accrual for three years and the employee has been denied the use of vacation leave. An employee is not entitled to receive payment for vacation leave denied in any pay period in which the employee's vacation leave credit is not at, or will not reach in the immediately following pay period, the maximum of accrual for three years. Any vacation leave for which an employee receives payment shall be
deducted from the employee's vacation leave balance. No employee is eligible to receive payment for denied vacation leave in either fiscal year 2010 or fiscal year 2011.

(D) The supreme court, general assembly, secretary of state, auditor of state, treasurer of state, and attorney general may establish by policy an alternate payment structure for employees whose vacation leave credit is at, or will reach in the immediately following pay period, the maximum of accrual for three years and the employee has been denied the use of vacation leave. An employee is not entitled to receive payment for vacation leave denied in any pay period in which the employee's vacation leave credit is not at, or will not reach in the immediately following pay period, the maximum of accrual for three years. Any vacation leave for which the employee receives payment shall be deducted from the employee's vacation leave balance.

(E) Upon separation from state service, an employee granted leave under this section is entitled to compensation at the employee's current rate of pay for all unused vacation leave accrued under this section or section 124.13 of the Revised Code to the employee's credit. In case of transfer of an employee from one state agency to another, the employee shall retain the accrued and unused vacation leave. In case of the death of an employee, the unused vacation leave shall be paid in accordance with section 2113.04 of the Revised Code, or to the employee's estate. An employee serving in a temporary work level who is eligible to receive compensation under this division shall be compensated at the base rate of pay of the employee's normal classification.

(F) Notwithstanding any provision of Chapter 4117. of the Revised Code to the contrary, no collective bargaining agreement that is modified, renewed, extended, or entered into on or after the effective date of this amendment shall provide vacation leave in an amount greater than the vacation leave provided by this section.

Sec. 124.14. (A)(1) The director of administrative services shall establish, and may modify or rescind, by rule, a job classification plan for all positions, offices, and employments the salaries of which are paid in whole or in part by the state. The director shall group jobs within a classification so that the positions are similar enough in duties and responsibilities to be described by the same title, to have the same pay assigned with equity, and to have the same qualifications for selection applied. The director shall, by rule, assign a classification title to each classification within the classification plan. However, the director shall consider in establishing classifications, including classifications with parenthetical titles, and
assigning pay ranges such factors as duties performed only on one shift, special skills in short supply in the labor market, recruitment problems, separation rates, comparative salary rates, the amount of training required, and other conditions affecting employment. The director shall describe the duties and responsibilities of the class, establish the qualifications for being employed in each position in the class, and file with the secretary of state a copy of specifications for all of the classifications. The director shall file new, additional, or revised specifications with the secretary of state before they are used.

The director shall, by rule, assign each classification, either on a statewide basis or in particular counties or state institutions, to a pay range established under section 124.15 or section 124.152 of the Revised Code. The director may assign a classification to a pay range on a temporary basis for a period of six months. The director may establish, by rule adopted under Chapter 119. of the Revised Code, experimental classification plans for some or all employees paid directly by warrant of the director of budget and management. The rule shall include specifications for each classification within the plan and shall specifically address compensation ranges, and methods for advancing within the ranges, for the classifications, which may be assigned to pay ranges other than the pay ranges established under section 124.15 or 124.152 of the Revised Code.

(2) The director of administrative services may reassign to a proper classification those positions that have been assigned to an improper classification. If the compensation of an employee in such a reassigned position exceeds the maximum rate of pay for the employee's new classification, the employee shall be placed in pay step X and the director shall not receive an increase in, by rule, determine the appropriate compensation until the maximum rate of pay for that classification exceeds the employee's compensation.

(3) The director may reassign an exempt employee, as defined in section 124.152 of the Revised Code, to a bargaining unit classification if the director determines that the bargaining unit classification is the proper classification for that employee. Notwithstanding Chapter 4117. of the Revised Code or instruments and contracts negotiated under it, these placements are at the director's discretion.

(4) The director shall, by rule, assign related classifications, which form a career progression, to a classification series. The director shall, by rule, assign each classification in the classification plan a five-digit number, the first four digits of which shall denote the classification series to which the classification is assigned. When a career progression encompasses more
than ten classifications, the director shall, by rule, identify the additional classifications belonging to a classification series. The additional classifications shall be part of the classification series, notwithstanding the fact that the first four digits of the number assigned to the additional classifications do not correspond to the first four digits of the numbers assigned to other classifications in the classification series.

(5) The director may establish, modify, or rescind a classification plan for county agencies that elect not to use the services and facilities of a county personnel department. The director shall establish any such classification plan by means of rules adopted under Chapter 119. of the Revised Code. The rules shall include a methodology for the establishment of titles unique to county agencies, the use of state classification titles and classification specifications for common positions, the criteria for a county to meet in establishing its own classification plan, and the establishment of what constitutes a classification series for county agencies. The director may assess a county agency that chooses to use the classification plan a usage fee the director determines. All usage fees the department of administrative services receives shall be paid into the state treasury to the credit of the human resources fund created in section 124.07 of the Revised Code.

(B) Division (A) of this section and sections 124.15 and 124.152 of the Revised Code do not apply to the following persons, positions, offices, and employments:

(1) Elected officials;

(2) Legislative employees, employees of the legislative service commission, employees in the office of the governor, employees who are in the unclassified civil service and exempt from collective bargaining coverage in the office of the secretary of state, auditor of state, treasurer of state, and attorney general, and employees of the supreme court;

(3) Employees of a county children services board that establishes compensation rates under section 5153.12 of the Revised Code;

(4) Any position for which the authority to determine compensation is given by law to another individual or entity;

(5) Employees of the bureau of workers' compensation whose compensation the administrator of workers' compensation establishes under division (B) of section 4121.121 of the Revised Code.

(C) The director may employ a consulting agency to aid and assist the director in carrying out this section.

(D)(1) When the director proposes to modify a classification or the assignment of classes to appropriate pay ranges, the director shall send written notice of the proposed rule to the appointing authorities of the
affected employees thirty days before a hearing on the proposed rule. The appointing authorities shall notify the affected employees regarding the proposed rule. The director also shall send those appointing authorities notice of any final rule that is adopted within ten days after adoption.

(2) When the director proposes to reclassify any employee so that the employee is adversely affected, the director shall give to the employee affected and to the employee’s appointing authority a written notice setting forth the proposed new classification, pay range, and salary. Upon the request of any classified employee who is not serving in a probationary period, the director shall perform a job audit to review the classification of the employee's position to determine whether the position is properly classified. The director shall give to the employee affected and to the employee's appointing authority a written notice of the director's determination whether or not to reclassify the position or to reassign the employee to another classification. An employee or appointing authority desiring a hearing shall file a written request for the hearing with the state personnel board of review within thirty days after receiving the notice. The board shall set the matter for a hearing and notify the employee and appointing authority of the time and place of the hearing. The employee, the appointing authority, or any authorized representative of the employee who wishes to submit facts for the consideration of the board shall be afforded reasonable opportunity to do so. After the hearing, the board shall consider anew the reclassification and may order the reclassification of the employee and require the director to assign the employee to such appropriate classification as the facts and evidence warrant. As provided in division (A)(1) of section 124.03 of the Revised Code, the board may determine the most appropriate classification for the position of any employee coming before the board, with or without a job audit. The board shall disallow any reclassification or reassignment classification of any employee when it finds that changes have been made in the duties and responsibilities of any particular employee for political, religious, or other unjust reasons.

(E)(1) Employees of each county department of job and family services shall be paid a salary or wage established by the board of county commissioners. The provisions of section 124.18 of the Revised Code concerning the standard work week apply to employees of county departments of job and family services. A board of county commissioners may do either of the following:

(a) Notwithstanding any other section of the Revised Code, supplement the sick leave, vacation leave, personal leave, and other benefits of any employee of the county department of job and family services of that
county, if the employee is eligible for the supplement under a written policy providing for the supplement;

(b) Notwithstanding any other section of the Revised Code, establish alternative schedules of sick leave, vacation leave, personal leave, or other benefits for employees not inconsistent with the provisions of a collective bargaining agreement covering the affected employees.

(2) Division (E)(1) of this section does not apply to employees for whom the state employment relations board establishes appropriate bargaining units pursuant to section 4117.06 of the Revised Code, except in either of the following situations:

(a) The employees for whom the state employment relations board establishes appropriate bargaining units elect no representative in a board-conducted representation election.

(b) After the state employment relations board establishes appropriate bargaining units for such employees, all employee organizations withdraw from a representation election.

(F)(1) Notwithstanding any contrary provision of sections 124.01 to 124.64 of the Revised Code, the board of trustees of each state university or college, as defined in section 3345.12 of the Revised Code, shall carry out all matters of governance involving the officers and employees of the university or college, including, but not limited to, the powers, duties, and functions of the department of administrative services and the director of administrative services specified in this chapter. Officers and employees of a state university or college shall have the right of appeal to the state personnel board of review as provided in this chapter.

(2) Each board of trustees shall adopt rules under section 111.15 of the Revised Code to carry out the matters of governance described in division (F)(1) of this section. Until the board of trustees adopts those rules, a state university or college shall continue to operate pursuant to the applicable rules adopted by the director of administrative services under this chapter.

(G)(1) Each board of county commissioners may, by a resolution adopted by a majority of its members, establish a county personnel department to exercise the powers, duties, and functions specified in division (G) of this section. As used in division (G) of this section, "county personnel department" means a county personnel department established by a board of county commissioners under division (G)(1) of this section.

(2)(a) Each board of county commissioners, by a resolution adopted by a majority of its members, may designate the county personnel department of the county to exercise the powers, duties, and functions specified in sections 124.01 to 124.64 and Chapter 325. of the Revised Code with regard
to employees in the service of the county, except for the powers and duties of the state personnel board of review, which powers and duties shall not be construed as having been modified or diminished in any manner by division (G)(2) of this section, with respect to the employees for whom the board of county commissioners is the appointing authority or co-appointing authority.

(b) Nothing in division (G)(2) of this section shall be construed to limit the right of any employee who possesses the right of appeal to the state personnel board of review to continue to possess that right of appeal.

(c) Any board of county commissioners that has established a county personnel department may contract with the department of administrative services, another political subdivision, or an appropriate public or private entity to provide competitive testing services or other appropriate services.

(3) After the county personnel department of a county has been established as described in division (G)(2) of this section, any elected official, board, agency, or other appointing authority of that county, upon written notification to the county personnel department, may elect to use the services and facilities of the county personnel department. Upon receipt of the notification by the county personnel department, the county personnel department shall exercise the powers, duties, and functions as described in division (G)(2) of this section with respect to the employees of that elected official, board, agency, or other appointing authority.

(4) Each board of county commissioners, by a resolution adopted by a majority of its members, may disband the county personnel department.

(5) Any elected official, board, agency, or appointing authority of a county may end its involvement with a county personnel department upon actual receipt by the department of a certified copy of the notification that contains the decision to no longer participate.

(6) The director of administrative services may, by rule adopted in accordance with Chapter 119. of the Revised Code, prescribe criteria and procedures for the following:

(a) A requirement that each county personnel department, in carrying out its duties, adhere to merit performance system principles with regard to employees of county departments of job and family services, child support enforcement agencies, and public child welfare agencies so that there is no threatened loss of federal funding for these agencies, and a requirement that the county be financially liable to the state for any loss of federal funds due to the action or inaction of the county personnel department. The costs associated with audits conducted to monitor compliance with division (G)(6)(a) of this section shall be reimbursed to the department of administrative services as determined by the director. All money the
department receives for these audits shall be paid into the state treasury to the credit of the human resources fund created in section 124.07 of the Revised Code.

(b) Authorization for the director of administrative services to conduct periodic audits and reviews of county personnel departments to guarantee the uniform application of the powers, duties, and functions exercised pursuant to division (G)(2)(a) of this section. The costs of the audits and reviews shall be reimbursed to the department of administrative services as determined by the director by the county for which the services are performed. All money the department receives shall be paid into the state treasury to the credit of the human resources fund created in section 124.07 of the Revised Code.

(H) The director of administrative services shall establish the rate and method of compensation, based upon performance, for all employees who are paid directly by warrant of the director of budget and management and who are serving in positions that the director of administrative services has determined impracticable to include in the state job classification plan. When determining the performance of an employee who is a member of a police department, the director shall not consider the number or type of citations that the employee issues. This division does not apply to elected officials, legislative employees, employees of the legislative service commission, employees who are in the unclassified civil service and exempt from collective bargaining coverage in the office of the secretary of state, auditor of state, treasurer of state, and attorney general, employees of the courts, employees of the bureau of workers' compensation whose compensation the administrator of workers' compensation establishes under division (B) of section 4121.121 of the Revised Code, or employees of an appointing authority authorized by law to fix the compensation of those employees.

(I) The director shall set the rate of compensation for all intermittent, seasonal, temporary, emergency, and casual employees in the service of the state who are not considered public employees under section 4117.01 of the Revised Code. Those employees are not entitled to receive employee benefits. This rate of compensation shall be equitable in terms of the rate of employees serving in the same or similar classifications. This division does not apply to elected officials, legislative employees, employees of the legislative service commission, employees who are in the unclassified civil service and exempt from collective bargaining coverage in the office of the secretary of state, auditor of state, treasurer of state, and attorney general, employees of the courts, employees of the bureau of workers' compensation
whose compensation the administrator establishes under division (B) of section 4121.121 of the Revised Code, or employees of an appointing authority authorized by law to fix the compensation of those employees.

(J) In no case shall the performance-based wage or salary of a public employee who is a member of any police department or a trooper in the state highway patrol be based on the number or type of citations that the employee issues.

Sec. 124.15. (A) Board and commission members appointed prior to July 1, 1991, shall be paid a salary or wage in accordance with the following schedules of rates:

Based upon performance within the ranges established or modified in rules adopted by the director of administrative services, unless compensation for members of a board or commission otherwise is specifically provided by
law. The director shall adopt rules to develop a performance pay system. Unless otherwise provided, if an appointing authority is authorized by the Revised Code to fix the wage or salary of a public employee without reference to this chapter or other parameters, the appointing authority shall fix the public employee's wage or salary based on performance in accordance with the rules the director adopts.

(B) The pay schedule of all employees shall be on a biweekly basis, with amounts computed on an hourly basis.

(C) Part-time employees shall be compensated on an hourly basis for time worked, at the rates shown in as determined under division (A) of this section or in by section 124.152 of the Revised Code.

(D) The salary and wage rates determined under division (A) of this section or under section 124.152 of the Revised Code represent base rates of compensation and may be augmented by the provisions of section 124.181 of the Revised Code. In those cases where lodging, meals, laundry, or other personal services are furnished an employee in the service of the state, the actual costs or fair market value of the personal services shall be paid by the employee in such amounts and manner as determined by the director of administrative services and approved by the director of budget and management, and those personal services shall not be considered as a part of the employee's compensation. An appointing authority that appoints employees in the service of the state, with the approval of the director of administrative services and the director of budget and management, may establish payments to employees for uniforms, tools, equipment, and other requirements of the department and payments for the maintenance of them.

The director of administrative services may review collective bargaining agreements entered into under Chapter 4117. of the Revised Code that cover employees in the service of the state and determine whether certain benefits or payments provided to the employees covered by those agreements should also be provided to employees in the service of the state who are exempt from collective bargaining coverage and are paid in accordance with section 124.152 of the Revised Code or are listed in division (B)(2) or (4) of section 124.14 of the Revised Code. On completing the review, the director of administrative services, with the approval of the director of budget and management, may provide to some or all of these employees any payment or benefit, except for salary, contained in such a collective bargaining agreement even if it is similar to a payment or benefit already provided by law to some or all of these employees. Any payment or benefit so provided shall not exceed the highest level for that payment or benefit specified in such a collective bargaining agreement. The director of administrative
services shall not provide, and the director of budget and management shall not approve, any payment or benefit to such an employee under this division unless the payment or benefit is provided pursuant to a collective bargaining agreement to a state employee who is in a position with similar duties as, is supervised by, or is employed by the same appointing authority as, the employee to whom the benefit or payment is to be provided.

As used in this division, "payment or benefit already provided by law" includes, but is not limited to, bereavement, personal, vacation, administrative, and sick leave, disability benefits, holiday pay, and pay supplements provided under the Revised Code, but does not include wages or salary.

(E) New employees paid in accordance with schedule B of division (A) of this section or schedule E-1 of section 124.152 of the Revised Code shall be employed at the minimum rate established for the range unless otherwise provided. Employees with qualifications that are beyond the minimum normally required for the position and that are determined by the director to be exceptional may be employed in, or may be transferred or promoted to, a position at an advanced step of higher salary or wage in the range. Further, in time of a serious labor market condition when it is relatively impossible to recruit employees at the minimum rate for a particular classification, the entrance rate may be set at an advanced step a higher salary or wage in the range by the director of administrative services. This rate may be limited to geographical regions of the state. Appointments made to an advanced step a higher salary or wage under the provision regarding exceptional qualifications shall not affect the step assignment salary or wage of employees already serving. However, anytime the hiring rate of an entire classification is advanced to a higher step salary or wage, all incumbents of that classification being paid at a step lower salary or wage than that being used for hiring, shall be advanced beginning at the start of the first pay period thereafter to the new hiring rate, and any time accrued at the lower step will be used to calculate advancement to a succeeding step. If the hiring rate of a classification is increased for only a geographical region of the state, only incumbents who work in that geographical region shall be advanced to a higher step salary or wage. When an employee in the unclassified service changes from one state position to another or is appointed to a position in the classified service, or if an employee in the classified service is appointed to a position in the unclassified service, the employee's salary or wage in the new position shall be determined in the same manner as if the employee were an employee in the classified service. When an employee in the unclassified service who is not eligible for step
increases is appointed to a classification in the classified service under which step increases are provided, future step increases shall be based on the date on which the employee last received a pay increase. If the employee has not received an increase during the previous year, the date of the appointment to the classified service shall be used to determine the employee’s annual step advancement eligibility date. In reassigning any employee to a classification resulting in a pay range increase or to a new pay range as a result of a promotion, an increase pay range adjustment, or other classification change resulting in a pay range increase, the director shall assign such employee to the step a salary or wage in the new pay range that will provide an increase of approximately four per cent if the new pay range can accommodate the increase. When an employee is being assigned to a classification or new pay range as the result of a class plan change, if the employee has completed a probationary period, the employee shall be placed in a step no lower than step two of the new pay range. If the employee has not completed a probationary period, the employee may be placed in step one of the new pay range. Such new salary or wage shall become effective on such date as the director determines.

(F) If employment conditions and the urgency of the work require such action, the director of administrative services may, upon the application of a department head, authorize payment at any rate established within the range for the class of work, for work of a casual or intermittent nature or on a project basis. Payment at such rates shall not be made to the same individual for more than three calendar months in any one calendar year. Any such action shall be subject to the approval of the director of budget and management as to the availability of funds. This section and sections 124.14 and 124.152 of the Revised Code do not repeal any authority of any department or public official to contract with or fix the compensation of professional persons who may be employed temporarily for work of a casual nature or for work on a project basis.

(G)(1) Except as provided in divisions division (G)(2) and (3) of this section, each state employee paid in accordance with schedule B division (A) of this section or schedule E-I of section 124.152 of the Revised Code shall be eligible for advancement to succeeding steps higher salaries or wages in the range for the employee's class or grade according to the schedule established in this division. Beginning on the first day of the pay period within which the employee completes the prescribed probationary period in the employee's classification with the state, each employee shall receive an automatic salary adjustment equivalent to the next higher step within the pay range for the employee's class or grade.
Except as provided in divisions (G)(2) and (3) of this section, each employee paid in accordance with schedule E-1 of section 124.152 of the Revised Code shall be eligible to advance to the next higher step a higher salary or wage until the employee reaches the top step salary or wage in the range for the employee’s class or grade, if the employee has maintained satisfactory performance in accordance with criteria established by the employee’s appointing—authority rules adopted by the director of administrative services. Those step advancements shall not occur more frequently than once in any twelve-month period and shall be based upon performance.

When an employee is promoted, the step entry date shall be set to account for a probationary period. When an employee is reassigned to a higher pay range, the step entry date shall be set to allow an employee who is not at the highest step of the range to receive a step advancement one year from the reassignment date. Step advancement shall not be affected by demotion. A promoted employee shall advance to the next higher step of the pay range on the first day of the pay period in which the required probationary period is completed. Step advancement shall become effective at the beginning of the pay period within which the employee attains the necessary length of service. Time spent on authorized leave of absence shall be counted for this purpose.

If determined to be in the best interest of the state service, the director of administrative services may, either statewide or in selected agencies, adjust the dates on which annual step advancements are received by employees paid in accordance with schedule E-1 of section 124.152 of the Revised Code.

(2)(a) There shall be a moratorium on annual step advancements under division (G)(1) of this section beginning June 21, 2009, through June 20, 2011. Step advancements shall resume with the pay period beginning June 21, 2011. Upon the resumption of step advancements, there shall be no retroactive step advancements for the period the moratorium was in effect. The moratorium shall not affect an employee’s performance evaluation schedule.

An employee who begins a probationary period before June 21, 2009, shall advance to the next step in the employee’s pay range at the end of probation, and then become subject to the moratorium. An employee who is hired, promoted, or reassigned to a higher pay range between June 21, 2009, through June 20, 2011, shall not advance to the next step in the employee’s pay range until the next anniversary of the employee’s date of hire, promotion, or reassignment that occurs on or after June 21, 2011.
(b) The moratorium under division (G)(2)(a) of this section shall apply to the employees of the secretary of state, the auditor of state, the treasurer of state, and the attorney general, who are subject to this section unless the secretary of state, the auditor of state, the treasurer of state, or the attorney general decides to exempt the office's employees from the moratorium and so notifies the director of administrative services in writing on or before July 1, 2009.

(3) Employees in intermittent positions shall be employed at the minimum rate established for the pay range for their classification and are not eligible for step advancements to a higher salary or wage.

(H) Employees in appointive managerial or professional positions paid in accordance with schedule C of this section or schedule E-2 of section 124.152 of the Revised Code may be appointed at any rate within the appropriate pay range. This rate of pay may be adjusted higher or lower within the respective pay range at any time the appointing authority so desires as long as the adjustment is based on the employee's ability to successfully administer those duties assigned to the employee. Salary adjustments shall not be made more frequently than once in any six-month period under this provision to incumbents holding the same position and classification.

(I) When an employee is assigned to duty outside this state, the employee may be compensated, upon request of the department head and with the approval of the director of administrative services, at a rate not to exceed fifty per cent in excess of the employee's current base rate for the period of time spent on that duty.

(J) Unless compensation for members of a board or commission is otherwise specifically provided by law, the director of administrative services shall establish the rate and method of payment for members of boards and commissions pursuant to the pay schedules listed in section 124.152 of the Revised Code.

(K) Regular full-time employees in positions assigned to classes within the instruction and education administration series under the rules of the director of administrative services, except certificated employees on the instructional staff of the state school for the blind or the state school for the deaf, whose positions are scheduled to work on the basis of an academic year rather than a full calendar year, shall be paid according to the pay range assigned by such rules but only during those pay periods included in the academic year of the school where the employee is located.

(L) Part-time or substitute teachers or those whose period of employment is other than the full academic year shall be compensated for
the actual time worked at the rate established by this section.

(2) Employees governed by this division are exempt from sections 124.13 and 124.19 of the Revised Code.

(3) Length of service for the purpose of determining eligibility for step advancements as provided by division (G) of this section and for the purpose of determining eligibility for longevity pay supplements as provided by division (E) of section 124.181 of the Revised Code shall be computed on the basis of one full year of service for the completion of each academic year.

(K) The superintendent of the state school for the deaf and the superintendent of the state school for the blind shall, subject to the approval of the superintendent of public instruction, carry out both of the following:

(1) Annually, between the first day of April and the last day of June, establish for the ensuing fiscal year a schedule of hourly rates for the compensation of each certificated employee on the instructional staff of that superintendent's respective school constructed as follows:

(a) Determine for each level of training, experience, and other professional qualification for which an hourly rate is set forth in the current schedule, the per cent that rate is of the rate set forth in such schedule for a teacher with a bachelor's degree and no experience. If there is more than one such rate for such a teacher, the lowest rate shall be used to make the computation.

(b) Determine which six city, local, and exempted village school districts with territory in Franklin county have in effect on, or have adopted by, the first day of April for the school year that begins on the ensuing first day of July, teacher salary schedules with the highest minimum salaries for a teacher with a bachelor's degree and no experience;

(c) Divide the sum of such six highest minimum salaries by ten thousand five hundred sixty;

(d) Multiply each per cent determined in division (L)(1)(a) of this section by the quotient obtained in division (L)(1)(c) of this section;

(e) One hundred five per cent of each product thus obtained shall be the hourly rate for the corresponding level of training, experience, or other professional qualification in the schedule for the ensuing fiscal year.

(2) Annually, assign each certificated employee on the instructional staff of the superintendent's respective school to an hourly rate on the schedule that is commensurate with the employee's training, experience, and other professional qualifications.

If an employee is employed on the basis of an academic year, the employee's annual salary shall be calculated by multiplying the employee's
assigned hourly rate times one thousand seven hundred sixty. If an employee is not employed on the basis of an academic year, the employee's annual salary shall be calculated in accordance with the following formula:

(a) Multiply the number of days the employee is required to work pursuant to the employee's contract by eight;

(b) Multiply the product of division (K)(2)(a) of this section by the employee's assigned hourly rate.

Each employee shall be paid an annual salary in biweekly installments. The amount of each installment shall be calculated by dividing the employee's annual salary by the number of biweekly installments to be paid during the year.

Sections 124.13 and 124.19 of the Revised Code do not apply to an employee who is paid under this division.

As used in this division, "academic year" means the number of days in each school year that the schools are required to be open for instruction with pupils in attendance. Upon completing an academic year, an employee paid under this division shall be deemed to have completed one year of service. An employee paid under this division is eligible to receive a pay supplement under division (K)(1), (2), or (3) of section 124.181 of the Revised Code for which the employee qualifies, but is not eligible to receive a pay supplement under division (K)(4) or (5) of that section. An employee paid under this division is eligible to receive a pay supplement under division (K)(6) of section 124.181 of the Revised Code for which the employee qualifies, except that the supplement is not limited to a maximum of five per cent of the employee's regular base salary in a calendar year.

Division (A) of this section does not apply to "exempt employees," as defined in section 124.152 of the Revised Code, who are paid under that section.

Notwithstanding any other provisions of this chapter, when an employee transfers between bargaining units or transfers out of or into a bargaining unit, the director of administrative services shall establish the employee's compensation and adjust the maximum leave accrual schedule as the director deems equitable.

Sec. 124.152. (A)(1) Except as provided in divisions (A)(2) and (3) of this section, each exempt employee shall be paid a salary or wage in accordance with schedule E-1 or schedule E-2 of division (B) of this section.

(2) Each exempt employee who holds a position in the unclassified civil service pursuant to division (A)(26) or (30) of section 124.11 of the Revised Code may be paid a salary or wage in accordance with schedule E-1, schedule E-1 for step seven only, or schedule E-2 of division (B) or (C) of
this section, as applicable.

(3)(a) Except as provided in division (A)(3)(b) of this section, each exempt employee who was paid a salary or wage at step 7 in the employee's pay range on June 28, 2003, in accordance with the applicable schedule E-1 of former section 124.152 of the Revised Code and who continued to be so paid on June 29, 2003, shall be paid a salary or wage in the corresponding pay range in schedule E-1 for step seven only of division (C) of this section for as long as the employee remains in the position the employee held as of July 1, 2003.

(b) Except as provided in division (A)(3)(c) of this section, if an exempt employee who is being paid a salary or wage in accordance with schedule E-1 for step seven only of division (C) of this section moves to another position, the employee shall not receive a salary or wage for that position or any other position in the future in accordance with that schedule.

(c) If an exempt employee who is being paid a salary or wage in accordance with schedule E-1 for step seven only of division (C) of this section moves to another position assigned to pay range 12 or above, the appointing authority may assign the employee to be paid a salary or wage in the appropriate pay range for that position in accordance with the schedule E-1 for step seven only of division (C) of this section, provided that the appointing authority so notifies the director of administrative services in writing at the time the employee is appointed to that position.

(B) Beginning on the first day of the pay period that includes July 1, 2008 the effective date of this amendment, each exempt employee who must be paid in accordance with schedule E-1 or schedule E-2 of this section shall be paid a salary or wage in accordance with the following schedule of rates:

(D) As used in this section, "exempt employee" means a permanent full-time or permanent part-time employee paid directly by warrant of the director of budget and management whose position is included in the job classification plan established under division (A) of section 124.14 of the Revised Code but who is not considered a public employee for the purposes of Chapter 4117. of the Revised Code. As used in this section, "exempt employee" also includes a permanent full-time or permanent part-time employee of the secretary of state, auditor of state, treasurer of state, or attorney general who has not been placed in an appropriate bargaining unit by the state employment relations board.
Sec. 124.181. (A) Except as provided in divisions (M)(L) and (P)(N) of this section, any employee paid in accordance with schedule B of section 124.15 or schedule E-1 or schedule E-1 for step seven only of section 124.152 of the Revised Code is eligible for the pay supplements provided in this section upon application by the appointing authority substantiating the employee's qualifications for the supplement and with the approval of the director of administrative services except as provided in division (E) of this section.

(B)(1) Except as provided in section 124.183 of the Revised Code, in computing any of the pay supplements provided in this section for an employee paid in accordance with schedule B of section 124.15 of the Revised Code, the classification salary base shall be the minimum hourly rate of the pay range, provided in that section, in which the employee is assigned at the time of computation.

(2) Except as provided in section 124.183 of the Revised Code, in computing any of the pay supplements provided in this section for an employee paid in accordance with schedule E-1 of section 124.152 of the Revised Code, the classification salary base shall be the minimum hourly rate of the pay range, provided in that section, in which the employee is assigned at the time of computation.

(3) Except as provided in section 124.183 of the Revised Code, in computing any of the pay supplements provided in this section for an employee paid in accordance with schedule E-1 for step seven only of section 124.152 of the Revised Code, the classification salary base shall be the minimum hourly rate in the corresponding pay range provided in schedule E-1 of that section, to which the employee is assigned at the time of the computation.

(C) The effective date of any pay supplement, except as provided in section 124.183 of the Revised Code or unless otherwise provided in this section, shall be determined by the director.

(D) The director shall, by rule, establish standards regarding the administration of this section.

(E)(1) Except as otherwise provided in this division, beginning on the first day of the pay period within which the employee completes five years of total service with the state government or any of its political subdivisions, each employee in positions paid in accordance with schedule B of section 124.15 of the Revised Code or in accordance with schedule E-1 or schedule E-1 for step seven only of section 124.152 of the Revised Code shall receive an automatic salary adjustment equivalent to two and one-half per cent of the classification salary base, to the nearest whole cent. Each employee shall
receive thereafter an annual adjustment equivalent to one-half of one per cent of the employee's classification salary base, to the nearest whole cent, for each additional year of qualified employment until a maximum of ten per cent of the employee's classification salary base is reached. The granting of longevity adjustments shall not be affected by promotion, demotion, or other changes in classification held by the employee, nor by any change in pay range for the employee's class or grade. Longevity pay adjustments shall become effective at the beginning of the pay period within which the employee completes the necessary length of service, except that when an employee requests credit for prior service, the effective date of the prior service credit and of any longevity adjustment shall be the first day of the pay period following approval of the credit by the director of administrative services. No employee, other than an employee who submits proof of prior service within ninety days after the date of the employee's hiring, shall receive any longevity adjustment for the period prior to the director's approval of a prior service credit. Time spent on authorized leave of absence shall be counted for this purpose.

(2) An employee who has retired in accordance with the provisions of any retirement system offered by the state and who is employed by the state or any political subdivision of the state on or after June 24, 1987, shall not have prior service with the state or any political subdivision of the state counted for the purpose of determining the amount of the salary adjustment provided under this division.

(3) There shall be a moratorium on employees' receipt under this division of credit for service with the state government or any of its political subdivisions during the period from July 1, 2003, through June 30, 2005. In calculating the number of years of total service under this division, no credit shall be included for service during the moratorium. The moratorium shall apply to the employees of the secretary of state, the auditor of state, the treasurer of state, and the attorney general, who are subject to this section unless the secretary of state, the auditor of state, the treasurer of state, or the attorney general decides to exempt the office's employees from the moratorium and so notifies the director of administrative services in writing on or before July 1, 2003.

If an employee is exempt from the moratorium, receives credit for a period of service during the moratorium, and takes a position with another entity in the state government or any of its political subdivisions, either during or after the moratorium, and if that entity's employees are or were subject to the moratorium, the employee shall continue to retain the credit. However, if the moratorium is in effect upon the taking of the new position,
the employee shall cease receiving additional credit as long as the employee
is in the position, until the moratorium expires.

(F) When an exceptional condition exists that creates a temporary or a
permanent hazard for one or more positions in a class paid in accordance
with schedule B of section 124.15 of the Revised Code or in accordance
with schedule E-1 or schedule E-1 for step seven only of section 124.152 of
the Revised Code, a special hazard salary adjustment may be granted for the
time the employee is subjected to the hazardous condition. All special
hazard conditions shall be identified for each position and incidence from
information submitted to the director on an appropriate form provided by the
director and categorized into standard conditions of: some unusual hazard
not common to the class; considerable unusual hazard not common to the
class; and exceptional hazard not common to the class.

1) A hazardous salary adjustment of five per cent of the employee's
classification salary base may be applied in the case of some unusual
hazardous condition not common to the class for those hours worked, or a
fraction of those hours worked, while the employee was subject to the
unusual hazard condition.

(2) A hazardous salary adjustment of seven and one-half per cent of the
employee's classification salary base may be applied in the case of some
considerable hazardous condition not common to the class for those hours
worked, or a fraction of those hours worked, while the employee was
subject to the considerable hazard condition.

(3) A hazardous salary adjustment of ten per cent of the employee's
classification salary base may be applied in the case of some exceptional
hazardous condition not common to the class for those hours worked, or a
fraction of those hours worked, when the employee was subject to the
exceptional hazard condition.

(4) Each claim for temporary hazard pay shall be submitted as a
separate payment and shall be subject to an administrative audit by the
director as to the extent and duration of the employee's exposure to the
hazardous condition.

(G)(F) When a full-time employee whose salary or wage is paid directly
by warrant of the director of budget and management and who also is
1060, 29 U.S.C.A. 207, 213, as amended, is ordered by the appointing
authority to report back to work after termination of the employee's regular
work schedule and the employee reports, the employee shall be paid for
such time. The employee shall be entitled to four hours at the employee's
total rate of pay or overtime compensation for the actual hours worked,
whichever is greater. This division does not apply to work that is a continuation of or immediately preceding an employee's regular work schedule.

(H)(G) When a certain position or positions paid in accordance with schedule B of section 124.15 of the Revised Code or in accordance with schedule E-1 or schedule E-1 for step seven only of section 124.152 of the Revised Code require the ability to speak or write a language other than English, a special pay supplement may be granted to attract bilingual individuals, to encourage present employees to become proficient in other languages, or to retain qualified bilingual employees. The bilingual pay supplement provided in this division may be granted in the amount of five per cent of the employee's classification salary base for each required foreign language and shall remain in effect as long as the bilingual requirement exists.

(H)(H) The director of administrative services may establish a shift differential for employees. The differential shall be paid to employees in positions working in other than the regular or first shift. In those divisions or agencies where only one shift prevails, no shift differential shall be paid regardless of the hours of the day that are worked. The director and the appointing authority shall designate which positions shall be covered by this division.

(I)(I) Whenever an employee is assigned to work in a higher level position for a continuous period of more than two weeks but no more than two years because of a vacancy, the employee's pay may be established at a rate that is approximately four per cent above the employee's current base rate for the period the employee occupies the position, provided that this temporary occupancy is approved by the director. Employees paid under this division shall continue to receive any of the pay supplements due them under other divisions of this section based on the step one classification salary base rate for their normal classification.

(J)(J) If a certain position, or positions, within a class paid in accordance with schedule B of section 124.15 of the Revised Code or in accordance with schedule E-1 or schedule E-1 for step seven only of section 124.152 of the Revised Code are mandated by state or federal law or regulation or other regulatory agency or other certification authority to have special technical certification, registration, or licensing to perform the functions which are under the mandate, a special professional achievement pay supplement may be granted. This special professional achievement pay supplement shall not be granted when all incumbents in all positions in a class require a license as provided in the classification description published
by the department of administrative services; to licensees where no special or extensive training is required; when certification is granted upon completion of a stipulated term of in-service training; when an appointing authority has required certification; or any other condition prescribed by the director.

(1) Before this supplement may be applied, evidence as to the requirement must be provided by the agency for each position involved, and certification must be received from the director as to the director's concurrence for each of the positions so affected.

(2) The professional achievement pay supplement provided in this division shall be granted in an amount up to ten per cent of the employee's classification salary base and shall remain in effect as long as the mandate exists.

(K) Those employees assigned to teaching supervisory, principal, assistant principal, or superintendent positions who have attained a higher educational level than a basic bachelor's degree may receive an educational pay supplement to remain in effect as long as the employee's assignment and classification remain the same.

(1) An educational pay supplement of two and one-half per cent of the employee's classification salary base may be applied upon the achievement of a bachelor's degree plus twenty quarter hours of postgraduate work.

(2) An educational pay supplement of an additional five per cent of the employee's classification salary base may be applied upon achievement of a master's degree.

(3) An educational pay supplement of an additional two and one-half per cent of the employee's classification salary base may be applied upon achievement of a master's degree plus thirty quarter hours of postgraduate work.

(4) An educational pay supplement of five per cent of the employee's classification salary base may be applied when the employee is performing as a master teacher.

(5) An educational pay supplement of five per cent of the employee's classification salary base may be applied when the employee is performing as a special education teacher.

(6) Those employees in teaching supervisory, principal, assistant principal, or superintendent positions who are responsible for specific extracurricular activity programs shall receive overtime pay for those hours worked in excess of their normal schedule, at their straight time hourly rate up to a maximum of five per cent of their regular base salary in any calendar year.
A state agency, board, or commission may establish a supplementary compensation schedule based upon performance for those licensed physicians employed by the agency, board, or commission in positions requiring a licensed physician. The supplementary compensation schedule, together with the compensation otherwise authorized by this chapter, shall provide for the total compensation for these employees to range appropriately, but not necessarily uniformly, for each classification title requiring a licensed physician, in accordance with a schedule approved by the state controlling board. The individual salary levels recommended for each such physician employed shall be approved by the director. Notwithstanding section 124.11 of the Revised Code, such personnel are in the unclassified civil service.

The director of administrative services may approve supplementary compensation for the director of health, if the director is a licensed physician, in accordance with a supplementary compensation schedule approved under division (M)(L)(1) of this section or in accordance with another supplementary compensation schedule the director of administrative services considers appropriate. The supplementary compensation shall not exceed twenty per cent of the director of health's base rate of pay.

Notwithstanding sections 117.28, 117.30, 117.33, 117.36, 117.42, and 131.02 of the Revised Code, the state shall not institute any civil action to recover and shall not seek reimbursement for overpayments made in violation of division (E) of this section or division (C) of section 9.44 of the Revised Code for the period starting after June 24, 1987, and ending on October 31, 1993.

Employees of the office of the treasurer of state who are exempt from collective bargaining coverage may be granted a merit performance pay supplement of up to one and one-half per cent of their step salary or wage rate. The rate at which this supplement is granted shall be based on performance standards established by the treasurer of state. Any supplements granted under this division shall be administered on an annual basis.

Intermittent employees appointed under section 124.30 of the Revised Code are not eligible for the pay supplements provided by this section.

Employees of the office of the auditor of state who are exempt from collective bargaining and who are paid in accordance with schedule E-1 or in accordance with schedule E-1 for step 7 only and are paid a salary or wage in accordance with the schedule of rates in division (B) or (C) of section 124.152 of the Revised Code shall receive a reduction of two per
cent in their hourly and annual pay calculation beginning with the pay period that immediately follows July 1, 2009.

Sec. 124.322. Whenever a reduction in the work force is necessary, the appointing authority of an agency shall decide in which classification or classifications the layoff or layoffs will occur and the number of employees to be laid off within each affected classification. The director of administrative services shall adopt rules, under Chapter 119. of the Revised Code, establishing a method for determining layoff procedures and an order of layoff of, and the displacement and recall of, laid-off state and county employees. Layoffs, job abolishments, and displacements shall be governed by the Revised Code or the rules adopted pursuant to it that are in effect at the time the appointing authority files the statement of rationale and supporting documentation in accordance with section 124.321 of the Revised Code, as applicable. Otherwise, layoffs, job abolishments, and displacements shall be governed by the Revised Code or the rules adopted pursuant to it that are in effect at the time of notification of layoff or displacement to the employee.

The order of layoff in those rules shall be based in part on length of service and may include efficiency in service, appointment type, or similar other factors the director considers appropriate; however, the rules shall prohibit an agency from using an employee’s length of service as the only factor to determine whether to lay off the employee. If the director establishes relative efficiency as a criterion to be used in determining order of layoff for state and county employees, credit for efficiency may be other than ten percent of total retention points.

Sec. 124.325. (A) An appointing authority shall calculate an employee’s retention points based upon length of service, efficiency of service, and other similar factors the director of administrative services, in the rules the director adopts for state or county employees under section 124.322 of the Revised Code, or the appointing authority, as applicable, determines is appropriate. Retention points to reflect the length of continuous service and efficiency in service for all employees affected by a layoff shall be verified by the director of administrative services for positions in the service of the state.

(B) An employee's length of continuous service will be carried from one layoff jurisdiction to another so long as no break in service occurs between transfers or appointments.

(C) If (1) Except as otherwise provided in division (C)(2) of this section, an appointing authority shall adopt rules to determine which employee the appointing authority shall lay off first if two or more employees have an
identical number of retention points, employees having the shortest period of continuous service shall be laid off first.

(2) The director shall adopt rules in accordance with Chapter 119. of the Revised Code to establish a system for the assignment of retention points for each employee in the service of the state in a classification affected by a layoff and for determining, in those instances where employees in the service of the state have identical retention points, which employee shall be laid off first. The rules shall permit an appointing authority to consider the number of management and nonmanagement employees when determining which employees to lay off.

(D)(1) As used in this division, "affected employee" means a city employee who becomes a county employee, or a county employee who becomes a city employee, as the result of any of the following:
   (a) The merger of a city and a county office;
   (b) The merger of city and county functions or duties;
   (c) The transfer of functions or duties between a city and county.

(2) For purposes of this section, the new employer of any affected employee shall treat the employee's prior service with a former employer as if it had been served with the new employer.

(E) The director of administrative services shall adopt rules in accordance with Chapter 119. of the Revised Code to establish a system for the assignment of retention points for each employee in the service of the state in a classification affected by a layoff and for determining, in those instances where employees in the service of the state have identical retention points, which employee shall be laid off first.

Sec. 124.34. (A) The tenure of every officer or employee in the classified service of the state and the counties, civil service townships, cities, city health districts, general health districts, and city school districts of the state, holding a position under this chapter, shall be during good behavior and efficient service. No officer or employee shall be reduced in pay or position, fined, suspended, or removed, or have the officer's or employee's longevity reduced or eliminated, except as provided in section 124.32 of the Revised Code, and for incompetency, inefficiency, dishonesty, drunkenness, immoral conduct, insubordination, discourteous treatment of the public, neglect of duty, violation of any policy or work rule of the officer's or employee's appointing authority, violation of this chapter or the rules of the director of administrative services or the commission, any other failure of good behavior, any other acts of misfeasance, malfeasance, or nonfeasance in office, or conviction of a felony. The denial of a one-time pay supplement or a bonus to an officer or employee is not a reduction in
This section does not apply to any modifications or reductions in pay authorized by division (Q) of section 124.181 or section 124.392 or 124.393 of the Revised Code.

An appointing authority may require an employee who is suspended to report to work to serve the suspension. An employee serving a suspension in this manner shall continue to be compensated at the employee's regular rate of pay for hours worked. The disciplinary action shall be recorded in the employee's personnel file in the same manner as other disciplinary actions and has the same effect as a suspension without pay for the purpose of recording disciplinary actions.

A finding by the appropriate ethics commission, based upon a preponderance of the evidence, that the facts alleged in a complaint under section 102.06 of the Revised Code constitute a violation of Chapter 102., section 2921.42, or section 2921.43 of the Revised Code may constitute grounds for dismissal. Failure to file a statement or falsely filing a statement required by section 102.02 of the Revised Code may also constitute grounds for dismissal. The tenure of an employee in the career professional service of the department of transportation is subject to section 5501.20 of the Revised Code.

Conviction of a felony is a separate basis for reducing in pay or position, suspending, or removing an officer or employee, even if the officer or employee has already been reduced in pay or position, suspended, or removed for the same conduct that is the basis of the felony. An officer or employee may not appeal to the state personnel board of review or the commission any disciplinary action taken by an appointing authority as a result of the officer's or employee's conviction of a felony. If an officer or employee removed under this section is reinstated as a result of an appeal of the removal, any conviction of a felony that occurs during the pendency of the appeal is a basis for further disciplinary action under this section upon the officer's or employee's reinstatement.

A person convicted of a felony immediately forfeits the person's status as a classified employee in any public employment on and after the date of the conviction for the felony. If an officer or employee is removed under this section as a result of being convicted of a felony or is subsequently convicted of a felony that involves the same conduct that was the basis for the removal, the officer or employee is barred from receiving any compensation after the removal notwithstanding any modification or disaffirmance of the removal, unless the conviction for the felony is subsequently reversed or annulled.
Any person removed for conviction of a felony is entitled to a cash payment for any accrued but unused sick, personal, and vacation leave as authorized by law. If subsequently reemployed in the public sector, the person shall qualify for and accrue these forms of leave in the manner specified by law for a newly appointed employee and shall not be credited with prior public service for the purpose of receiving these forms of leave.

As used in this division, "felony" means any of the following:

1. A felony that is an offense of violence as defined in section 2901.01 of the Revised Code;
2. A felony that is a felony drug abuse offense as defined in section 2925.01 of the Revised Code;
3. A felony under the laws of this or any other state or the United States that is a crime of moral turpitude;
4. A felony involving dishonesty, fraud, or theft;
5. A felony that is a violation of section 2921.05, 2921.32, or 2921.42 of the Revised Code.

(B) In case of a reduction, a suspension of more than forty work hours in the case of an employee exempt from the payment of overtime compensation, a suspension of more than twenty-four work hours in the case of an employee required to be paid overtime compensation, a fine of more than forty hours' pay in the case of an employee exempt from the payment of overtime compensation, a fine of more than twenty-four hours' pay in the case of an employee required to be paid overtime compensation, or removal, except for the reduction or removal of a probationary employee, the appointing authority shall serve the employee with a copy of the order of reduction, fine, suspension, or removal, which order shall state the reasons for the action.

Within ten days following the date on which the order is served or, in the case of an employee in the career professional service of the department of transportation, within ten days following the filing of a removal order, the employee, except as otherwise provided in this section, may file an appeal of the order in writing with the state personnel board of review or the commission. For purposes of this section, the date on which an order is served is the date of hand delivery of the order or the date of delivery of the order by certified United States mail, whichever occurs first. If an appeal is filed, the board or commission shall forthwith notify the appointing authority and shall hear, or appoint a trial board to hear, the appeal within thirty days from and after its filing with the board or commission. The board, commission, or trial board may affirm, disaffirm, or modify the judgment of the appointing authority. However, in an appeal of a removal
order based upon a violation of a last chance agreement, the board, commission, or trial board may only determine if the employee violated the agreement and thus affirm or disaffirm the judgment of the appointing authority.

In cases of removal or reduction in pay for disciplinary reasons, either the appointing authority or the officer or employee may appeal from the decision of the state personnel board of review or the commission, and any such appeal shall be to the court of common pleas of the county in which the appointing authority is located, or to the court of common pleas of Franklin county, as provided by section 119.12 of the Revised Code.

(C) In the case of the suspension for any period of time, or a fine, demotion, or removal, of a chief of police, a chief of a fire department, or any member of the police or fire department of a city or civil service township, who is in the classified civil service, the appointing authority shall furnish the chief or member with a copy of the order of suspension, fine, demotion, or removal, which order shall state the reasons for the action. The order shall be filed with the municipal or civil service township civil service commission. Within ten days following the filing of the order, the chief or member may file an appeal, in writing, with the commission. If an appeal is filed, the commission shall forthwith notify the appointing authority and shall hear, or appoint a trial board to hear, the appeal within thirty days from and after its filing with the commission, and it may affirm, disaffirm, or modify the judgment of the appointing authority. An appeal on questions of law and fact may be had from the decision of the commission to the court of common pleas in the county in which the city or civil service township is situated. The appeal shall be taken within thirty days from the finding of the commission.

(D) A violation of division (A)(7) of section 2907.03 of the Revised Code is grounds for termination of employment of a nonteaching employee under this section.

(E) As used in this section, "last chance agreement" means an agreement signed by both an appointing authority and an officer or employee of the appointing authority that describes the type of behavior or circumstances that, if it occurs, will automatically lead to removal of the officer or employee without the right of appeal to the state personnel board of review or the appropriate commission.

Sec. 124.38. Each of the following shall be entitled for each completed eighty hours of service to sick leave of four three and six-tenths one-tenth hours with pay:

(A) Employees in the various offices of the county, municipal, and civil
service township service, other than superintendents and management employees, as defined in section 5126.20 of the Revised Code, of county boards of developmental disabilities;

(B) Employees of any state college or university;

(C) Employees of any board of education for whom sick leave is not provided by section 3319.141 of the Revised Code.

Employees may use sick leave, upon approval of the responsible administrative officer of the employing unit, for absence due to personal illness, pregnancy, injury, exposure to contagious disease that could be communicated to other employees, and illness, injury, or death in the employee's immediate family. Unused sick leave shall be cumulative without limit. When sick leave is used, it shall be deducted from the employee's credit on the basis of one hour for every one hour of absence from previously scheduled work.

The previously accumulated sick leave of an employee who has been separated from the public service shall be placed to the employee's credit upon the employee's re-employment in the public service, provided that the re-employment takes place within ten years of the date on which the employee was last terminated from public service. This ten-year period shall be tolled for any period during which the employee holds elective public office, whether by election or by appointment.

An employee who transfers from one public agency to another shall be credited with the unused balance of the employee's accumulated sick leave up to the maximum of the sick leave accumulation permitted in the public agency to which the employee transfers.

The appointing authorities of the various offices of the county service may permit all or any part of a person's accrued but unused sick leave acquired during service with any regional council of government established in accordance with Chapter 167. of the Revised Code to be credited to the employee upon a transfer as if the employee were transferring from one public agency to another under this section.

The appointing authority of each employing unit shall require an employee to furnish a satisfactory written, signed statement to justify the use of sick leave. If medical attention is required, a certificate stating the nature of the illness from a licensed physician shall be required to justify the use of sick leave. Falsification of either a written, signed statement or a physician's certificate shall be grounds for disciplinary action, including dismissal.

This section does not interfere with existing unused sick leave credit in any agency of government where attendance records are maintained and credit has been given employees for unused sick leave.
Notwithstanding this section or any other section of the Revised Code, any appointing authority of a county office, department, commission, board, or body may, upon notification to the board of county commissioners, establish alternative schedules of sick leave for employees of the appointing authority for whom the state employment relations board has not established an appropriate bargaining unit pursuant to section 4117.06 of the Revised Code, as long as the alternative schedules are not inconsistent with the provisions of at least one collective bargaining agreement covering other employees of that appointing authority, if such a collective bargaining agreement exists. If no such collective bargaining agreement exists, an appointing authority may, upon notification to the board of county commissioners, establish an alternative schedule of sick leave for its employees that does not diminish the sick leave benefits granted by this section.

Any sick leave that a board of education awards shall be awarded in accordance with the leave policy the board adopts pursuant to section 3319.141 of the Revised Code.

Sec. 124.382. (A) As used in this section and sections 124.383, 124.386, 124.387, and 124.388 of the Revised Code:

1) "Pay period" means the fourteen-day period of time during which the payroll is accumulated, as determined by the director of administrative services.

2) "Active pay status" means the conditions under which an employee is eligible to receive pay, and includes, but is not limited to, vacation leave, sick leave, personal leave, bereavement leave, and administrative leave.

3) "No pay status" means the conditions under which an employee is ineligible to receive pay and includes, but is not limited to, leave without pay, leave of absence, and disability leave.

4) "Disability leave" means the leave granted pursuant to section 124.385 of the Revised Code.

5) "Full-time permanent employee" means an employee whose regular hours of duty total eighty hours in a pay period in a state agency and whose appointment is not for a limited period of time.

6) "Base rate of pay" means the rate of pay established under schedule B or C of section 124.15 or section 124.152 of the Revised Code or under schedule E-1, schedule E-1 for step seven only, or schedule E-2 of section 124.152 of the Revised Code, plus any supplement provided under section 124.181 of the Revised Code, plus any supplements enacted into law which are added to schedule B or C of section 124.15 of the Revised Code or to schedule E-1, schedule E-1 for step seven only, or schedule E-2 of section 124.152 of the Revised Code.
"Part-time permanent employee" means an employee whose regular hours of duty total less than eighty hours in a pay period in a state agency and whose appointment is not for a limited period of time.

(B) Each full-time permanent and part-time permanent employee whose salary or wage is paid directly by warrant of the director of budget and management shall be credited with sick leave of three and one-tenth hours for each completed eighty hours of service, excluding overtime hours worked. Sick leave is not available for use until it appears on the employee's earning statement and the compensation described in the earning statement is available to the employee.

(C) Any sick leave credit provided pursuant to division (B) of this section, remaining as of the last day of the pay period preceding the first paycheck the employee receives in December, shall be converted pursuant to section 124.383 of the Revised Code.

(D) Employees may use sick leave, provided a credit balance is available, upon approval of the responsible administrative officer of the employing unit, for absence due to personal illness, pregnancy, injury, exposure to contagious disease that could be communicated to other employees, and illness, injury, or death in the employee's immediate family. When sick leave is used, it shall be deducted from the employee's credit on the basis of absence from previously scheduled work in such increments of an hour and at such a compensation rate as the director of administrative services determines. The appointing authority of each employing unit may require an employee to furnish a satisfactory, signed statement to justify the use of sick leave.

If, after having utilized the credit provided by this section, an employee utilizes sick leave that was accumulated prior to November 15, 1981, compensation for such sick leave used shall be at a rate as the director determines.

(E)(1) The previously accumulated sick leave balance of an employee who has been separated from the public service, for which separation payments pursuant to section 124.384 of the Revised Code have not been made, shall be placed to the employee's credit upon the employee's reemployment in the public service, if the reemployment takes place within ten years of the date on which the employee was last terminated from public service.

(2) The previously accumulated sick leave balance of an employee who has separated from a school district shall be placed to the employee's credit upon the employee's appointment as an unclassified employee of the state
department of education, if all of the following apply:

(a) The employee accumulated the sick leave balance while employed by the school district.

(b) The employee did not receive any separation payments for the sick leave balance.

(c) The employee's employment with the department takes place within ten years after the date on which the employee separated from the school district.

(F) An employee who transfers from one public agency to another shall be credited with the unused balance of the employee's accumulated sick leave.

(G) The director of administrative services shall establish procedures to uniformly administer this section. No sick leave may be granted to a state employee upon or after the employee's retirement or termination of employment.

(H) As used in this division, "active payroll" means conditions under which an employee is in active pay status or eligible to receive pay for an approved leave of absence, including, but not limited to, occupational injury leave, disability leave, or workers' compensation.

(1) Employees who are in active payroll status on June 18, 2011, shall receive a one-time credit of additional sick leave in the pay period that begins on July 1, 2011. Full-time employees shall receive the lesser of either a one-time credit of thirty-two hours of additional sick leave or a one-time credit of additional sick leave equivalent to half the hours of personal leave the employee lost during the moratorium established under either division (A) of section 124.386 of the Revised Code or pursuant to a rule of the director of administrative services. Part-time employees shall receive a one-time credit of sixteen hours of additional sick leave.

(2) Employees who are not in active payroll status due to military leave or an absence taken in accordance with the federal "Family and Medical Leave Act" are eligible to receive the one-time additional sick leave credit.

(3) The one-time additional sick leave credit does not apply to employees of the supreme court, general assembly, legislative service commission, secretary of state, auditor of state, treasurer of state, or attorney general unless the supreme court, general assembly, legislative service commission, secretary of state, auditor of state, treasurer of state, or attorney general participated in the moratorium under division (H) or (I) of section 124.386 of the Revised Code and notifies in writing the director of administrative services on or before June 1, 2011, of the decision to participate in the one-time additional sick leave credit. Written notice under
this division shall be signed by the appointing authority for employees of the supreme court, general assembly, or legislative service commission, as the case may be.

Sec. 124.388. (A) An appointing authority may, in its discretion, place an employee on administrative leave with pay. Administrative leave with pay is to be used only in circumstances where the health or safety of an employee or of any person or property entrusted to the employee's care could be adversely affected. Compensation for administrative leave with pay shall be equal to the employee's base rate of pay. The length of administrative leave with pay is solely at the discretion of the appointing authority, but shall not exceed the length of the situation for which the leave was granted. An appointing authority may also grant administrative leave with pay of two days or less for employees who are moved in accordance with section 124.33 of the Revised Code.

(B) An appointing authority may, in its discretion, place an employee on administrative leave without pay for a period not to exceed two months, if the employee has been charged with a violation of law that is punishable as a felony. If the employee subsequently does not plead guilty to or is not found guilty of a felony with which the employee is charged or any other felony, the appointing authority shall pay the employee at the employee's base rate of pay, plus interest, for the period the employee was on the unpaid administrative leave.

(C) An appointing authority that is a city school district may place an employee on administrative leave in accordance with the policy the board of education of the district adopts pursuant to section 3319.141 of the Revised Code.

Sec. 124.39. As used in this section, "retirement" means disability or service retirement under any state or municipal retirement system in this state.

(A)(1) Except as provided in division (A)(3) of this section, an employee of a state college or university may elect, at the time of retirement from active service and with ten or more years of service with the state or any of its political subdivisions, to be paid in cash for one-fourth of the value of the employee's accrued but unused sick leave credit. Such payment shall be based on the employee's rate of pay at the time of retirement. Payment for sick leave on this basis shall be considered to eliminate all sick leave credit accrued by the employee at that time. Such payment shall be made only once to any employee. The maximum payment which may be
made under this division shall be for one-fourth of one hundred twenty days.

(2) A state college or university may adopt a policy allowing an employee to receive payment for more than one-fourth the value of the employee's unused sick leave or for more than the aggregate value of thirty days of the employee's unused sick leave, or allowing the number of years of service to be less than ten.

(3) Notwithstanding the provisions of division (A)(1) of this section, any employee who retired from the university of Cincinnati on or after September 25, 1978, and on or before November 15, 1981, may be paid in cash for up to one-half of the value of the employee's accrued but unused sick leave credit up to a maximum of sixty days if the employee otherwise meets the service and other requirements necessary to receive such payment and if any such payment has deducted from it any amount previously paid to the employee from the employee's accrued but unused sick leave credit at the time of the employee's retirement.

(B) Except as provided in division (C) of this section, an employee of a political subdivision covered by section 124.38 or 3319.141 of the Revised Code may elect, at the time of retirement from active service with the political subdivision, and with ten or more years of service with the state, any political subdivisions, or any combination thereof, to be paid in cash for one-fourth the value of the employee's accrued but unused sick leave credit. The payment shall be based on the employee's rate of pay at the time of retirement and eliminates all sick leave credit accrued but unused by the employee at the time payment is made. An employee may receive one or more payments under this division, but the aggregate value of accrued but unused sick leave credit that is paid shall not exceed, for all payments, the value of thirty days of accrued but unused sick leave.

(C) A political subdivision may adopt a policy allowing an employee to receive payment for more than one-fourth the value of the employee's unused sick leave or for more than the aggregate value of thirty days of the employee's unused sick leave, or allowing the number of years of service to be less than ten. The political subdivision may also adopt a policy permitting an employee to receive payment upon a termination of employment other than retirement or permitting more than one payment to any employee. Any policy adopted under this division by a political subdivision that is a city school district shall comply with the policy the board of education of the district adopts pursuant to section 3319.141 of the Revised Code.

Notwithstanding section 325.17 or any other section of the Revised Code authorizing any appointing authority of a county office, department, commission, or board to set compensation, any modification of the right
provided by division (B) of this section, and any policy adopted under
division (C) of this section, shall only apply to a county office, department,
commission, or board if it is adopted in one of the following ways:

(1) By resolution of the board of county commissioners for any office,
department, commission, or board that receives at least one-half of its
funding from the county general revenue fund;

(2) By order of any appointing authority of a county office, department,
commission, or board that receives less than one-half of its funding from the
county general revenue fund. Such office, department, commission, or board
shall provide written notice to the board of county commissioners of such
order.

(3) As part of a collective bargaining agreement.

A political subdivision may adopt policies similar to the provisions
contained in sections 124.382 to 124.386 of the Revised Code.

Sec. 124.81. (A) Except as provided in division (F) of this section, the
department of administrative services in consultation with the
superintendent of insurance shall negotiate with and, in accordance with the
competitive selection procedures of Chapter 125. of the Revised Code,
contract with one or more insurance companies authorized to do business in
this state, for the issuance of one of the following:

(1) A policy of group life insurance covering all state employees who
are paid directly by warrant of the state auditor, including elected state
officials;

(2) A combined policy, or coordinated policies of one or more insurance
companies or health insuring corporations in combination with one or more
insurance companies providing group life and health, medical, hospital,
dental, or surgical insurance, or any combination thereof, covering all such
employees;

(3) A policy that may include, but is not limited to, hospitalization,
surgical, major medical, dental, vision, and medical health care, disability,
hearing aids, prescription drugs, benefits, group life, life, sickness, and
accident insurance, group legal services, or a combination of the above
benefits for some or all of the employees paid in accordance with section
124.152 of the Revised Code and for some or all of the employees listed in
divisions (B)(2) and (4) of section 124.14 of the Revised Code, and their
immediate dependents.

(B) The department of administrative services in consultation with the
superintendent of insurance shall negotiate with and, in accordance with the

(C) If a state employee uses all accumulated sick leave and then goes on an extended medical disability, the policyholder shall continue at no cost to the employee the coverage of the group life insurance for such employee for the period of such extended leave, but not beyond three years.

(D) If a state employee insured under a group life insurance policy as provided in division (A) of this section is laid off pursuant to section 124.32 of the Revised Code, such employee by request to the policyholder, made no later than the effective date of the layoff, may elect to continue the employee's group life insurance for the one-year period through which the employee may be considered to be on laid-off status by paying the policyholder through payroll deduction or otherwise twelve times the monthly premium computed at the existing average rate for the group life case for the amount of the employee's insurance thereunder at the time of the employee's layoff. The policyholder shall pay the premiums to the insurance company at the time of the next regular monthly premium payment for the actively insured employees and furnish the company appropriate data as to such laid-off employees. At the time an employee receives written notice of a layoff, the policyholder shall also give such employee written notice of the opportunity to continue group life insurance in accordance with this division. When such laid-off employee is reinstated for active work before the end of the one-year period, the employee shall be reclassified as insured again as an active employee under the group and appropriate refunds for the number of full months of unearned premium payment shall be made by the policyholder.

(E) This section does not affect the conversion rights of an insured employee when the employee's group insurance terminates under the policy.

(F) Notwithstanding division (A) of this section, the department may provide benefits equivalent to those that may be paid under a policy issued by an insurance company, or the department may, to comply with a collectively bargained contract, enter into an agreement with a jointly administered trust fund which receives contributions pursuant to a collective bargaining agreement entered into between this state, or any of its political subdivisions, and any collective bargaining representative of the employees of this state or any political subdivision for the purpose of providing for
self-insurance of all risk in the provision of fringe benefits similar to those that may be paid pursuant to division (A) of this section, and the jointly administered trust fund may provide through the self-insurance method specific fringe benefits as authorized by the rules of the board of trustees of the jointly administered trust fund. Any health care benefits provided through the fund shall be the same as those health care benefits provided under a contract entered into under division (A) of this section. The director shall make any contract entered into under division (A) of this section that provides health care benefits available to the board of trustees of the jointly administered trust fund. Amounts from the fund may be used to pay direct and indirect costs that are attributable to consultants or a third-party administrator and that are necessary to administer this section. Benefits provided under this section include, but are not limited to, hospitalization, surgical care, major medical care, disability, dental care, vision care, medical health care, hearing aids, prescription drugs benefits, group life insurance, sickness and accident insurance, group legal services, or a combination of the above benefits, for the employees and their immediate dependents.

The amount, type, and structure of fringe benefits provided under this division is subject to the determination of the board of trustees of the jointly administered trust fund, except that any health care benefits provided through the fund shall be the same as those health care benefits provided under a contract entered into between the public employer and the insurance company providing those benefits. The
public employer shall make that contract available to the board of trustees of the jointly administered trust fund. Notwithstanding any other provision of the Revised Code, competitive bidding does not apply to the purchase of fringe benefits for employees under this division through a jointly administered trust fund.

(H) The health care benefits provided to a management level employee, as defined in section 4117.01 of the Revised Code, under a contract entered into under this section shall be the same as any health care benefits provided to other employees of the same public employer.

(I) A public employer, including the state and any of its political subdivisions, shall not pay more than eighty-five per cent of the cost of the provision of health care benefits pursuant to this section.

(J) As used in this section and section 124.82 of the Revised Code, "health care benefits" includes hospitalization, surgical, major medical, dental, vision, and medical care, disability, hearing aids, prescription drugs, or a combination of these benefits.

The department may fulfill its obligation under this division by exercising its authority under division (A)(2) of section 124.81 of the Revised Code.

(5) The director of health examines and certifies to the department that
the quality and adequacy of care rendered by the health insuring

division (A) of this section.

(E) This section does not prohibit the state office of collective
bargaining from entering into an agreement with an employee representative
for the purposes of providing fringe benefits, including, but not limited to,
hospitalization, surgical care, major medical care, disability, dental care,
vision care, medical health care, hearing aids, prescription drugs benefits,
group life insurance, sickness and accident insurance, group legal services
or other benefits, or any combination of those benefits, to employees paid
directly by warrant of the director of budget and management through a
jointly administered trust fund. The employer's contribution for the cost of
the benefit care shall be mutually agreed to in the collectively bargained
agreement. The amount, type, and structure of fringe benefits provided
under this division is subject to the determination of the board of trustees of
the jointly administered trust fund. Any health care benefits provided
through the fund shall be the same as those health care benefits provided
under a contract entered into under division (A) of section 124.81 of the
Revised Code. The director of administrative services shall make any
contract entered into under that division that provides health care benefits available to the board of trustees of the jointly administered trust fund. Notwithstanding any other provision of the Revised Code, competitive bidding does not apply to the purchase of fringe benefits for employees under this division when those benefits are provided through a jointly administered trust fund.

(F) Members of state boards or commissions may be covered by any policy, contract, or plan of benefits or services described in division (A) or (B) of this section. Board or commission members who are appointed for a fixed term and who are compensated on a per meeting basis, or paid only for expenses, or receive a combination of per diem payments and expenses shall pay the entire amount of the premiums, costs, or charges for that coverage.

(G) The health care benefits provided to a management level employee, as defined in section 4117.01 of the Revised Code, under a contract entered into under this section shall be the same as any health care benefits provided to other employees of the same public employer.

(13) Sell, lease, release, or otherwise dispose of real estate or interests therein or personal property owned by it and grant such easements across its real estate and interests therein as will not interfere with its use by the county transit system;

(14) Establish rules for the use and operation of the county transit system including the real estate or interests therein, personal property or a combination of the foregoing used by or in connection with such system;

(15) Exercise the power of eminent domain to appropriate any real estate or interests therein, personal property, franchises, or any combination thereof, within or without the county, necessary or proper in the exercise of its powers provided in sections 306.01 to 306.13 of the Revised Code, as provided in sections 163.01 to 163.22 of the Revised Code, and subject to divisions (15)(a), (b), and (c) of this section, provided that a county transit board or a board of county commissioners operating a transit system shall not proceed to so appropriate real property outside its territorial boundaries, until it has served at the office of the county commissioners of the county in which it is proposed to appropriate real property, a notice describing the real property to be taken and the purpose for which it is proposed to be taken, and such county commissioners have entered on their journal within thirty days after such service a resolution approving such appropriation;

(a) Nothing contained in this division authorizes a county transit board or a board of county commissioners to appropriate any land, rights, rights-of-way, franchises, or easements belonging to the state or to a municipal corporation without the consent of the state or of the municipal corporation, and no county transit board or board of county commissioners shall exercise the right of eminent domain to acquire any certificate of public convenience and necessity, or any part thereof, issued to a motor transportation company by the public utilities commission of Ohio or by the interstate commerce commission of the United States, or to take or disturb other real estate or interests therein, personal property, or any combination thereof belonging to any municipal corporation without the consent of the legislative authority of such municipal corporation, or to take or disturb real estate or interests therein, personal property, or any combination thereof belonging to any other political subdivision, public corporation, public
utility, or common carrier, which is necessary and convenient in the
operation of such political subdivision, public corporation, public utility, or
common carrier unless provision is made for the restoration, relocation, or
duplication of that taken or upon the election of such political subdivision,
public corporation, public utility, or common carrier for the payment of
compensation, if any, at the sole cost of the county transit system.

(b) If any restoration or duplication proposed to be made under this
division involves a relocation, the new location shall have at least
comparable utilitarian value and effectiveness, and such relocation shall not
impair the ability of the public utility or common carrier to compete in its
original area of operation.

(c) If such restoration or duplication proposed to be made under this
division involves a relocation, the county transit board or board of county
commissioners shall acquire no interest or right in or to the appropriated
property or facility until the relocated property or facility is available for use
and until marketable title thereto has been transferred to the political
subdivision, public corporation, public utility, or common carrier. Nothing
in this division shall require any board of county commissioners or county
transit board operating a county transit system to so restore, relocate, or
duplicate, if all of the real estate and interests therein, personal property, and
any combination of the foregoing which is owned by a public utility or
common carrier and used by it or in connection with the movement of
persons, is acquired by exercise of the power of eminent domain.

(16) When real property is acquired that is located outside the county
and is removed from the tax duplicate, the county transit board or board of
county commissioners operating a transit system shall pay annually to the
county treasurer of the county in which that property is located,
commencing with the first tax year in which that property is removed from
the tax duplicate, an amount of money in lieu of taxes equal to the smaller of
the following:

(a) The last annual installment of taxes due from the acquired property
before removal from the tax duplicate;

(b) An amount equal to the difference between the combined revenue
from real estate taxes of all the taxing districts in which the property is
located in the tax year immediately prior to the removal of the acquired
property from the tax duplicate, and either:

(i) The total revenue which would be produced by the tax rate of each
such taxing district in the tax year immediately prior to the removal of the
acquired property from the tax duplicate, applied to the real estate tax
duplicate of each of such taxing districts in each tax year subsequent to the
year of removal; or

(ii) The combined revenue from real estate taxes of all such taxing districts in each tax year subsequent to the year of removal, whichever is the greater.

The county transit board or board of county commissioners may be exempted from such payment by agreement of the affected taxing district or districts in the county in which the property is located.

The county auditor of the county in which that property is located shall apportion each such annual payment to each taxing district as if the annual payment had been levied and collected as a tax.

Those annual payments shall never again be made after they have ceased.

(17) Sue or be sued, plead or be impleaded, and be held liable in any court of proper jurisdiction for damages received by reason of negligence, in the same manner and to the same extent as if the county transit system were privately operated, provided, that no funds of a county other than those of the county transit board or, if the transit system is operated by the board of county commissioners, other than those in the account for the county transit system created under division (C) of section 306.01 of the Revised Code, shall be available for the satisfaction of judgments rendered against that system;

(18) Annually prepare and make available for public inspection a report in condensed form showing the financial results of the operation of the county transit system. For systems operated by a county transit board, copies of this report shall be furnished to the county commissioners as well as a monthly summary statement of revenues and expenses for the preceding month sufficient to show the exact financial condition of the county transit system as of the last day of the preceding month.

(19) With the approval of the county commissioners when the action is taken by the transit board, and without competitive bidding, sell, lease, or grant the right of use of all or a portion of the county transit system to any other political subdivision, taxing district, or other public body or agency having the power to operate a transit system;

(20) Enter into and supervise franchise agreements for the operation of a county transit system;

(21) Accept the assignment of and then supervise an existing franchise agreement for the operation of a county transit system.

The board may enter into an employment contract with the executive director for a period not to exceed three years. In the absence of contrary contractual provisions, the board may remove the director by a majority vote of the full membership, but only after holding a hearing on the matter if the director requests such a hearing.

Instead of or in addition to appointing employees of the district, the board of trustees may contract with one or more of the participating counties for county employees to serve the district and for the district to share in their compensation in any manner that may be agreed upon in the joint resolution creating the district.

(C) For purposes of division (A)(5) of this section, the board, when establishing a salary schedule, shall require performance to be the only basis, and the executive director shall use performance as the only basis, for an employee's progression through the schedule.

At any time the amount received from those sources differs from the amount shown in the approved budget, the board of county commissioners may require the board
of county hospital trustees to revise the county hospital budget accordingly.

5) Funds under the control of the board of county hospital trustees may be disbursed by the board, consistent with the approved budget, for the uses and purposes of the county hospital; for the replacement of necessary equipment; for the acquisition, leasing, or construction of permanent improvements to county hospital property; or for making a donation authorized by division (E) of this section. (d) The terms and conditions of the contract comply with all state and federal statutes and rules governing the extension of a secured line of credit.

community.

(9) The board may provide employee recognition awards and hold
employee recognition dinners.

(10) The board may grant to employees the recruitment and retention
benefits specified under division (K)(L) of this section.

(K) For purposes of division (J)(1) of this section, the board of county
hospital trustees, when establishing a wage and salary schedule, shall
require performance to be the only basis for an employee's progression
through the schedule.

(L) Notwithstanding sections 325.191 and 325.20 of the Revised Code,
the board of county hospital trustees may provide, without the prior
authorization of the board of county commissioners, scholarships for

The board of county hospital trustees may pay reasonable expenses for
recruiting or retaining physicians and other appropriate health care

(M) The board of county hospital trustees may retain counsel and

accounts. The board may also employ any other lawful means for the
collection of delinquent accounts.

Sec. 339.07. (A) The board of county hospital trustees shall provide for
the administration of the county hospital by directly employing a hospital
administrator or by entering into a contract for the management of the
hospital under which an administrator is provided. When an administrator is
employed directly, the board shall adopt a job description delineating the
administrator's powers and duties and the board may pay the administrator's
salary and other benefits from funds provided for the hospital.

(B) During the construction and equipping of the hospital, the
administrator shall act in an advisory capacity to the board of county
hospital trustees. After the hospital is completed, the administrator shall
serve as the chief executive officer and shall carry out the administration of
the county hospital according to the policies set forth by the board.

The administrator shall administer the county hospital, make reports, and take any other action that the administrator determines is necessary for the operation of the hospital.

At the end of each fiscal year, the administrator shall submit to the board a complete financial statement showing the receipts, revenues, and expenditures in detail for the entire fiscal year.

The administrator shall ensure that the hospital has such physicians, nurses, and other employees as are necessary for the proper care, control, and management of the county hospital and its patients. The physicians, nurses, and other employees may be suspended or removed by the administrator at any time the welfare of the hospital warrants suspension or removal. The administrator may obtain physicians, nurses, and other employees by direct employment, entering into contracts, or granting authority to practice in the hospital. Persons employed directly shall be in the unclassified civil service, pursuant to section 124.11 of the Revised Code. Sec. 340.04. (A) In addition to such other duties as may be lawfully imposed, the executive director of a board of alcohol, drug addiction, and mental health services shall:

(9) Authorize the county auditor, or in a joint-county district the county auditor designated as the auditor for the district, to issue warrants for the payment of board obligations approved by the board, provided that all payments are in accordance with the comprehensive community mental health plan, as approved by the department of mental health, or with the alcohol and drug addiction services plan as approved by the department of alcohol and drug addiction services.

(B) For purposes of division (A)(5) of this section, a board of alcohol, drug addiction, and mental health services, when establishing a salary schedule, shall require performance to be the only basis, and the executive director shall use performance as the only basis, for an employee's progression through the schedule.

Sec. 505.38. (A) In each township or fire district that has a fire department, the head of the department shall be a fire chief, appointed by the board of township trustees, except that, in a joint fire district, the fire chief shall be appointed by the board of fire district trustees. Neither this section nor any other section of the Revised Code requires, or shall be construed to require, that the fire chief be a resident of the township or fire district.

The board shall provide for the employment of firefighters as it considers best and shall fix their compensation. No person shall be appointed as a permanent full-time paid member, whose duties include fire fighting, of the fire department of any township or fire district unless that person has received a certificate issued under former section 3303.07 or section 4765.55 of the Revised Code evidencing satisfactory completion of a firefighter training program. Those appointees shall continue in office until removed from office as provided by sections 733.35 to 733.39 of the Revised Code. To initiate removal proceedings, and for that purpose, the board shall designate the fire chief or a private citizen to investigate the conduct and prepare the necessary charges in conformity with those sections.
In case of the removal of a fire chief or any member of the fire department of a township or fire district, an appeal may be had from the decision of the board to the court of common pleas of the county in which the township or fire district fire department is situated to determine the sufficiency of the cause of removal. The appeal from the findings of the board shall be taken within ten days.

No person who is appointed as a volunteer firefighter of the fire department of any township or fire district shall remain in that position unless either of the following applies:

1. Within one year of the appointment, the person has received a certificate issued under former section 3303.07 of the Revised Code or section 4765.55 of the Revised Code evidencing satisfactory completion of a firefighter training program.

2. The person began serving as a permanent full-time paid firefighter with the fire department of a city or village prior to July 2, 1970, or as a volunteer firefighter with the fire department of a city, village, or other township or fire district prior to July 2, 1979, and receives a certificate issued under division (C)(3) of section 4765.55 of the Revised Code.

No person shall receive an appointment under this section, in the case of a volunteer firefighter, unless the person has, not more than sixty days prior to receiving the appointment, passed a physical examination, given by a licensed physician, a physician assistant, a clinical nurse specialist, a certified nurse practitioner, or a certified nurse-midwife, showing that the person meets the physical requirements necessary to perform the duties of the position to which the person is appointed as established by the board of township trustees having jurisdiction over the appointment. The appointing authority, prior to making an appointment, shall file with the Ohio police and fire pension fund or the local volunteer fire fighters' dependents fund board a copy of the report or findings of that licensed physician, physician assistant, clinical nurse specialist, certified nurse practitioner, or certified nurse-midwife. The professional fee for the physical examination shall be paid for by the board of township trustees.

B) In each township not having a fire department, the board of township trustees shall appoint a fire prevention officer who shall exercise all of the duties of a fire chief except those involving the maintenance and operation of fire apparatus. The board may appoint one or more deputy fire prevention officers who shall exercise the duties assigned by the fire prevention officer.

The board may fix the compensation for the fire prevention officer and the fire prevention officer's deputies as it considers best. The board shall
appoint each fire prevention officer and deputy for a one-year term. An appointee may be reappointed at the end of a term to another one-year term. Any appointee may be removed from office during a term as provided by sections 733.35 to 733.39 of the Revised Code. Section 505.45 of the Revised Code extends to those officers.

(C)(1) Division (A) of this section does not apply to any township that has a population of ten thousand or more persons residing within the township and outside of any municipal corporation, that has its own fire department employing ten or more full-time paid employees, and that has a civil service commission established under division (B) of section 124.40 of the Revised Code. The township shall comply with the procedures for the employment, promotion, and discharge of firefighters provided by Chapter 124. of the Revised Code, except as otherwise provided in divisions (C)(2) and (3) of this section.

(2) The board of township trustees of the township may appoint the fire chief, and any person so appointed shall be in the unclassified service under section 124.11 of the Revised Code and shall serve at the pleasure of the board. Neither this section nor any other section of the Revised Code requires, or shall be construed to require, that the fire chief be a resident of the township. A person who is appointed fire chief under these conditions and who is removed by the board or resigns from the position is entitled to return to the classified service in the township fire department in the position held just prior to the appointment as fire chief.

(3) The appointing authority of an urban township, as defined in section 504.01 of the Revised Code, may appoint to a vacant position any one of the three highest scorers on the eligible list for a promotional examination.

(4) The board of township trustees shall determine the number of personnel required and establish salary schedules and conditions of employment not in conflict with Chapter 124. of the Revised Code. The board, when establishing a salary schedule, shall require performance to be the only basis for an employee's progression through the schedule.

(5) No person shall receive an original appointment as a permanent full-time paid member of the fire department of the township described in this division unless the person has received a certificate issued under former section 3303.07 or section 4765.55 of the Revised Code evidencing the satisfactory completion of a firefighter training program.

(6) Persons employed as firefighters in the township described in this division on the date a civil service commission is appointed pursuant to division (B) of section 124.40 of the Revised Code, without being required to pass a competitive examination or a firefighter training program, shall
retain their employment and any rank previously granted them by action of
the board of township trustees or otherwise, but those persons are eligible
for promotion only by compliance with Chapter 124. of the Revised Code.

Sec. 505.49. (A) As used in this section, "felony" has the same meaning
as in section 109.511 of the Revised Code.

(B)(1) The township trustees by a two-thirds vote of the board may
adopt rules necessary for the operation of the township police district,
including a determination of the qualifications of the chief of police, patrol
officers, and others to serve as members of the district police force.

(2) Except as otherwise provided in division (E) of this section and
subject to division (D) of this section, the township trustees by a two-thirds
vote of the board shall appoint a chief of police for the district, determine
the number of patrol officers and other personnel required by the district,
and establish salary schedules and other conditions of employment for the
employees of the township police district. The township trustees, when
establishing a salary schedule under this division, shall require performance
to be the only basis for an employee's progression through the schedule. The
township trustees shall prohibit, for purposes of determining performance,
any consideration of the number or type of citations that the employee
issues. The chief of police of the district shall serve at the pleasure of the
township trustees and shall appoint patrol officers and other personnel that
the district may require, subject to division (D) of this section and to the
rules and limits as to qualifications, salary ranges, and numbers of personnel
established by the board of township trustees. The chief of police shall use
performance as the only basis for a patrol officer's or other personnel's
progression through the salary schedule established by the township
trustees. For purposes of determining performance, the chief of police shall
not consider the number or type of citations that a person issues. The
township trustees may include in the township police district and under the
direction and control of the chief of police any constable appointed pursuant
to section 509.01 of the Revised Code, or may designate the chief of police
or any patrol officer appointed by the chief of police as a constable, as
provided for in section 509.01 of the Revised Code, for the township police
district.

(3) Except as provided in division (D) of this section, a patrol officer,
other police district employee, or police constable, who has been awarded a
certificate attesting to the satisfactory completion of an approved state,
county, or municipal police basic training program, as required by section
109.77 of the Revised Code, may be removed or suspended only under the
conditions and by the procedures in sections 505.491 to 505.495 of the
Revised Code. Any other patrol officer, police district employee, or police constable shall serve at the pleasure of the township trustees. In case of removal or suspension of an appointee by the board of township trustees, that appointee may appeal the decision of the board to the court of common pleas of the county in which the district is situated to determine the sufficiency of the cause of removal or suspension. The appointee shall take the appeal within ten days of written notice to the appointee of the decision of the board.

(C)(1) Division (B) of this section does not apply to a township that has a population of ten thousand or more persons residing within the township and outside of any municipal corporation, that has its own police department employing ten or more full-time paid employees, and that has a civil service commission established under division (B) of section 124.40 of the Revised Code. The township shall comply with the procedures for the employment, promotion, and discharge of police personnel provided by Chapter 124. of the Revised Code, except as otherwise provided in divisions (C)(2) and (3) of this section.

(2) The board of township trustees of the township may appoint the chief of police, and a person so appointed shall be in the unclassified service under section 124.11 of the Revised Code and shall serve at the pleasure of the board. A person appointed chief of police under these conditions who is removed by the board or who resigns from the position shall be entitled to return to the classified service in the township police department, in the position that person held previous to the person's appointment as chief of police.

(3) The appointing authority of an urban township, as defined in section 504.01 of the Revised Code, may appoint to a vacant position any one of the three highest scorers on the eligible list for a promotional examination.

(4) The board of township trustees shall determine the number of personnel required and establish salary schedules and conditions of employment not in conflict with Chapter 124. of the Revised Code. The board, when establishing a salary schedule under this division, shall require and use performance as the only basis for an employee's progression through the schedule. In no case shall performance be determined based on the number or type of citations that the employee issues.

(5) Persons employed as police personnel in a township described in this division on the date a civil service commission is appointed pursuant to division (B) of section 124.40 of the Revised Code, without being required to pass a competitive examination or a police training program, shall retain their employment and any rank previously granted them by action of the
township trustees or otherwise, but those persons are eligible for promotion only by compliance with Chapter 124. of the Revised Code.

(6) This division does not apply to constables appointed pursuant to section 509.01 of the Revised Code. This division is subject to division (D) of this section.

(D)(1) The board of township trustees shall not appoint or employ a person as a chief of police, and the chief of police shall not appoint or employ a person as a patrol officer or other peace officer of a township police district or a township police department, on a permanent basis, on a temporary basis, for a probationary term, or on other than a permanent basis if the person previously has been convicted of or has pleaded guilty to a felony.

(2)(a) The board of township trustees shall terminate the appointment or employment of a chief of police, patrol officer, or other peace officer of a township police district or township police department who does either of the following:

(i) Pleads guilty to a felony;

(ii) Pleads guilty to a misdemeanor pursuant to a negotiated plea agreement as provided in division (D) of section 2929.43 of the Revised Code in which the chief of police, patrol officer, or other peace officer of a township police district or township police department agrees to surrender the certificate awarded to that chief of police, patrol officer, or other peace officer under section 109.77 of the Revised Code.

(b) The board shall suspend the appointment or employment of a chief of police, patrol officer, or other peace officer of a township police district or township police department who is convicted, after trial, of a felony. If the chief of police, patrol officer, or other peace officer of a township police district or township police department files an appeal from that conviction and the conviction is upheld by the highest court to which the appeal is taken or if no timely appeal is filed, the board shall terminate the appointment or employment of that chief of police, patrol officer, or other peace officer. If the chief of police, patrol officer, or other peace officer of a township police district or township police department files an appeal that results in that chief of police's, patrol officer's, or other peace officer's acquittal of the felony or conviction of a misdemeanor, or in the dismissal of the felony charge against the chief of police, patrol officer, or other peace officer, the board shall reinstate that chief of police, patrol officer, or other peace officer. A chief of police, patrol officer, or other peace officer of a township police district or township police department who is reinstated under division (D)(2)(b) of this section shall not receive any back pay unless
the conviction of that chief of police, patrol officer, or other peace officer of
the felony was reversed on appeal, or the felony charge was dismissed,
because the court found insufficient evidence to convict the chief of police,
patrol officer, or other peace officer of the felony.

(3) Division (D) of this section does not apply regarding an offense that
was committed prior to January 1, 1997.

(4) The suspension or termination of the appointment or employment of
a chief of police, patrol officer, or other peace officer under division (D)(2)
of this section shall be in accordance with Chapter 119. of the Revised
Code.

(E) The board of township trustees may enter into a contract under
section 505.43 or 505.50 of the Revised Code to obtain all police protection
for the township police district from one or more municipal corporations,
county sheriffs, or other townships. If the board enters into such a contract,
subject to division (D) of this section, it may, but is not required to, appoint
a police chief for the district.

(F) The members of the police force of a township police district of a
township that adopts the limited self-government form of township
government shall serve as peace officers for the township territory included
in the district.

(G) A chief of police or patrol officer of a township police district, or of
a township police department, may participate, as the director of an
organized crime task force established under section 177.02 of the Revised
Code or as a member of the investigatory staff of that task force, in an
investigation of organized criminal activity in any county or counties in this
state under sections 177.01 to 177.03 of the Revised Code.

Sec. 505.60. (A) Except as provided in section 505.60 of the Revised
Code, and as provided in this section and section 505.601 of the Revised
Code, the board of township trustees of any township may procure and pay
all or any part of the cost of insurance policies that may provide benefits for
hospitalization, surgical care, major medical care, disability, dental care, eye
care, medical care, hearing aids, prescription drugs, or sickness and accident
insurance, or a combination of any of the foregoing types of insurance for
township officers and employees. The board of township trustees of any
township may negotiate and contract for the purchase of a policy of
long-term care insurance for township officers and employees pursuant to
section 124.841 of the Revised Code.

If the board procures any insurance policies under this section, the board
shall provide uniform coverage under these policies for township officers
and full-time township employees and their immediate dependents, and may
provide coverage under these policies for part-time township employees and
their immediate dependents, from the funds or budgets from which the
officers or employees are compensated for services, such policies to be
issued by an insurance company duly authorized to do business in this state.

(B) The board may also provide coverage for any or all of the benefits
described in division (A) of this section by entering into a contract for group
health care services with health insuring corporations holding certificates of
authority under Chapter 1751. of the Revised Code for township officers
and employees and their immediate dependents. If the board so contracts, it
shall provide uniform coverage under any such contracts for township
officers and full-time township employees and their immediate dependents,
from the funds or budgets from which the officers or employees are
compensated for services, and may provide coverage under such contracts
for part-time township employees and their immediate dependents, from the
funds or budgets from which the officers or employees are compensated for
services, provided that each officer and employee so covered is permitted to:

1) Choose between a plan offered by an insurance company and a plan
offered by a health insuring corporation, and provided further that the
officer or employee pays any amount by which the cost of the plan chosen
exceeds the cost of the plan offered by the board under this section;

2) Change the choice made under this division at a time each year as
determined in advance by the board.

An addition of a class or change of definition of coverage to the plan
offered under this division by the board may be made at any time that it is
determined by the board to be in the best interest of the township. If the total
cost to the township of the revised plan for any trustee's coverage does not
exceed that cost under the plan in effect during the prior policy year, the
revision of the plan does not cause an increase in that trustee's
compensation.

(C) Any township officer or employee may refuse to accept any
coverage authorized by this section without affecting the availability of such
coverage to other township officers and employees.

(D) If any township officer or employee is denied coverage under a
health care plan procured under this section or if any township officer or
employee elects not to participate in the township's health care plan, the
township may reimburse the officer or employee for each out-of-pocket
premium attributable to the coverage provided for the officer or employee
for insurance benefits described in division (A) of this section that the
officer or employee otherwise obtains, but not to exceed an amount equal to
the average premium paid by the township for its officers and employees
under any health care plan it procures under this section.

(E) The board may provide the benefits authorized under this section, without competitive bidding, by contributing to a health and welfare trust fund administered through or in conjunction with a collective bargaining representative of the township employees in the same manner as described in division (G) of section 124.81 of the Revised Code.

The board may also provide the benefits described in this section through an individual self-insurance program or a joint self-insurance program as provided in section 9.833 of the Revised Code.

(F) If a board of township trustees fails to pay one or more premiums for a policy, contract, or plan of insurance or health care services authorized under this section and the failure causes a lapse, cancellation, or other termination of coverage under the policy, contract, or plan, it may reimburse a township officer or employee for, or pay on behalf of the officer or employee, any expenses incurred that would have been covered under the policy, contract, or plan.

(G) As used in this section and section 505.601 of the Revised Code:

(1) "Part-time township employee" means a township employee who is hired with the expectation that the employee will work not more than one thousand five hundred hours in any year.

(2) "Premium" does not include any deductible or health care costs paid directly by a township officer or employee.

Sec. 709.012. When a municipal corporation annexes township territory which results in a reduction of the firefighting force of the township or joint township fire district, the reduction shall be made by dismissal of firefighters in the inverse order of seniority, with the employee with least time of service being dismissed first shall not be the only factor used in determining dismissals. The annexing municipal corporation shall offer employment in the inverse order of dismissal by the township to such dismissed firefighters if a vacancy exists in the municipal fire department and if they:

(A) Were full-time paid active members of the township or joint township firefighting force for at least six months prior to dismissal and have made application to the municipal corporation within sixty days after the effective date of dismissal;

(B) Have passed a physical examination as prescribed by the physician of the annexing municipal corporation and meet the requirements necessary to perform firefighting duties;

(C) Meet minimum standards of the municipal corporation with respect to moral character, literacy, and ability to understand oral and written
instructions as determined by an interview conducted by the fire department of the municipal corporation. The applicant shall be at least twenty-one years of age on the date of application.

(D) Are able to qualify for membership in the Ohio police and fire pension fund.

A physical examination required by division (B) of this section may be conducted by any individual authorized by the Revised Code to conduct physical examinations, including a physician assistant, a clinical nurse specialist, a certified nurse practitioner, or a certified nurse-midwife. Any written documentation of the physical examination shall be completed by the individual who administered the examination.

If no vacancy exists in the municipal fire department at the time of the application referred to in division (A) of this section, the application shall be held until a vacancy occurs. When such a vacancy occurs, the applicant shall be entitled to employment in accordance with the requirements of divisions (A), (B), (C), and (D) of this section. So long as any application for employment has been made and is being held under this section, the municipal corporation shall not fill any vacancy in its fire department by original appointment. If there are individuals who are entitled to reinstatement in the municipal fire department and the vacancies therein are insufficient to permit both such reinstatements and employment of all those applying for employment under division (A) of this section, the persons having the greatest length of service, whether with the municipal or township fire department, shall be entitled to fill the vacancies as they occur.

A person employed under this section, upon acceptance into the municipal fire department, shall be given the rank of "firefighter" and entitled to full seniority credit for prior service in the township or joint township fire district. The person shall be entitled to the same salary, future benefits, vacations, earned time, sick leave, and other rights and privileges as the municipal fire department extends to other employees with the same amount of prior service. The person may take promotional examinations only after completion of one year of service with the municipal fire department and after meeting any applicable civil service requirements for such examination.

Compliance with this section is in lieu of compliance with section 124.42 of the Revised Code or any other requirements for original appointment to a municipal fire district.

Sec. 742.31. Each employee shall contribute an amount equal to ten per cent of the employee's salary to the Ohio police and fire pension fund. The contributions required under this section shall not be paid by an
employer on an employee's behalf, but may be treated as employer contributions for purposes of state and federal income tax deferred income provisions.

The amount shall be deducted by the employer from the employee's salary as defined in division (L) of section 742.01 of the Revised Code for each payroll period, irrespective of whether the minimum compensation provided by law for the employee is reduced thereby. Every employee shall be deemed to consent to the deductions, and payment to the employee less the deductions is a complete discharge and acquittance of all claims and demands for the services rendered by the employee during the period covered by such payment.

Sec. 742.63. The board of trustees of the Ohio police and fire pension fund shall adopt rules for the management of the Ohio public safety officers death benefit fund and for disbursements of benefits as set forth in this section.

(K) A surviving spouse whose benefit was terminated prior to June 30, 1999, due to remarriage shall receive a benefit under division (B), (D), or (F) of this section beginning on the first day of the month following receipt by the board of an application on a form provided by the board. The benefit amount shall be determined as of that date.

A benefit paid to a surviving spouse under division (D) of this section shall be determined in accordance with that division, even if benefits paid to surviving children are reduced as a result.

(2) If the benefit will begin on or after the deceased member's retirement eligibility date, it shall be paid under division (F) of this section and shall terminate as provided in that division. A benefit paid to a surviving spouse under division (F) of this section shall be determined in accordance with that division, even if benefits paid to surviving children are terminated as a result.

The superintendent of public instruction shall calculate the amounts payable to each school district and shall certify the amounts payable to each eligible district to the treasurer of the district as determined under this chapter. As soon as possible after such amounts are calculated, the superintendent shall certify to the treasurer of each school district the district's adjusted charge-off increase, as defined in section 5705.211 of the Revised Code. No moneys shall be distributed pursuant to this chapter without the approval of the controlling board.

The state board of education shall, in accordance with appropriations made by the general assembly, meet the financial obligations of this chapter.

Annually, the department of education shall calculate and report to each school district the district's adequacy amount utilizing the calculations in sections 3306.03 and 3306.13 of the Revised Code. The department shall calculate and report separately for each school district the district's total state and local funds for its students with disabilities, utilizing the calculations in sections 3306.05, 3306.11, and 3306.13 of the Revised Code. The department shall calculate and report separately for each school district the amount of funding calculated for each factor of the district's adequacy amount.

Not later than the thirty-first day of August of each fiscal year, the department of education shall provide to each school district a preliminary estimate of the amount of funding that the department calculates the district will receive under section 3306.13 of the Revised Code. Not later than the first day of December of each fiscal year, the department shall update that preliminary estimate.

Moneys distributed pursuant to this chapter shall be calculated and paid on a fiscal year basis, beginning with the first day of July and extending through the thirtieth day of June. Unless otherwise provided, the moneys appropriated for each fiscal year shall be distributed at least monthly to each school district. The state board shall submit a yearly distribution plan to the controlling board at its first meeting in July. The state board shall submit any proposed midyear revision of the plan to the controlling board in January. Any year-end revision of the plan shall be submitted to the

Payments shall be calculated to reflect the reporting of formula ADM. Annualized periodic payments for each school district shall be based on the district's final student counts verified by the superintendent of public instruction based on reports under section 3317.03 of the Revised Code, as adjusted, if so ordered, under division (K) of that section.

(A) Except as otherwise provided, payments under this chapter shall be made only to those school districts that comply with divisions (A)(1) to (3) of this section.

(2) Each city, exempted village, local, and joint vocational school district, during the school year next preceding the fiscal year for which payments are calculated under this chapter, shall meet the requirement of section 3313.48 or 3313.481 of the Revised Code, with regard to the minimum number of days or hours school must be open for instruction with pupils in attendance, for individualized parent-teacher conference and reporting periods, and for professional meetings of teachers. The superintendent of public instruction shall waive a number of days in accordance with section 3317.01 of the Revised Code on which it had been necessary for a school to be closed because of disease epidemic, hazardous weather conditions, inoperability of school buses or other equipment necessary to the school's operation, damage to a school building, or other temporary circumstances due to utility failure rendering the school building unfit for school use.

A school district shall not be considered to have failed to comply with this division or section 3313.481 of the Revised Code because schools were open for instruction but either twelfth grade students were excused from attendance for up to three days or only a portion of the kindergarten students
were in attendance for up to three days in order to allow for the gradual orientation to school of such students.

The superintendent of public instruction shall waive the requirements of this section with reference to the minimum number of days or hours a school must be open for instruction with pupils in attendance for the school year succeeding the school year in which a board of education initiates a plan of operation pursuant to section 3313.481 of the Revised Code. The minimum requirements of this section shall again be applicable to the district beginning with the school year commencing the second July succeeding the initiation of the plan, and for each school year thereafter.

A school district shall not be considered to have failed to comply with this division or section 3313.48 or 3313.481 of the Revised Code because schools were open for instruction but the length of the regularly scheduled learning day, for any number of days during the school year, was reduced by not more than two hours due to hazardous weather conditions.

(3) Each city, exempted village, local, and joint vocational school district shall have on file, and shall pay in accordance with, a teachers' salary schedule which complies with salaries based upon performance as required under section 3317.13 of the Revised Code.

(B) A school district board of education or educational service center governing board that has not conformed with other law, and the rules pursuant thereto, shall not participate in the distribution of funds authorized by this chapter, except for good and sufficient reason established to the satisfaction of the state board of education and the state controlling board.

(C) All funds allocated to school districts under this chapter, except those specifically allocated for other purposes, shall be used only to pay current operating expenses or for either of the following purposes:

(1) The modification or purchase of classroom space to provide all-day kindergarten as required by section 3321.05 of the Revised Code, provided the district certifies its shortage of space for providing all-day kindergarten to the department of education, in a manner specified by the department;

(2) The modification or purchase of classroom space to reduce class sizes in grades kindergarten through three to attain the goal of fifteen students per core teacher, provided the district certifies its need for additional classroom space to the department, in a manner specified by the department.

(D) On or before the last day of each month, the department of education shall certify to the director of budget and management for payment, for each county:

(1)(a) That portion of the allocation of money under section 3306.13 of
the Revised Code that is required to be paid in that month to each school
district located wholly within the county subsequent to the deductions
described in division (D)(1)(b) of this section;

(b) The amounts deducted from such allocation under sections 3307.31
and 3309.51 of the Revised Code for payment directly to the school
employees and state teachers retirement systems under such sections.

(2) If the district is located in more than one county, an apportionment
of the amounts that would otherwise be certified under division (D)(1) of
this section. The amounts apportioned to the county shall equal the amounts
certified under division (D)(1) of this section times the percentage of the
district's resident pupils who reside both in the district and in the county,
based on the average daily membership reported under division (A) of
section 3317.03 of the Revised Code in October of the prior fiscal year.

Sec. 3307.27. The contributions required under section 3307.26 of the
Revised Code shall not be made by an employer on a teacher's behalf, but
may be treated as paid by the employer in accordance with division (h) of
section 414 of the "Internal Revenue Code of 1986," 100 Stat. 2085, 26

Sec. 3307.77. (A) As used in this section, "employer" means the
employer employing a member of the state teachers retirement system at the
time the member commences an absence, or is granted a leave described in
this section.

(B) Any member of the state teachers retirement system participating in
the plan described in sections 3307.50 to 3307.79 of the Revised Code who
is, or has been, prevented from making contributions under section 3307.26
of the Revised Code because of an absence due to the member's own illness
or injury, or who is, or has been, granted a leave for educational,
professional, or other purposes pursuant to section 3319.13, 3319.131
3319.141, or 3345.28 of the Revised Code or for any other reason approved
by the state teachers retirement board, may purchase service credit, not to
exceed two years for each such period of absence or leave, either by having
deductions made in accordance with division (C) of this section or by
making the payment required by division (D) or (E) of this section.

(C) If the absence or leave begins and ends in the same year, the
member may purchase credit for the absence or leave by having the
employer deduct and transmit to the system from payrolls in that year
employee contributions on the amount certified by the employer as the
compensation the member would have received had the member remained
employed in the position held when the absence or leave commenced. The
deductions may be made even though the minimum compensation provided
by law for the member is reduced thereby, unless the amount to be deducted exceeds the compensation to be paid the member from the time deductions begin until the end of the year, in which case credit may not be purchased under this division. The employer shall pay the system the employer contributions on the compensation amount certified under this division. Employee and employer contributions shall be made at the rates in effect at the time the absence or leave occurred. If the employee or employer rates in effect change during the absence or leave, the contributions for each month of the absence or leave shall be made at the rate in effect for that month.

(D) During or following the absence or leave, but no later than two years following the last day of the year in which the absence or leave terminates, a member may purchase credit for the absence or leave by paying to the employer, and the employer transmitting to the system, employee contributions on the amount certified by the employer as the compensation the member would have received had the member remained employed in the position held when the absence or leave commenced. The employer shall pay the system the employer contributions on the compensation amount certified under this division. Employee and employer contributions shall be made at the rates in effect at the time the absence or leave occurred. If the employee or employer rates in effect change during the absence or leave, the contributions for each month of the absence or leave shall be made at the rate in effect for that month.

(E) After two years following the last day of the year in which an absence or leave terminated, a member may purchase credit for the absence or leave by paying the employer, and the employer transmitting to the system, the sum of the following for each year of credit purchased:

1. An amount determined by multiplying the employee rate of contribution in effect at the time the absence or leave commenced by the member's annual compensation for the member's last full year of service prior to the commencement of the absence or leave, or, if the member has not had a full year of service, the compensation the member would have received for the year the absence or leave commenced had the member continued in service for a full year;

2. Interest compounded annually, at a rate determined by the board, on the amount determined under division (E)(1) of this section for the period commencing two years following the last day of the year in which the absence or leave terminated and ending on the date of payment;

3. Interest compounded annually, at a rate determined by the board, on an amount equal to the employer's contribution required by this division for the period commencing two years following the last day of the year in which
the absence or leave terminated and ending on the date of payment.

The employer shall pay to the system for each year of credit purchased under this division an amount determined by multiplying the employer contribution rate in effect at the time the absence or leave commenced by the member's annual compensation for the member's last full year of service prior to the commencement of the absence or leave, or, if the member has not had a full year of service, the compensation the member would have received for the year the absence or leave commenced had the member continued in service for a full year.

(F) A member who chooses to purchase service credit under division (D) or (E) of this section may choose to purchase only part of the credit for which the member is eligible in any one payment, but payments made more than two years following the last day of the year in which the absence or leave terminated shall be made in accordance with division (E) of this section.

(G) The state teachers retirement board may adopt rules to implement this section.

Sec. 3309.47. Each school employees retirement system contributor shall contribute eight per cent of the contributor's compensation to the employees' savings fund, except that the school employees retirement board may raise the contribution rate to a rate not greater than ten per cent of compensation.

The contributions required under this section shall not be paid by an employer on a contributor's behalf, but may be treated as employer contributions for purposes of state and federal income tax deferred income provisions.

The contributions by the direction of the school employees retirement board shall be deducted by the employer from the compensation of each contributor on each payroll of such contributor for each payroll period and shall be an amount equal to the required per cent of such contributor's compensation. On a finding by the board that an employer has failed or refused to deduct contributions for any employee during any year and to transmit such amounts to the retirement system, the retirement board may make a determination of the amount of the delinquent contributions, including interest at a rate set by the retirement board, from the end of each year, and certify to the employer the amounts for collection. If the amount is not paid by the employer, it may be certified for collection in the same manner as payments due the employers' trust fund. Any amounts so collected shall be held in trust pending receipt of a report of contributions for the employee for the period involved as provided by law and, thereafter,
the amount in trust shall be transferred to the employee's savings fund to the credit of the employee. Any amount remaining after the transfer to the employees' savings fund shall be transferred to the employers' trust fund as a credit of the employer.

Any contributor under contract who, because of illness, accident, or other reason approved by the employer, is prevented from making the contributor's contribution to the system for any payroll period, may, upon returning to contributing service, have such deductions made from other payrolls during the year, or may pay such amount to the employer and the employer shall transmit such deductions to the system. The deductions shall be made notwithstanding that the minimum compensation for any contributor shall be reduced thereby. Every contributor shall be deemed to consent and agree to the contributions made and provided for in this section and shall receipt in full for the contributor's salary or compensation, and payment, less the contributions, is a full and complete discharge and acquittance of all claims and demands whatsoever for the services rendered by the person during the period covered by the payment.

Each contributor shall pay with the first payment to the employees' savings fund each year a sum to be determined by the board, as provided by law, which amount shall be credited to the expense fund. The payments for the expense fund shall be made to the board in the same way as payments to the employees' savings fund are made.

Additional deposits may be made to a member's account. At retirement, the amount deposited with interest may be used to provide additional annuity income. The additional deposits may be refunded to the member before retirement, and shall be refunded if the member withdraws the member's refundable amount. The deposits may be refunded to the beneficiary or estate if the member dies before retirement, and the board shall determine whether regular interest shall be credited to deposits thus refunded.

Sec. 3311.19. (A) The management and control of a joint vocational school district shall be vested in the joint vocational school district board of education. If agreement is obtained among a majority of the boards of education and governing boards that have a member serving on the joint vocational school district board of education and among a majority of the local school district boards of education included in the district and located within the territory of the educational service center whose board requests the substitution or addition, the state board of education may revise the joint vocational school district plan to conform with such agreement.

(C) If the board of education of any school district or educational service center governing board included within a joint vocational district that has had its board or governing board membership revised under division (B) of this section requests the joint vocational school district board to submit to the state board of education a revised plan under which one or more joint vocational board members chosen in accordance with a plan revised under such division would again be chosen in the manner prescribed by division (A) of this section, the joint vocational board shall submit the revised plan to the state board of education, provided the plan is agreed to by a majority of the boards of education represented on the joint vocational

(E) Where a governing board of an educational service center has been designated to serve as the joint vocational school district board of education, the educational service center superintendent shall be the executive officer for the joint vocational school district, and the governing board may provide for additional compensation to be paid to the educational service center superintendent by the joint vocational school district, but the educational service center superintendent shall have no continuing tenure other than that of educational service center superintendent. The superintendent of schools of a joint vocational school district shall exercise the duties and authority vested by law in a superintendent of schools pertaining to the operation of a school district and the employment and supervision of its personnel. The joint vocational school district board of education shall appoint a treasurer of the joint vocational school district who shall be the fiscal officer for such district and who shall have all the powers, duties, and authority vested by law in a treasurer of a board of education. Where a governing board of an educational service center has been designated to serve as the joint vocational school district board of education, such board may appoint the educational service center superintendent as the treasurer of the joint vocational school district.

(F) Each member of a joint vocational school district board of education may be paid such compensation as the board provides by resolution, but it shall not exceed one hundred twenty-five dollars per member for each meeting attended plus mileage, at the rate per mile provided by resolution of the board, to and from meetings of the board.

A governing board of an educational service center which chooses to act as the governing board of the educational service center pursuant to division (D) of section 135.01 of the Revised Code shall fix the compensation of its treasurer and pay its treasurer in the manner prescribed in the section for local, exempted village, and city school districts.

(B) The compensation of the treasurer may be increased or decreased during the treasurer’s term of office, provided any decrease is a part of a uniform plan affecting salaries of all employees of the district.

(C) The board may establish vacation leave for its treasurer in accordance with the general leave policy the board adopts pursuant to section 3319.141 of the Revised Code. Upon the treasurer’s separation from employment, the board may provide compensation at the treasurer’s current rate of pay for all lawfully accrued and unused vacation leave to the treasurer’s credit at the time of separation, not to exceed the amount accrued during the three years before the date of separation. In case of the death of a treasurer, unused vacation leave that the board would have paid to the treasurer upon separation shall be paid in accordance with section 2113.04 of the Revised Code or to the treasurer’s estate.

Sec. 3313.33. (A) Conveyances made by a board of education shall be executed by the president and treasurer thereof.

(B) Except as provided in division (C) of this section, no member of the board shall have, directly or indirectly, any pecuniary interest in any contract of the board or be employed in any manner for compensation by the board of which the person is a member. No contract shall be binding upon any board unless it is made or authorized at a regular or special meeting of such board.

(C) A member of the board may have a pecuniary interest in a contract of the board if all of the following apply:

(1) The member’s pecuniary interest in that contract is that the member is employed by a political subdivision, instrumentality, or agency of the
state that is contracting with the board;

(2) The member does not participate in any discussion or debate regarding the contract or vote on the contract;

(3) The member files with the school district treasurer an affidavit stating the member's exact employment status with the political subdivision, instrumentality, or agency contracting with the board.

(D) This section does not apply where a member of the board, being a shareholder of a corporation but not being an officer or director thereof, owns not in excess of five per cent of the stock of such corporation. If a stockholder desires to avail self of the exception, before entering upon such contract such person shall first file with the treasurer an affidavit stating the stockholder's exact status and connection with said corporation.

This section does not apply where a member of the board elects to be covered by a health care plan under division (C) of section 3313.202 of the Revised Code.

Sec. 3313.42. (A) When in the judgment of a board of education of any school district in this state, lying adjacent to a school district of another state, the best interests of the public schools can be promoted by purchasing school grounds, repairing or erecting a schoolhouse, and maintaining them jointly between the two adjacent school districts, the board of education of the school district of this state so situated may enter into an agreement with the school authorities of said adjacent school district for the purpose of purchasing school grounds, repairing or constructing a school building, purchasing school furniture, equipment, appliances, fuel, employing teachers, and maintaining a school. The board of education of this state may levy taxes and perform such other duties in maintaining such joint school as are otherwise provided by law for maintaining the public schools in this state.

In carrying out this section the school district shall pay such proportion of the cost of purchasing school grounds, repairing or erecting a building, and in maintaining the joint school as is equitable and just in the judgment of the board of education and trustees of the two adjacent school districts.

(B) In any school district that has entered into an agreement under division (A) of this section, the state minimum teacher salary requirements prescribed by section 3317.13 of the Revised Code do not apply if the total expenditures by the school district for teacher salaries in any school year equals or exceeds the total minimum expenditures that would have been required in that year if such minimum teacher salary requirements did apply.

(C) Notwithstanding sections 3319.01, 3319.02, and 3313.22 of the Revised Code, the board of education of a local school district that has
entered into an agreement with an adjacent school district in another state under division (A) of this section may contract with the educational service center within which the local school district is located for the service center to provide any administrative services specified in the agreement to the local school district and the adjacent district. If such an agreement provides for the duties of a district treasurer, superintendent, or principals to be performed by the service center, the local school district is not required to employ persons to perform such duties.

Sec. 3314.10. (A)(1) The governing authority of any community school established under this chapter may employ teachers and nonteaching employees necessary to carry out its mission and fulfill its contract.

(2) Except as provided under division (A)(3) of this section, employees hired under this section may organize and collectively bargain pursuant to Chapter 4117. of the Revised Code. Notwithstanding division (D)(1) of section 4117.06 of the Revised Code, a unit containing teaching and nonteaching employees employed under this section shall be considered an appropriate unit. As applicable, employment under this section is subject to either Chapter 3307. or 3309. of the Revised Code.

(3) If a school is created by converting all or part of an existing public school rather than by establishment of a new start-up school, at the time of conversion, the employees of the community school shall remain part of any collective bargaining unit in which they were included immediately prior to the conversion and shall remain subject to any collective bargaining agreement for that unit in effect on the first day of July of the year in which the community school initially begins operation and shall be subject to any subsequent collective bargaining agreement for that unit, unless a petition is certified as sufficient under division (A)(6)(5) of this section with regard to those employees or the governing authority of the community school submits a statement to the state employment relations board under division (A)(3) of this section. Any new employees of the community school shall also be included in the unit to which they would have been assigned had not the conversion taken place and shall be subject to the collective bargaining agreement for that unit unless a petition is certified as sufficient under division (A)(6)(5) of this section with regard to those employees or the governing authority of the community school submits a statement to the state employment relations board under division (A)(3) of this section.

Notwithstanding division (B) of section 4117.01 of the Revised Code, the board of education of a school district and not the governing authority of a community school shall be regarded, for purposes of Chapter 4117. of the Revised Code, as the "public employer" of the employees of a conversion
community school subject to a collective bargaining agreement pursuant to division (A)(3)(2) of this section unless a petition is certified under division (A)(6) of this section with regard to those employees. Only on and after the effective date of a petition certified as sufficient under division (A)(6) of this section shall division (A)(2) of this section apply to those employees of that community school and only on and after the effective date of that petition shall Chapter 4117. of the Revised Code apply to the governing authority of that community school with regard to those employees.

(4)(3) Notwithstanding sections 4117.03 to 4117.18 of the Revised Code and Section 4 of Amended Substitute Senate Bill No. 133 of the 115th general assembly, the employees of a conversion community school who are subject to a collective bargaining agreement pursuant to division (A)(3)(2) of this section shall cease to be subject to that agreement and all subsequent agreements pursuant to that division and shall cease to be part of the collective bargaining unit that is subject to that and all subsequent agreements, if a majority of the employees of the governing authority of that community school who are subject to that collective bargaining agreement sign and submit a petition requesting all of the following:

(a) That all the employees of the community school who are subject to that agreement be removed from the bargaining unit that is subject to that agreement and be designated by the state employment relations board as a new and separate bargaining unit for purposes of Chapter 4117. of the Revised Code;

(b) That the employee organization certified as the exclusive representative of the employees of the bargaining unit from which the employees are to be removed be certified as the exclusive representative of the new and separate bargaining unit for purposes of Chapter 4117. of the Revised Code;

(c) That the governing authority of the community school be regarded as the "public employer" of these employees for purposes of Chapter 4117. of the Revised Code.

(5)(4) Notwithstanding sections 4117.03 to 4117.18 of the Revised Code and Section 4 of Amended Substitute Senate Bill No. 133 of the 115th general assembly, the employees of a conversion community school who are subject to a collective bargaining agreement pursuant to division (A)(3)(2) of this section shall cease to be subject to that agreement and all subsequent agreements pursuant to that division, shall cease to be part of the collective bargaining unit that is subject to that and all subsequent agreements, and shall cease to be represented by any exclusive representative of that
collective bargaining unit, if a majority of the employees of the community school who are subject to that collective bargaining agreement sign and submit to the state employment relations board a petition requesting all of the following:

(a) That all the employees of the community school who are subject to that agreement be removed from the bargaining unit that is subject to that agreement;

(b) That any employee organization certified as the exclusive representative of the employees of that bargaining unit be decertified as the exclusive representative of the employees of the community school who are subject to that agreement;

(c) That the governing authority of the community school be regarded as the "public employer" of these employees for purposes of Chapter 4117. of the Revised Code.

(B)(5) Upon receipt of a petition under division (A)(4) or (5) of this section, the state employment relations board shall check the sufficiency of the signatures on the petition. If the signatures are found sufficient, the board shall certify the sufficiency of the petition and so notify the parties involved, including the board of education, the governing authority of the community school, and any exclusive representative of the bargaining unit. The changes requested in a certified petition shall take effect on the first day of the month immediately following the date on which the sufficiency of the petition is certified under division (A)(6)(5) of this section.

(B)(1) The board of education of each city, local, and exempted village school district sponsoring a community school and the governing board of each educational service center in which a community school is located shall adopt a policy that provides a leave of absence of at least three years to each teacher or nonteaching employee of the district or service center who is employed by a conversion or new start-up community school sponsored by the district or located in the district or center for the period during which the teacher or employee is continuously employed by the community school. The policy shall also provide that any teacher or nonteaching employee may return to employment by the district or service center if the teacher or employee leaves or is discharged from employment with the community school for any reason, unless, in the case of a teacher, the board of the district or service center determines that the teacher was discharged for a reason for which the board would have sought to discharge the teacher under section 3319.16 of the Revised Code, in which case the board may proceed to discharge the teacher utilizing the procedures of that section. Upon termination of such a leave of absence, any seniority that is applicable
to the person shall be calculated to include all of the following: all employment by the district or service center prior to the leave of absence; all employment by the community school during the leave of absence; and all employment by the district or service center after the leave of absence. The policy shall also provide that if any teacher holding valid certification returns to employment by the district or service center upon termination of such a leave of absence, the teacher shall be restored to the previous position and salary or to a position and salary similar thereto. If, as a result of teachers returning to employment upon termination of such leaves of absence, a school district or educational service center reduces the number of teachers it employs, it shall make such reductions in accordance with section 3319.17 or, if applicable, 3319.171 of the Revised Code.

Unless a collective bargaining agreement providing otherwise is in effect for an employee of a conversion community school pursuant to division (A)(3)(2) of this section, an employee on a leave of absence pursuant to this division shall remain eligible for any benefits that are in addition to benefits under Chapter 3307. or 3309. of the Revised Code provided by the district or service center to its employees provided the employee pays the entire cost associated with such benefits, except that personal leave and vacation leave cannot be accrued for use as an employee of a school district or service center while in the employ of a community school unless the district or service center board adopts a policy expressly permitting this accrual.

(2) While on a leave of absence pursuant to division (B)(1) of this section, a conversion community school shall permit a teacher to use sick leave accrued while in the employ of the school district from which the leave of absence was taken and prior to commencing such leave. If a teacher who is on such a leave of absence uses sick leave so accrued, the cost of any salary paid by the community school to the teacher for that time shall be reported to the department of education. The cost of employing a substitute teacher for that time shall be paid by the community school. The department of education shall add amounts to the payments made to a community school under this chapter as necessary to cover the cost of salary reported by a community school as paid to a teacher using sick leave so accrued pursuant to this section. The department shall subtract the amounts of any payments made to community schools under this division from payments made to such sponsoring school district under Chapters 3306. and 3317. of the Revised Code.

A school district providing a leave of absence and employee benefits to a person pursuant to this division is not liable for any action of that person
while the person is on such leave and employed by a community school.

Sec. 3316.07. (A) A school district financial planning and supervision commission has the following powers, duties, and functions:

1. To review or to assume responsibility for the development of all tax budgets, tax levy and bond and note resolutions, appropriation measures, and certificates of estimated resources of the school district in order to ensure that such are consistent with the financial recovery plan and a balanced appropriation budget for the current fiscal year, and to request and review any supporting information upon which the financial recovery plan and balanced appropriation budget may be developed and based, and to determine whether revenue estimates and estimates of expenditures and appropriations will result in a balanced budget;

2. To inspect and secure copies of any document, resolution, or instrument pertaining to the effective financial accounting and reporting system, debt obligations, debt limits, financial recovery plan, balanced appropriation budgets, appropriation measures, report of audit, statement or invoice, or other worksheet or record of the school district;

3. To inspect and secure copies of any document, instrument, certification, records of proceedings, or other worksheet or records of the county budget commission, county auditor, or other official or employee of the school district or of any other political subdivision or agency of government of the state;

4. To review, revise, and approve determinations and certifications affecting the school district made by the county budget commission or county auditor pursuant to Chapter 5705. of the Revised Code to ensure that such determinations and certifications are consistent with the laws of the state;

5. To bring civil actions, including mandamus, to enforce this chapter;

6. After consultation with the officials of the school district and the auditor of state, to implement or require implementation of any necessary or appropriate steps to bring the books of account, accounting systems, and financial procedures and reports of the school district into compliance with requirements prescribed by the auditor of state, and to assume responsibility for achieving such compliance and for making any desirable modifications and supplementary systems and procedures pertinent to the school district;

7. To assist or provide assistance to the school district or to assume the total responsibility for the structuring or the terms of, and the placement for sale of, debt obligations of the school district;

8. To perform all other powers, duties, and functions as provided under this chapter;
(9) To make and enter into all contracts and agreements necessary or incidental to the performance of its duties and the exercise of its powers under this chapter;

(10) To consult with officials of the school district and make recommendations or assume the responsibility for implementing cost reductions and revenue increases to achieve balanced budgets and carry out the financial recovery plan in accordance with this chapter;

(11) To make reductions in force to bring the school district's budget into balance, notwithstanding section 3319.081 and divisions (A) and (B) of section 3319.17 of the Revised Code, notwithstanding any provision of a policy adopted under section 3319.171 of the Revised Code, and notwithstanding any provision to the contrary in section 4117.08 or 4117.10 of the Revised Code or in any collective bargaining agreement entered into on or after November 21, 1997.

In making reductions in force, the commission shall first consider reasonable reductions among the administrative and non-teaching nonteaching employees of the school district giving due regard to ensuring the district's ability to maintain the personnel, programs, and services essential to the provision of an adequate educational program.

In making these reductions in non-teaching nonteaching employees in districts where Chapter 124. of the Revised Code controls such reductions, the reductions shall be made in accordance with sections 124.321 to 124.327 of the Revised Code. In making these reductions in non-teaching nonteaching employees in districts where Chapter 124. of the Revised Code does not control these reductions, within each category of non-teaching nonteaching employees, the commission shall give preference to those employees with continuing contracts or non-probationary status and who have greater seniority. In making these reductions in nonteaching employees, the commission shall not use seniority as the only factor in determining dismissals.

If revenues and expenditures cannot be balanced by reasonable reductions in administrative and non-teaching nonteaching employees, the commission may also make reasonable reductions in the number of teaching contracts. If the commission finds it necessary to suspend teaching contracts, it shall suspend them in accordance with division (C) of section 3319.17 of the Revised Code but shall consider a reduction in non-classroom teachers before classroom teachers.

(B) During the fiscal emergency period, the commission shall, in addition to other powers:

(1) With respect to the appropriation measure in effect at the
commencement of the fiscal emergency period of the school district if that period commenced more than three months prior to the end of the current fiscal year, and otherwise with respect to the appropriation measure for the next fiscal year:

(a) Review and determine the adequacy of all revenues to meet all expenditures for such fiscal year;

(b) Review and determine the extent of any deficiency of revenues to meet such expenditures;

(c) Require the school district board or superintendent to provide justification documents to substantiate, to the extent and in the manner considered necessary, any item of revenue or appropriation;

(d) Not later than sixty days after taking office or after receiving the appropriation measure for the next fiscal year, issue a public report regarding its review pursuant to division (B)(1) of this section.

(2) Require the school district board, by resolution, to establish monthly levels of expenditures and encumbrances consistent with the financial recovery plan and the commission's review pursuant to divisions (B)(1)(a) and (b) of this section, or establish such levels itself. If the commission permits the district board to make expenditures, the commission shall monitor the monthly levels of expenditures and encumbrances and require justification documents to substantiate any departure from any approved level. No district board shall make any expenditure apart from the approved level without the written approval of the commission.

(C) In making any determination pursuant to division (B) of this section, the commission may rely on any information considered in its judgment reliable or material and shall not be restricted by any tax budget or certificate or any other document the school district may have adopted or received from any other governmental agency.

(D) County, state, and school district officers or employees shall assist the commission diligently and promptly in the prosecution of its duties, including the furnishing of any materials, including justification documents, required.

(E) Annually on or before the first day of April during the fiscal emergency period, the commission shall make reports and recommendations to the speaker of the house of representatives and the president of the senate concerning progress of the school district to eliminate fiscal emergency conditions, failures of the school district to comply with this chapter, and recommendations for further actions to attain the objectives of this chapter, including any legislative action needed to make provisions of law more effective for their purposes, or to enhance revenue raising or financing
capabilities of school districts. The commission may make such interim reports as it considers appropriate for such purposes and shall make such additional reports as may be requested by either house of the general assembly.

Sec. 3317.01. As used in this section and section 3317.011 of the Revised Code, "school district," unless otherwise specified, means any city, local, exempted village, joint vocational, or cooperative education school district and any educational service center.

This chapter shall be administered by the state board of education. The superintendent of public instruction shall calculate the amounts payable to each school district and shall certify the amounts payable to each eligible district to the treasurer of the district as provided by this chapter. As soon as possible after such amounts are calculated, the superintendent shall certify to the treasurer of each school district the district's adjusted charge-off increase, as defined in section 5705.211 of the Revised Code. No moneys shall be distributed pursuant to this chapter without the approval of the controlling board.

The state board of education shall, in accordance with appropriations made by the general assembly, meet the financial obligations of this chapter.

Moneys distributed pursuant to this chapter shall be calculated and paid on a fiscal year basis, beginning with the first day of July and extending through the thirtieth day of June. The moneys appropriated for each fiscal year shall be distributed periodically to each school district unless otherwise provided for. The state board shall submit a yearly distribution plan to the controlling board at its first meeting in July. The state board shall submit any proposed midyear revision of the plan to the controlling board in January. Any year-end revision of the plan shall be submitted to the controlling board in June. If moneys appropriated for each fiscal year are distributed other than monthly, such distribution shall be on the same basis for each school district.

Except as otherwise provided, payments under this chapter shall be made only to those school districts in which:

(A) The school district, except for any educational service center and any joint vocational or cooperative education school district, levies for current operating expenses at least twenty mills. Levies for joint vocational or cooperative education school districts or county school financing districts, limited to or to the extent apportioned to current expenses, shall be included in this qualification requirement. School district income tax levies under Chapter 5748. of the Revised Code, limited to or to the extent apportioned to current operating expenses, shall be included in this
qualification requirement to the extent determined by the tax commissioner under division (D) of section 3317.021 of the Revised Code.

(B) The school year next preceding the fiscal year for which such payments are authorized meets the requirement of section 3313.48 or 3313.481 of the Revised Code, with regard to the minimum number of days or hours school must be open for instruction with pupils in attendance, for individualized parent-teacher conference and reporting periods, and for professional meetings of teachers. This requirement shall be waived by the superintendent of public instruction if it had been necessary for a school to be closed because of disease epidemic, hazardous weather conditions, inoperability of school buses or other equipment necessary to the school's operation, damage to a school building, or other temporary circumstances due to utility failure rendering the school building unfit for school use, provided that for those school districts operating pursuant to section 3313.48 of the Revised Code the number of days the school was actually open for instruction with pupils in attendance and for individualized parent-teacher conference and reporting periods is not less than one hundred seventy-five, or for those school districts operating on a trimester plan the number of days the school was actually open for instruction with pupils in attendance not less than seventy-nine days in any trimester, for those school districts operating on a quarterly plan the number of days the school was actually open for instruction with pupils in attendance not less than fifty-nine days in any quarter, or for those school districts operating on a pentamester plan the number of days the school was actually open for instruction with pupils in attendance not less than forty-four days in any pentamester. However, for fiscal year 2012, the superintendent shall waive two fewer such days for the 2010-2011 school year.

A school district shall not be considered to have failed to comply with this division or section 3313.481 of the Revised Code because schools were open for instruction but either twelfth grade students were excused from attendance for up to three days or only a portion of the kindergarten students were in attendance for up to three days in order to allow for the gradual orientation to school of such students.

The superintendent of public instruction shall waive the requirements of this section with reference to the minimum number of days or hours school must be in session with pupils in attendance for the school year succeeding the school year in which a board of education initiates a plan of operation pursuant to section 3313.481 of the Revised Code. The minimum requirements of this section shall again be applicable to such a district beginning with the school year commencing the second July succeeding the
initiation of one such plan, and for each school year thereafter.

A school district shall not be considered to have failed to comply with this division or section 3313.48 or 3313.481 of the Revised Code because schools were open for instruction but the length of the regularly scheduled school day, for any number of days during the school year, was reduced by not more than two hours due to hazardous weather conditions.

(C) The school district has on file, and is paying in accordance with, a teachers' salary schedule which complies with salaries based upon performance as required under section 3317.13 of the Revised Code.

A board of education or governing board of an educational service center which has not conformed with other law and the rules pursuant thereto, shall not participate in the distribution of funds authorized by sections 3317.022 to 3317.0211, 3317.11, 3317.16, 3317.17, and 3317.19 of the Revised Code, except for good and sufficient reason established to the satisfaction of the state board of education and the state controlling board.

All funds allocated to school districts under this chapter, except those specifically allocated for other purposes, shall be used to pay current operating expenses only.

Sec. 3317.018. (A) The department of education shall make no calculations or payments under Chapter 3317. of the Revised Code for any fiscal year except as prescribed in this section.

(B) School districts shall report student enrollment data as prescribed by section 3317.03 of the Revised Code, which data the department shall use to make payments under Chapters 3306. and 3317. of the Revised Code.

(C) The tax commissioner shall report data regarding tax valuation and receipts for school districts as prescribed by sections 3317.015, 3317.021, 3317.025, 3317.026, 3317.027, 3317.028, 3317.0210, 3317.0211, and 3317.08 and by division (M) of section 3317.02 of the Revised Code, which data the department shall use to make payments under Chapters 3306. and 3317. of the Revised Code.

(D) Unless otherwise specified by another provision of law, in addition to the payments prescribed by Chapter 3306. of the Revised Code, the department shall continue to make payments to or adjustments for school districts in fiscal years after fiscal year 2009 under the following provisions of Chapter 3317. of the Revised Code:

1) The catastrophic cost reimbursement under division (C)(3) of section 3317.022 of the Revised Code. No other payments shall be made under that section.

2) All payments or adjustments under section 3317.023 of the Revised Code, except no payments or adjustments shall be made under divisions (B),
(C), and (D) of that section.

(3) All payments or adjustments under section 3317.024 of the Revised Code, except no payments or adjustments shall be made under divisions (F), (L), and (N) of that section.

(4) All payments and adjustments under sections 3317.025, 3317.026, 3317.027, 3317.028, 3317.0210, and 3317.0211 of the Revised Code;

(5) Payments under section 3317.04 of the Revised Code;

(6) Unit payments under sections 3317.05, 3317.051, 3317.052, and 3317.053 of the Revised Code, except that no units for gifted funding are authorized after fiscal year 2009.

(7) Payments under sections 3317.06, 3317.063, and 3317.064 of the Revised Code;

(8) Payments under section 3317.07 of the Revised Code;

(9) Payments to educational service centers under section 3317.11 of the Revised Code;

(10) The catastrophic cost reimbursement under division (E) of section 3317.16 of the Revised Code and excess cost reimbursements under division (G) of that section. No other payments shall be made under that section;

(11) Payments under section 3317.17 of the Revised Code;

(12) Adjustments under section 3317.18 of the Revised Code;

(13) Payments to cooperative education school districts under section 3317.19 of the Revised Code;

(14) Payments to county MR/DD boards under section 3317.20 of the Revised Code;

(15) Payments to state institutions for weighted special education funding under section 3317.201 of the Revised Code.

(E) Sections 3317.016 and 3317.017 shall not apply to fiscal years after fiscal year 2009.

(F) This section does not affect the provisions of sections 3317.031, 3317.032, 3317.033, 3317.035, 3317.061, 3317.08, 3317.081, 3317.082, 3317.09, 3317.12, 3317.13, 3317.14, 3317.15, 3317.50, 3317.51, 3317.62, 3317.63, and 3317.64 of the Revised Code.

Sec. 3317.11. (A) As used in this section:

(1) "Client school district" means a city or exempted village school district that has entered into an agreement under section 3313.843 of the Revised Code to receive any services from an educational service center.

(2) "Service center ADM" means the sum of the total student counts of all local school districts within an educational service center's territory and all of the service center's client school districts.

(3) "STEM school" means a science, technology, engineering, and
mathematics school established under Chapter 3326. of the Revised Code.

(4) "Total student count" has the same meaning as in section 3301.011 of the Revised Code.

(B)(1) The governing board of each educational service center shall provide supervisory services to each local school district within the service center's territory. Each city or exempted village school district that enters into an agreement under section 3313.843 of the Revised Code for a governing board to provide any services also is considered to be provided supervisory services by the governing board. Except as provided in division (B)(2) of this section, the supervisory services shall not exceed one supervisory teacher for the first fifty classroom teachers required to be employed in the districts, as calculated under section 3317.023 of the Revised Code, and one for each additional one hundred required classroom teachers, as so calculated.

The supervisory services shall be financed annually through supervisory units. Except as provided in division (B)(2) of this section, the number of supervisory units assigned to each district shall not exceed one unit for the first fifty classroom teachers required to be employed in the district, as calculated under section 3317.023 of the Revised Code, and one for each additional one hundred required classroom teachers, as so calculated. The cost of each supervisory unit shall be the sum of:

(a) The minimum performance-based salary prescribed by section 3317.13 of the Revised Code for the licensed supervisory employee of the governing board;

(c) An allowance for necessary travel expenses, limited to the lesser of two hundred twenty-three dollars and sixteen cents per month or two thousand six hundred seventy-eight dollars per year.

(2) If a majority of the boards of education, or superintendents acting on behalf of the boards, of the local and client school districts receiving services from the educational service center agree to receive additional supervisory services and to pay the cost of a corresponding number of supervisory units in excess of the services and units specified in division (B)(1) of this section, the service center shall provide the additional services as agreed to by the majority of districts to, and the department of education shall apportion the cost of the corresponding number of additional supervisory units pursuant to division (B)(3) of this section among, all of the service center's local and client school districts.

However, if a board fails to provide evaluations pursuant to division (D)(2)(c)(i) or (ii) of this section, or if the board fails to provide at the request of the employee a meeting as prescribed in division (D)(4) of this section, the employee automatically shall be reemployed at the same salary plus any increments that may be authorized by the board for a period of one year, except that if the employee has been employed by the district or service center as an assistant superintendent, principal, assistant principal, or other administrator for three years or more, the period of reemployment shall be for two years.

(F) A board may establish vacation leave for any individuals employed under this section in accordance with the general leave policy the board adopts pursuant to section 3319.141 of the Revised Code. Upon such an individual's separation from employment, a board that has such leave may compensate such an individual at the individual's current rate of pay for all lawfully accrued and unused vacation leave credited at the time of separation, not to exceed the amount accrued within three years before the date of separation. In case of the death of an individual employed under this section, such unused vacation leave as the board would have paid to the individual upon separation under this section shall be paid in accordance with section 2113.04 of the Revised Code, or to the estate.

The internal auditor shall be directly responsible to the board for the performance of all duties outlined in the contract. If the board does not provide such notice by that date, the internal auditor
shall be deemed reemployed for a term of one year at the same salary plus any increments that may be authorized by the board. Termination of an internal auditor's contract shall be pursuant to section 3319.16 of the Revised Code.  

(C) Each board that employs an internal auditor shall adopt procedures for the evaluation of the internal auditor and shall evaluate the internal auditor in accordance with those procedures. The evaluation based upon the procedures shall be considered by the board in deciding whether to renew the internal auditor's contract of employment. The establishment of an evaluation procedure shall not create an expectancy of continued employment. Nothing in this section shall prevent the board from making the final determination regarding the renewal or nonrenewal of the contract of an internal auditor.

The board of each school district or service center that authorizes compensation in addition to the base salary stated in the teachers' salary schedule for the performance of duties by a teacher that are in addition to the teacher's regular teaching duties, shall enter into a supplemental written contract with each teacher who is to perform additional duties. Such supplemental written contracts shall be limited contracts. Such written contracts and supplemental written contracts shall set forth the teacher's duties and shall specify the salaries and compensation to be paid for regular teaching duties and additional teaching duties, respectively, either or both of which may be increased but not diminished during the term for which the contract is made, except as provided in section 3319.12 of the Revised Code.

If a board adopts a motion or resolution to employ a teacher under a limited or continuing contract and the teacher accepts such employment, the failure of such parties to execute a written contract shall not void such employment contract.

(B) Teachers must be paid for all time lost when the schools in which they are employed are closed due to an epidemic or other public calamity, and for time lost due to illness or otherwise for not less than five days annually as authorized by regulations which each board shall adopt.

(C) A limited contract is:

(C) "Continuing service status" for a teacher means employment under a continuing contract.

Sec. 3319.10. Teachers employed as substitutes on a casual or day-to-day basis shall not be entitled to the notice of nonre-employment prescribed in section
3319.11 of the Revised Code, but boards of education may grant such teachers sick leave and other local privileges in accordance with the general leave policy the board adopts pursuant to section 3319.141 of the Revised Code and cumulate such service in determining seniority.

For purposes of determining in any school year the days of service of a substitute teacher under this section, any teacher's days of service in that school year while conditionally employed as a substitute teacher under section 3319.101 of the Revised Code shall count as days of service as a substitute teacher under this section.

Notwithstanding any provision to the contrary in Chapter 4117. of the Revised Code, the requirements of this paragraph prevail over any conflicting provisions of a collective bargaining agreement entered into on or after the effective date of this amendment.

(1) Upon the recommendation of the superintendent that a teacher eligible for continuing service status be reemployed, a continuing contract shall be entered into between the board and the teacher unless the board by a three-fourths vote of its full membership rejects the recommendation of the superintendent. If the board rejects by a three-fourths vote of its full membership the recommendation of the superintendent that a teacher eligible for continuing service status be reemployed and the superintendent
makes no recommendation to the board pursuant to division (C) of this
section, the board may declare its intention not to reemploy the teacher by
giving the teacher written notice on or before the thirtieth day of April of its

under an extended limited contract for a term not to exceed one year at the
same salary plus any increment provided by the salary schedule. The teacher
is presumed to have accepted employment under the extended limited
contract for a term not to exceed one year unless such teacher notifies the

extended limited contract for a term not to exceed one year shall be executed
accordingly. Upon any subsequent reemployment of a teacher only a
continuing contract may be entered into.

limited contract for a term not to exceed two years, provided that written
notice of the superintendent's intention to make such recommendation has
been given to the teacher with reasons directed at the professional improvement of the teacher on or before the thirtieth day of April. Upon subsequent reemployment of the teacher only a continuing contract may be entered into.

(2) If a board of education takes affirmative action on a superintendent's recommendation, made pursuant to division (C)(1) of this section, of an extended limited contract for a term not to exceed two years but the board does not give the teacher written notice of its affirmative action on the superintendent's recommendation of an extended limited contract on or before the thirtieth day of April, the teacher is deemed reemployed under a continuing contract at the same salary plus any increment provided by the salary schedule. The teacher is presumed to have accepted employment under such continuing contract unless such teacher notifies the board in writing to the contrary on or before the first day of June, and a continuing contract shall be executed accordingly.

(3) A board shall not reject a superintendent's recommendation, made pursuant to division (C)(1) of this section, of an extended limited contract for a term not to exceed two years except by a three-fourths vote of its full membership. If a board rejects by a three-fourths vote of its full membership the recommendation of the superintendent of an extended limited contract for a term not to exceed two years, the board may declare its intention not to reemploy the teacher by giving the teacher written notice on or before the thirtieth day of April of its intention not to reemploy the teacher. If evaluation procedures have not been complied with pursuant to division (A) of section 3319.111 of the Revised Code or if the board does not give the teacher written notice on or before the thirtieth day of April of its intention not to reemploy the teacher, the teacher is deemed reemployed under an extended limited contract for a term not to exceed one year at the same salary plus any increment provided by the salary schedule. The teacher is presumed to have accepted employment under the extended limited contract for a term not to exceed one year unless such teacher notifies the board in writing to the contrary on or before the first day of June, and an extended limited contract for a term not to exceed one year shall be executed accordingly. (D) A teacher eligible for continuing contract status employed under an extended limited contract pursuant to division (B) or (C) of this section, is,
at the expiration of such extended limited contract, deemed reemployed under a continuing contract at the same salary plus any increment granted by the salary schedule, unless evaluation procedures have been complied with pursuant to division (A) of section 3319.111 of the Revised Code and the employing board, acting on the superintendent's recommendation that the teacher not be reemployed, gives the teacher written notice on or before the thirtieth day of April of its intention not to reemploy such teacher. A teacher who does not have evaluation procedures applied in compliance with division (A) of section 3319.111 of the Revised Code or who does not receive notice on or before the thirtieth day of April of the intention of the board not to reemploy such teacher is presumed to have accepted employment under a continuing contract unless such teacher notifies the board in writing to the contrary on or before the first day of June, and a continuing contract shall be executed accordingly.

Any teacher receiving a written notice of the intention of a board not to reemploy such teacher pursuant to this division is entitled to the hearing provisions of division (G) of this section.

(E) A The board shall enter into a limited contract may be entered into by each board with each teacher who has not been in the employ of the board for at least three years and shall be entered into, regardless of length of previous employment, with each teacher employed by the board who is not eligible to be considered for a continuing contract.

Any teacher employed under a limited contract, and not eligible to be considered for a continuing contract, is, at the expiration of such limited contract, deemed reemployed under the provisions of this division at the same salary plus any increment provided by the salary schedule unless evaluation procedures have been complied with pursuant to division (A) of section 3319.111 of the Revised Code and the employing board, acting upon the superintendent's written recommendation that the teacher not be reemployed, gives such teacher written notice of its intention not to reemploy such teacher on or before the thirtieth day of April. A teacher who does not have evaluation procedures applied in compliance with division (A) of section 3319.111 of the Revised Code or who does not receive notice of the intention of the board not to reemploy such teacher on or before the thirtieth day of April is presumed to have accepted such employment unless such teacher notifies the board in writing to the contrary on or before the first day of June, and a written contract for the succeeding school year shall be executed accordingly.

Any teacher receiving a written notice of the intention of a board not to reemploy such teacher pursuant to this division is entitled to the hearing
provisions of division (G) of this section.

(F) The failure of a superintendent to make a recommendation to the board under any of the conditions set forth in divisions (B) to (E) of this section, or the failure of the board to give such teacher a written notice pursuant to divisions (C) to (E) of this section shall not prejudice or prevent a teacher from being deemed reemployed under either a limited or continuing contract as the case may be under the provisions of this section. A failure of the parties to execute a written contract shall not void any automatic reemployment provisions of this section.

(G)(1) Any teacher receiving written notice of the intention of a board of education not to reemploy such teacher pursuant to division (B), (C)(3), (D), or (E) of this section may, within ten days of the date of receipt of the notice, file with the treasurer of the board a written demand for a written statement describing the circumstances that led to the board's intention not to reemploy the teacher.

(3) Any teacher receiving a written statement describing the circumstances that led to the board's intention not to reemploy the teacher pursuant to division (G)(2) of this section may, within five days of the date of receipt of the statement, file with the treasurer of the board a written demand for a hearing before the board pursuant to divisions (G)(4) to (6) of this section.

(4) The treasurer of a board, on behalf of the board, shall, within ten days of the date of receipt of a written demand for a hearing pursuant to division (G)(3) of this section, provide to the teacher a written notice setting forth the time, date, and place of the hearing. Otherwise, the determination whether to reemploy or not reemploy a teacher is solely a board's determination and not a proper subject of judicial review and, except as provided in this division, no decision of a board whether to reemploy or not reemploy a teacher shall be invalidated by the court on any basis, including that the decision was not warranted by the results of any evaluation or was not warranted by any statement given pursuant to division (G)(2) of this section.

No appeal of an order of a board may be made except as specified in this division.

(E) The board, its members, and any person conducting an evaluation on behalf of the board in good faith and in accordance with this section shall be immune from any civil liability that otherwise might be incurred or imposed for injury, death, or loss to person or property as a result of conducting the evaluation.

(F) Notwithstanding any provision to the contrary in Chapter 4117. of the Revised Code, the requirements of this section prevail over any conflicting provisions of a collective bargaining agreement entered into on or after the effective date of this section.

(G) This section does not apply to teachers, superintendents and administrators subject to evaluation procedures under sections 3319.01 and 3319.02 of the Revised Code or to any teacher employed as a substitute for less than one hundred twenty days during a school year pursuant to section 3319.10 of the Revised Code.

Sec. 3319.112. (A) Not later than April 30, 2012, the superintendent of public instruction shall develop and submit to the state board of education recommendations for a framework for the evaluation of teachers. The framework shall require at least fifty per cent of each evaluation to be based on measures of student academic growth specified by the department of education. When applicable to a teacher, those measures shall include student performance on the assessments prescribed under sections 3301.0710 and 3301.0712 of the Revised Code and the value-added progress dimension prescribed by section 3302.021 of the Revised Code.

The framework shall require each evaluation to consider the following additional factors, but it shall not designate the weight of any factor or prescribe a specific method of assessing any factor:
(1) Quality of instructional practice, which may be determined by announced and unannounced classroom observations and examinations of samples of work, such as lesson plans or assessments designed by the teacher;

(2) Communication and professionalism, including how well the teacher interacts with students, parents, other school employees, and members of the community;

(3) Parent and student satisfaction, which may be measured by surveys, questionnaires, or other forms of soliciting feedback.

(B) Not later than April 30, 2012, the superintendent of public instruction shall develop and submit to the state board recommendations for a framework for the evaluation of principals. The framework shall require at least fifty per cent of each evaluation to be based on measures of student academic growth specified by the department. When applicable to the grade levels served by a principal's building, those measures shall include student performance on the assessments prescribed under sections 3301.0710 and 3301.0712 of the Revised Code and the value-added progress dimension prescribed by section 3302.021 of the Revised Code. The framework for the evaluation of principals shall be based on principles comparable to the framework for the evaluation of teachers developed under division (A) of this section, but shall be tailored to the duties and responsibilities of principals and the environment in which principals work.

(C) The state board shall review the recommendations submitted under divisions (A) and (B) of this section at the board's next regular meeting after the recommendations are submitted to the board. At that meeting, the state board shall vote either to adopt the recommended frameworks for evaluations or to request that the superintendent of public instruction reconsider the recommendations. The state board shall articulate reasons for requesting reconsideration of the recommendations, but shall not direct the content of the recommendations. The state superintendent shall reconsider the recommendations if the state board so requests, may revise the recommendations, and shall resubmit the recommendations, whether revised or not, to the board not later than two weeks prior to the board's next regular meeting at which the board requested reconsideration of the recommendations. The state board shall review the recommendations as resubmitted at the board's next regular meeting after the meeting at which the board requested reconsideration of the recommendations and shall adopt the recommended frameworks for evaluations as resubmitted or, if the resubmitted frameworks have not addressed the board's concerns, the board shall modify the frameworks prior to adopting them. The state board shall...
adopt the recommended or modified frameworks not later than July 1, 2012.

(D) To assist school districts in developing evaluation policies under sections 3319.02 and 3319.111 of the Revised Code, the department shall do both of the following:

absence for a period of not more than two consecutive school years in
accordance with the general leave policy the board adopts pursuant to
section 3319.141 of the Revised Code for educational, professional, or other
purposes, and shall grant such leave in accordance with the board's general
leave policy where illness or other disability is the reason for the request.
Upon subsequent request, such leave may be renewed by the board in
accordance with the board's general leave policy. Without request, a board
may grant similar leave of absence and renewals thereof in accordance with
the board's general leave policy to any teacher or regular nonteaching school
employee because of physical or mental disability, but such teacher may
have a hearing on such unrequested leave of absence or its renewals in
accordance with section 3319.16 of the Revised Code, and such nonteaching
school employee may have a hearing on such unrequested leave of absence
or its renewals in accordance with division (C) of section 3319.081 of the
Revised Code. Upon the return to service of a teacher or a nonteaching
school employee at the expiration of a leave of absence, the teacher or
nonteaching school employee shall resume the contract status that the
teacher or nonteaching school employee held prior to the leave of absence.

or a certified nurse-midwife. Any written documentation of the physical
examination shall be completed by the individual who conducted the
examination. Such contract status shall be resumed at the first of the school
semester or the beginning of the school year following return from the
uniformed services. For purposes of this section and section 3319.14 of the
Revised Code, "uniformed services" and "service in the uniformed services"
have the same meanings as defined in section 5923.05 of the Revised Code.

Upon the return of a nonteaching school employee from a leave of
absence, the board may terminate the employment of a person hired
exclusively for the purpose of replacing the returning employee while the
returning employee was on leave. If, after the return of a nonteaching
employee from leave, the person employed exclusively for the purpose of
replacing an employee while the employee was on leave is continued in
employment as a regular nonteaching school employee or if the person is
hired by the board as a regular nonteaching school employee within a year
after employment as a replacement is terminated, the person shall, for
purposes of section 3319.081 of the Revised Code, receive credit for the
person's length of service with the school district during such replacement
period in the following manner:

(A) If employed as a replacement for less than twelve months, the
person shall be employed under a contract valid for a period equal to twelve
months less the number of months employed as a replacement. At the end of
such contract period, if the person is reemployed it shall be under a two-year
contract. Subsequent reemployment shall be pursuant to division (B) of
section 3319.081 of the Revised Code.

(B) If employed as a replacement for twelve months or more but less
than twenty-four months, the person shall be employed under a contract
valid for a period equal to twenty-four months less the number of months
employed as a replacement. Subsequent reemployment shall be pursuant to
division (B) of section 3319.081 of the Revised Code.

(C) If employed as a replacement for more than twenty-four months, the
person shall be employed pursuant to division (B) of section 3319.081 of the
Revised Code.

For purposes of this section, employment during any part of a month
shall count as employment during the entire month.

Sec. 3319.14. Any teacher who has left, or leaves, a teaching position,
by resignation or otherwise, and within forty school days thereafter entered,
or enters, the uniformed services and whose service is terminated in a
manner other than as described in section 4304 of Title 38 of the United
States Code, "Uniformed Services Employment and Reemployment Rights

Upon such application, the teacher shall be reemployed at the first of the next school semester, if the application is made not less than thirty days prior to the first of the next school semester, in which case the teacher shall be reemployed the first of the following school semester, unless the board of education waives the requirement for the thirty-day period.

For the purposes of seniority and placement on the salary schedule, years of absence performing service in the uniformed services shall be counted as though teaching service had been performed during such time.

The board of education of the district in which such teacher was employed and is reemployed under this section may suspend the contract of the teacher whose services become unnecessary by reason of the return of a teacher from service in the uniformed services in accordance with section 3319.17 or 3319.171 of the Revised Code.

Unused sick leave shall be cumulative up to one hundred twenty work days, unless more than one hundred twenty days are approved by the employing board of education. The board shall include all of the following in the policy:

(1) The types of leave an employee may use;
(2) The reasons for which an employee may use the types of leave the board grants under the policy;
(3) The amount of each type of leave an employee may receive;

(7) The manner in which a teacher or nonteaching school employee who transfers from one public agency to another shall will be credited with the unused balance of his the teacher's or nonteaching employee's accumulated sick leave up to the maximum of the sick leave accumulation permitted in the public agency to which the employee transfers. Teachers:

(B) Each board of education may establish regulations for the entitlement, crediting and use of sick leave by those substitute teachers employed by such board pursuant to section 3319.10 of the Revised Code who are not otherwise entitled to sick leave pursuant to such section. A

(C) An employee of the board may use leave in accordance with the leave policy the board adopts and upon approval of the responsible administrative officer.

(D) A board of education shall, in its policy, may require a teacher or nonteaching school employee to furnish a written, signed statement on forms prescribed by such board to justify the use of any sick leave granted under the policy. If medical attention is required, the employee's statement shall list the name and address of the attending physician and the dates when he was consulted. Nothing in this section shall be construed to waive the physician-patient privilege provided by section 2317.02 of the Revised Code. Falsification. If the board, in the policy, requires the employee to submit a statement from a physician, falsification of a statement is grounds for suspension or termination of employment under sections 3319.081 and 3319.16 of the Revised Code. No

adopted by a board of education pursuant to section 3319.08 of the Revised Code shall not be charged against sick leave earned or earnable under this section. Nothing in this section shall be construed to affect in any other way the granting of leave pursuant to section 3319.08 of the Revised Code and any granting of sick leave pursuant to such section shall be charged against sick leave accumulated pursuant to this section.

(F) This section shall not be construed to interfere with any unused sick leave credit in any agency of government where attendance records are maintained and credit has been given for unused sick leave. Unused sick leave accumulated by teachers and nonteaching school employees under section 124.38 of the Revised Code, as that section existed immediately prior to the effective date of this amendment, shall continue to be credited toward the maximum accumulation permitted under a policy adopted in accordance with this section. Each newly hired regular nonteaching and each regular nonteaching employee of any board of education who has exhausted his accumulated sick leave shall be entitled to an advancement of not less than five days of sick leave each year, as authorized by rules which each board shall adopt, to be charged against the sick leave he subsequently accumulates under this section.

(G) This section shall be uniformly administered.

The board shall post the policy adopted under this section in a conspicuous location on the web site maintained by the board. The board shall review the policy on an annual basis and shall post any changes to that policy in a conspicuous location on the web site maintained by the board.

Nothing in this section shall be construed as preventing a board and an exclusive representative, as defined in section 4117.01 of the Revised Code, from agreeing to apply the policy adopted by the board under this section to employees covered by a collective bargaining agreement between the board and the exclusive representative.

Sec. 3319.17. (A) As used in this section, "interdistrict contract" means any contract or agreement entered into by an educational service center governing board and another board or other public entity pursuant to section 3313.17, 3313.841, 3313.842, 3313.843, 3313.844, 3313.845, 3313.91, or 3323.08 of the Revised Code, including any such contract or agreement for the provision of services funded under division (I) of section 3317.024 of the Revised Code or provided in any unit approved under section 3317.05 of the Revised Code.

(B) When, for any of the following reasons that apply to any city, exempted village, local, or joint vocational school district or any educational service center, the board decides that it will be necessary to reduce the
number of teachers it employs, it may make a reasonable reduction:

1. In the case of any district or service center, return to duty of regular teachers after leaves of absence including leaves provided pursuant to division (B) of section 3314.10 of the Revised Code, suspension of schools, territorial changes affecting the district or center, or financial reasons;

2. In the case of any city, exempted village, local, or joint vocational school district, decreased enrollment of pupils in the district;

3. In the case of any governing board of a service center providing any particular service directly to pupils pursuant to one or more interdistrict contracts requiring such service, reduction in the total number of pupils the governing board is required to provide with the service under all interdistrict contracts as a result of the termination or nonrenewal of one or more of these interdistrict contracts;

4. In the case of any governing board providing any particular service that it does not provide directly to pupils pursuant to one or more interdistrict contracts requiring such service, reduction in the total level of the service the governing board is required to provide under all interdistrict contracts as a result of the termination or nonrenewal of one or more of these interdistrict contracts.

(C) In making any such reduction, any city, exempted village, local, or joint vocational school board shall proceed to suspend contracts in accordance with the recommendation of the superintendent who shall, within each teaching field affected, give preference first to teachers on continuing contracts and then to teachers who have greater seniority. In making any such reduction, any governing board of a service center shall proceed to suspend contracts in accordance with the recommendation of the superintendent who shall, within each teaching field or service area affected, give preference first to teachers on continuing contracts and then to teachers who have greater seniority. Subject first to the preference for teachers with continuing contracts prescribed in this paragraph, the board shall consider the relative quality of performance the principal factor in determining the order of reductions under this section. A board shall measure a teacher’s quality of performance by considering all of the following:

1. The level of license issued under section 3319.22 of the Revised Code that the teacher holds;

2. Whether the teacher is a "highly qualified teacher" as defined in section 3319.074 of the Revised Code;

3. The value-added measure the board uses to determine the performance of the students assigned to the teacher's classroom;

4. The results of the teacher's performance evaluation conducted under
section 3319.111 of the Revised Code or any peer review program created by an agreement entered into by a board of education and representatives of teachers employed by that board;

(5) Any other criteria established by the board.

On a case-by-case basis, in lieu of suspending a contract in whole, a board may suspend a contract in part, so that an individual is required to work a percentage of the time the employee otherwise is required to work under the contract and receives a commensurate percentage of the full compensation the employee otherwise would receive under the contract.

The teachers whose continuing contracts are suspended by any board pursuant to this section shall have the right of restoration to continuing service status by that board in the order of seniority of service in the district or service center if and when teaching positions become vacant or are created for which any of such teachers are or become qualified. No teacher whose continuing contract has been suspended pursuant to this section shall lose that right of restoration to continuing service status by reason of having declined recall to a position that is less than full-time or, if the teacher was not employed full-time just prior to suspension of the teacher's continuing contract, to a position requiring a lesser percentage of full-time employment than the position the teacher last held while employed in the district or service center.

(D) Notwithstanding any provision to the contrary in Chapter 4117. of the Revised Code, the requirements of this section, as it existed prior to the effective date of this amendment, prevail over any conflicting provisions of agreements between employee organizations and public employers entered into after between September 29, 2005, and that effective date.

Sec. 3319.172. The board of education of each school district wherein the provisions of Chapter 124. of the Revised Code do not apply and the governing board of each educational service center may adopt a resolution ordering reasonable reductions in the number of nonteaching employees for any of the reasons for which the board of education or governing board may make reductions in teaching employees, as set forth in division (B) of section 3319.17 of the Revised Code.

In making any reduction under this section, the board of education or governing board shall proceed to suspend contracts in accordance with the recommendation of the superintendent of the district or service center who shall, within each pay classification affected, give preference first to employees under continuing contracts in order of seniority and then to employees in order of seniority. On the subject first to the preference for employees with continuing contracts prescribed in this paragraph, the board shall consider the relative
quality of performance, as measured by the board, the principal factor in determining the order of reductions under this section.

On a case-by-case basis, in lieu of suspending a contract in whole, a board may suspend a contract in part, so that an individual is required to work a percentage of the time the employee otherwise is required to work under the contract and receives a commensurate percentage of the full compensation the employee otherwise would receive under the contract.

Any nonteaching employee whose continuing contract is suspended under this section shall have the right of restoration to continuing service status by the board of education or governing board that suspended that contract in order of seniority of service in the district or service center, if and when a nonteaching position for which the employee is qualified becomes vacant or is created. No nonteaching employee whose continuing contract has been suspended under this section shall lose that right of restoration to continuing service status by reason of having declined recall to a position requiring fewer regularly scheduled hours of work than required by the position the employee last held while employed in the district or service center.

Notwithstanding any provision to the contrary in Chapter 4117. of the Revised Code, the requirements of this section, as it existed prior to the effective date of this amendment, prevail over any conflicting provisions of agreements between employee organizations and public employers entered into after the effective date of this section between September 29, 2005, and that effective date.

Sec. 3319.18. If an entire school district or that part of a school district which comprises the territory in which a school is situated is transferred to any other district, or if a new school district is created, the teachers in such districts or schools employed on continuing contracts immediately prior to such transfer, or creation shall, subject to section 3319.17 or 3319.171 of the Revised Code, have continuing service status in the newly created district, or in the district to which the territory is transferred.

The limited contracts of the teachers employed in such districts or schools immediately prior to such transfer, or creation, shall become the legal obligations of the board of education in the newly created district, or in the district to which the territory is transferred, subject to section 3319.17 or 3319.171 of the Revised Code. The teaching experience of such teachers in such prior districts or schools shall be included in the three years of service required under section 3319.11 of the Revised Code for a teacher to become eligible for continuing service status.

Teachers A teacher employed on limited or continuing contracts in an
entire school district or that part of a school district which comprises the territory in which a school is situated which is transferred to any other district or which is merged with other school territory to create a new school district, shall be placed on the effective date of such transfer or merger, on the salary schedule of the district to which the territory is transferred or the newly created district, according to their training and experience. Such experience shall be the total sum of the years taught in the district whose territory was transferred or merged to create a new district, plus the total number of years of teaching experience recognized by such previous district upon its first employment of such teachers based upon performance as described in section 3317.13 of the Revised Code.

The placement of the teachers on the salary schedule, paid to a teacher pursuant to this section, shall not result, however, in the salary of any teacher being less than the teacher's current annual salary for regular duties, in existence immediately prior to the merger or transfer.

In making any reduction in the number of teachers under section 3319.17 of the Revised Code by reason of the transfer or consolidation of school territory, the years of teaching service of the teachers employed in the district or schools transferred to any other district or merged with any school territory to create a new district, shall be included as a part of the seniority on which the recommendation of the superintendent of schools shall be based, under section 3319.17 of the Revised Code. Such service shall have been continuous and shall include years of service in the previous district as well as the years of continuous service in any district which had been previously transferred to or consolidated to form such district. When suspending contracts in accordance with an administrative personnel suspension policy adopted under section 3319.171 of the Revised Code, a board may consider years of teaching service in its decision if it is a part of the suspension policy, but it shall not be the only factor used in making the decision.

Sec. 3319.61. (A) The educator standards board, in consultation with the chancellor of the Ohio board of regents, shall do all of the following:

1) Develop state standards for teachers and principals that reflect what teachers and principals are expected to know and be able to do at all stages of their careers. These standards shall be aligned with the statewide academic content standards for students adopted pursuant to section 3301.079 of the Revised Code, be primarily based on educator performance instead of years of experience or certain courses completed, and rely on evidence-based factors. These standards shall also be aligned with the operating standards adopted under division (D)(3) of section 3301.07 of the
Revised Code.

(a) The standards for teachers shall reflect the following additional criteria:
   (i) Alignment with the interstate new teacher assessment and support consortium standards;
   (ii) Differentiation among novice, experienced, and advanced teachers;
   (iii) Reliance on competencies that can be measured;
   (iv) Reliance on content knowledge, teaching skills, discipline-specific teaching methods, and requirements for professional development;
   (v) Alignment with a career-long system of professional development and evaluation that ensures teachers receive the support and training needed to achieve the teaching standards as well as reliable feedback about how well they meet the standards;
   (vi) The standards under section 3301.079 of the Revised Code, including standards on collaborative learning environments and interdisciplinary, project-based, real-world learning and differentiated instruction;
   (vii) The Ohio leadership framework.

(b) The standards for principals shall be aligned with the interstate school leaders licensing consortium standards.

(2) Develop standards for school district superintendents that reflect what superintendents are expected to know and be able to do at all stages of their careers. The standards shall reflect knowledge of systems theory and effective management principles and be aligned with the buckeye association of school administrators standards and the operating standards developed under division (D)(3) of section 3301.07 of the Revised Code.

(3) Develop standards for school district treasurers and business managers that reflect what treasurers and business managers are expected to know and be able to do at all stages of their careers. The standards shall reflect knowledge of systems theory and effective management principles and be aligned with the association of school business officials international standards and the operating standards developed under division (D)(3) of section 3301.07 of the Revised Code.

(4) Develop standards for the renewal of licenses under sections 3301.074 and 3319.22 of the Revised Code;

(5) Develop standards for educator professional development;

(6) Investigate and make recommendations for the creation, expansion, and implementation of school building and school district leadership academies.

The superintendent of public instruction, the chancellor of the Ohio
board of regents, or the education standards board itself may request that the educator standards board update, review, or reconsider any standards developed under this section.

(B) The educator standards board shall incorporate indicators of cultural competency into the standards developed under division (A) of this section. For this purpose, the educator standards board shall develop a definition of cultural competency based upon content and experiences that enable educators to know, understand, and appreciate the students, families, and communities that they serve and skills for addressing cultural diversity in ways that respond equitably and appropriately to the cultural needs of individual students.

(C) In developing the standards under division (A) of this section, the educator standards board shall consider the impact of the standards on closing the achievement gap between students of different subgroups.

(D) In developing the standards under division (A) of this section, the educator standards board shall ensure both of the following:

1. That teachers have sufficient knowledge to provide appropriate instruction for students identified as gifted pursuant to Chapter 3324. of the Revised Code and to assist in the identification of such students, and have sufficient knowledge that will enable teachers to provide learning opportunities for all children to succeed;

2. That principals, superintendents, school treasurers, and school business managers have sufficient knowledge to provide principled, collaborative, foresighted, and data-based leadership that will provide learning opportunities for all children to succeed.

(E) The standards for educator professional development developed under division (A)(5) of this section shall include the following:

1. Standards for the inclusion of local professional development committees established under section 3319.22 of the Revised Code in the planning and design of professional development;

2. Standards that address the crucial link between academic achievement and mental health issues.

(F) The educator standards board shall also perform the following functions:

1. Monitor compliance with the standards developed under division (A) of this section and make recommendations to the state board of education for appropriate corrective action if such standards are not met;

2. Research, develop, and recommend policies on the professions of teaching and school administration;

3. Recommend policies to close the achievement gap between students
of different subgroups;

(4) Define a "master teacher" in a manner that can be used uniformly by all school districts;

(5) Adopt criteria that a candidate for a lead professional educator license under section 3319.22 of the Revised Code who does not hold a valid certificate issued by the national board for professional teaching standards must meet to be considered a lead teacher for purposes of division (B)(4)(d) of that section. It is the intent of the general assembly that the educator standards board shall adopt multiple, equal-weighted criteria to use in determining whether a person is a lead teacher. The criteria shall be in addition to the other standards and qualifications prescribed in division (B)(4) of section 3319.22 of the Revised Code. The criteria may include, but shall not be limited to, completion of educational levels beyond a master's degree or other professional development courses or demonstration of a leadership role in the teacher's school building or district. The board shall determine the number of criteria that a teacher shall satisfy to be recognized as a lead teacher, which shall not be the total number of criteria adopted by the board.

(6) Develop model teacher and principal evaluation instruments and processes. The models shall be based on the standards developed under division (A) of this section;

(7) Develop a method of measuring the academic improvement made by individual students during a one-year period and make recommendations for incorporating the measurement as one of multiple evaluation criteria into each of the following:

(a) Eligibility for a professional educator license, senior professional educator license, lead professional educator license, or principal license issued under section 3319.22 of the Revised Code;

(b) The Ohio teacher residency program established under section 3319.223 of the Revised Code;

(c) The model teacher and principal evaluation instruments and processes developed under division (F)(6) of this section and the frameworks for the evaluation of teachers and principals adopted by the state board of education under section 3319.112 of the Revised Code;

(G) The educator standards board shall submit recommendations of standards developed under division (A) of this section to the state board of education not later than September 1, 2010. The state board of education shall review those recommendations at the state board's regular meeting that next succeeds the date that the recommendations are submitted to the state board. At that meeting, the state board of education shall vote to either adopt
standards based on those recommendations or request that the educator standards board reconsider its recommendations. The state board of education shall articulate reasons for requesting reconsideration of the recommendations but shall not direct the content of the recommendations. except as provided in section 3314.10 of the Revised Code.
(C) Except as provided in division (D) of this section, nothing in Chapter 4117. of the Revised Code prohibits public employers from electing to engage in collective bargaining, to meet and confer, to hold discussions, or to engage in any other form of collective negotiations with public employees who are not subject to Chapter 4117. of the Revised Code pursuant to division (C) of section 4117.01 of the Revised Code.

(D) A public employer shall not engage in collective bargaining or other forms of collective negotiations with the employees of county boards of elections referred to in division (C)(12) of section 4117.01 of the Revised Code.

(E) Employees of public schools may bargain collectively for health care benefits; however, all health care benefits shall include best practices prescribed by the school employees health care board, in accordance with section 9.901 of the Revised Code.

Sec. 4117.05. (A) An employee organization becomes the exclusive representative of all the public employees in an appropriate unit for the purposes of collective bargaining by either:

(1) Being certified by the state employment relations board when a majority of the voting employees in the unit select the employee organization as their representative in a board-conducted election under section 4117.07 of the Revised Code;

(2) Filing a request with a public employer with a copy to the state employment relations board for recognition as an exclusive representative. In the request for recognition, the employee organization shall describe the bargaining unit, shall allege that a majority of the employees in the bargaining unit wish to be represented by the employee organization, and shall support the request with substantial evidence based on, and in accordance with, rules prescribed by the board demonstrating that a majority of the employees in the bargaining unit wish to be represented by the employee organization. Immediately upon receipt of a request, the public employer shall either request an election under division (A)(2) of section 4117.07 of the Revised Code, or take the following action:

(a) Post notice in each facility at which employees in the proposed unit are employed, setting forth the description of the bargaining unit, the name of the employee organization requesting recognition, and the date of the request for recognition, and advising employees that objections to certification must be filed with the state employment relations board not later than the twenty-first [thirtieth] day following the date of the request for recognition;

(b) Immediately notify the state employment relations board of the
request for recognition.

The state employment relations board shall certify the employee organization filing the request for recognition on the twenty-second day following the filing of the request for recognition and proposed bargaining unit on the thirty-first day following the filing of the request for recognition, unless by the twenty-first thirtieth day following the filing of the request for recognition it receives:

(i) A petition for an election from the public employer pursuant to division (A)(2) of section 4117.07 of the Revised Code;

(ii) Substantial evidence based on, and in accordance with, rules prescribed by the board demonstrating that a majority of the employees in the described bargaining unit do not wish to be represented by the employee organization filing the request for recognition;

(iii) Substantial evidence based on, and in accordance with, rules prescribed by the board from another employee organization demonstrating that at least ten per cent of the employees in the described bargaining unit wish to be represented by such other employee organization; or

(iv) Substantial evidence based on, and in accordance with, rules prescribed by the board indicating that the proposed unit is not an appropriate unit pursuant to section 4117.06 of the Revised Code.

(B) Nothing in this section shall be construed to permit a public employer to recognize, or the state employment relations board to certify, an employee organization as an exclusive representative under Chapter 4117. of the Revised Code if there is in effect a lawful written agreement, contract, or memorandum of understanding between the public employer and another employee organization which, on the effective date of this section amendment, has been recognized by a public employer as the exclusive representative of the employees in a unit or which by tradition, custom, practice, election, or negotiation has been the only employee organization representing all employees in the unit; this restriction does not apply to that period of time covered by any agreement which exceeds three years. For the purposes of this section, extensions of agreement do not affect the expiration of the original agreement.

(C) Another employee organization, employees currently represented by the employee organization, or the public employer of the public employees may file a petition for decertification with the board that is supported by substantial evidence, based on and in accordance with rules adopted by the board, demonstrating that at least thirty per cent of the employees in the described bargaining unit support the petition. The petition may be submitted at any time subsequent to one hundred twenty days prior to the
expiration of the collective bargaining agreement.

(D) Nonexclusive or deemed certified recognition previously granted through an agreement or memorandum of understanding shall not preclude the board from doing any of the following:

1. Determining an appropriate unit;
2. If necessary, removing classifications from a bargaining unit under an existing nonexclusive contract, agreement, or memorandum of understanding;
3. Holding an election to determine an exclusive representative for all those employees deemed a part of the appropriate unit.

Sec. 4117.06. (A) The state employment relations board shall decide in each case the unit most appropriate for the purposes of collective bargaining. The determination is final and conclusive and not appealable to the court.

(B) The board shall determine the appropriateness of each bargaining unit and shall consider among other relevant factors: the desires of the employees; the community of interest; wages, hours, and other working conditions of the public employees; the effect of over-fragmentation; the efficiency of operations of the public employer; the administrative structure of the public employer; and the history of collective bargaining.

(C) The board may determine a unit to be the appropriate unit in a particular case, even though some other unit might also be appropriate.

(D) In addition, in determining the appropriate unit, the board shall not:

1. Decide that any unit is appropriate if the unit includes both professional and nonprofessional employees, unless a majority of the professional employees and a majority of the nonprofessional employees first vote for inclusion in the unit;
2. Include guards or correction officers at correctional or mental institutions, special police officers appointed in accordance with sections 5119.14 and 5123.13 of the Revised Code, psychiatric attendants employed at mental health forensic facilities, youth leaders employed at juvenile correction facilities, or any public employee employed as a guard to enforce against other employees rules to protect property of the employer or to protect the safety of persons on the employer's premises in a unit with other employees;
3. Include members of a police or fire department or members of the state highway patrol in a unit with other classifications of public employees of the department;
4. Designate as appropriate a bargaining unit that contains more than one institution of higher education; nor shall it within any such institution of
higher education designate as appropriate a unit where such designation would be inconsistent with the accreditation standards or interpretations of such standards, governing such institution of higher education or any department, school, or college thereof. For the purposes of this division, any branch or regional campus of a public institution of higher education is part of that institution of higher education.

(5) Designate as appropriate a bargaining unit that contains employees within the jurisdiction of more than one elected county office holder, unless the county-elected office holder and the board of county commissioners agree to such other designation;

(6) With respect to members of a police department, designate as appropriate a unit that includes rank and file members of the department with members who are of the rank of sergeant or above, or with respect to members of a fire department, designate as appropriate a unit that includes rank and file members of the department with members who are of the rank of lieutenant or above;

(7) Except as otherwise provided by division (A)(3) of section 3314.10 or division (B) of section 3326.18 of the Revised Code, designate as appropriate a bargaining unit that contains employees from multiple community schools established under Chapter 3314. or multiple science, technology, engineering, and mathematics schools established under Chapter 3326. of the Revised Code. For purposes of this division, more than one unit may be designated within a single community school or science, technology, engineering, and mathematics school.

This section shall not be deemed to prohibit multiunit bargaining.

Any bargaining unit of a fire department that does not conform to division (C)(6) of this section on the effective date of this amendment shall cease to be an appropriate unit upon the expiration of the collective bargaining agreement covering that unit that is in effect on the effective date of this amendment or three years after the effective date of this amendment, whichever is earlier. Thereafter, the board shall designate the appropriate unit for the fire department in accordance with division (C)(6) of this section.

Sec. 4117.07. (A) When a petition is filed, in accordance with rules prescribed by the state employment relations board:

(1) By any employee or group of employees, or any individual or employee organization acting in their behalf, alleging that at least thirty per cent of the employees in an appropriate unit wish to be represented for collective bargaining by an exclusive representative, or asserting that the designated exclusive representative is no longer the representative of the
majority of employees in the unit, the board shall investigate the petition, and if it has reasonable cause to believe that a question of representation exists, provide for an appropriate hearing upon due notice to the parties;

(2) By the employer alleging that one or more employee organizations has presented to it a claim to be recognized as the exclusive representative in an appropriate unit, the board shall investigate the petition, and if it has reasonable cause to believe that a question of representation exists, provide for an appropriate hearing upon due notice to the parties.

If the board finds upon the record of a hearing that a question of representation exists, it shall direct an election and certify the results thereof. No one may vote in an election by proxy. The board shall not certify any exclusive representative without an election in any case in which the public employer has filed a petition for election in accordance with division (A) of this section, except the board may also certify an employee organization as an exclusive representative if it determines that a free and untrammelled election cannot be conducted because of the employer's unfair labor practices and that at one time the employee organization had the support of the majority of the employees in the unit.

(B) Only the names of those employee organizations designated by more than ten per cent of the employees in the unit found to be appropriate may be placed on the ballot. Nothing in this section shall be construed to prohibit the waiving of hearings by stipulation, in conformity with the rules of the board, for the purpose of a consent election.

(C) The board shall conduct representation elections by secret ballot cast, at the board's discretion, by mail or electronically or in person, and at times and places selected by the board subject to the following:

(1) The board shall give no less than ten days' notice of the time and place of an election;

(2) The board shall establish rules concerning the conduct of any election including, but not limited to, rules to guarantee the secrecy of the ballot;

(3) The board may not certify a representative unless the representative receives a majority of the valid ballots cast;

(4) Except as provided in this section, the board shall include on the ballot a choice of "no representative";

(5) In an election where none of the choices on the ballot receives a majority, the board shall conduct a runoff election. In that case, the ballot shall provide for a selection between the two choices or parties receiving the highest and the second highest number of ballots cast in the election.

(6) The board may not conduct an election under this section in any
appropriate bargaining unit within which a board-conducted election was held in the preceding twelve-month period, nor during the term of any lawful collective bargaining agreement between a public employer and an exclusive representative that was entered into before the effective date of this section.

Petitions for elections may be filed with the board no sooner than one hundred twenty days or later than ninety days before the expiration date of any collective bargaining agreement, or after the expiration date, until the public employer and exclusive representative enter into a new written agreement.

No collective bargaining agreement entered into on or after the effective date of this amendment shall bar the conduct of an election or certification pursuant to a petition that is timely filed in accordance with this section.

For the purposes of this section, extensions of agreements do not affect the expiration date of the original agreement.

Sec. 4117.08. (A) All matters pertaining to wages, hours, and terms and other conditions of employment and the continuation, modification, or deletion of an existing provision of a collective bargaining agreement are subject to collective bargaining between the public employer and the exclusive representative, except as otherwise specified in this section and division (E) of section 4117.03 4117.081 of the Revised Code. Any existing provision of a collective bargaining agreement that was modified, renewed, or extended from a prior collective bargaining agreement that does not concern wages, hours, and terms and conditions shall not be a mandatory subject of collective bargaining and shall not be subject to any impasse procedure without the mutual agreement of both the public employer and exclusive representative. The inclusion of a provision in a previous collective bargaining agreement shall not be used as a basis for the provision being determined to concern wages, hours, and terms and conditions.

(B) The following subjects are not appropriate subjects for collective bargaining:

(1) The conduct and grading of civil service examinations, the rating of candidates, the establishment of eligible lists from the examinations, and the original appointments from the eligible lists are not appropriate subjects for collective bargaining;

(2) Health care benefits, except that, subject to division (E) of this section, the amount of the cost of those benefits for which a public employer and the public employees of the public employer pays is an appropriate subject of collective bargaining;

(3) The payment of a contribution by a public employer to the public
employees retirement system, the Ohio police and fire pension fund, the
state teachers retirement system, the state highway patrol retirement system,
or the school employees retirement system on behalf of an employee,
contributor, or teacher, as applicable, that the employee, contributor, or
teacher otherwise is required to pay;

(4) The privatization of a public employer's services or contracting out
of the public employer's work;

(5) The number of employees required to be on duty or employed in any
department, division, or facility of a public employer.

(C) Unless a public employer specifically agrees otherwise in an express
written provision of a collective bargaining agreement, nothing in Chapter
4117. of the Revised Code impairs the right and responsibility of each
public employer to:

(1) Determine matters of inherent managerial policy which include, but
are not limited to areas of discretion or policy such as the functions and
programs of the public employer, standards of services, its overall budget,
utilization of technology, and organizational structure;

(2) Direct, supervise, evaluate, or hire employees;

(3) Maintain and improve the efficiency and effectiveness of
governmental operations;

(4) Determine the overall methods, process, means, or personnel by
which governmental operations are to be conducted;

(5) Suspend, discipline, demote, or discharge for just cause, or lay off,
transfer, assign, schedule, promote, or retain employees;

(6) Determine the adequacy of the work force;

(7) Determine the overall mission of the employer as a unit of
government;

(8) Effectively manage the work force;

(9) Take actions to carry out the mission of the public employer as a
governmental unit Hire, discharge, transfer, suspend, or discipline
employees;

(2) Determine the number of persons required to be employed or laid
off;

(3) Determine the qualifications of employees;

(4) Determine the starting and quitting time and the number of hours to
be worked by its employees;

(5) Make any and all reasonable rules and regulations;

(6) Determine the work assignments of its employees;

(7) Determine the basis for selection, retention, and promotion of
employees:
(8) Determine the type of equipment used and the sequence of work processes, except as provided in division (F) of this section;

(9) Determine the making of technological alterations by revising either process or equipment or both, except as provided in division (F) of this section;

(10) Determine work standards and the quality and quantity of work to be produced;

(11) Select and locate buildings and other facilities;

(12) Establish, expand, transfer, or consolidate work processes and facilities;

(13) Transfer or subcontract work;

(14) Consolidate, merge, or otherwise transfer any or all of its facilities, property processes, or work with or to any other municipal corporation or entity or effect or change in any respect the legal status, management, or responsibility of such property, facilities, processes, or work;

(15) Terminate or eliminate all or any part of its work or facilities.

The employer is not required to bargain on subjects reserved to the management and direction of the governmental unit except as affect wages, hours, terms and conditions of employment, and the continuation, modification, or deletion of an existing provision of a collective bargaining agreement. A public employee or exclusive representative may raise a legitimate complaint or file a grievance based only on the violation of the express written provisions of a collective bargaining agreement.

(D) During negotiations between a public employer and an exclusive representative, the parties shall consider, for purposes of determining the ability of the public employer to pay for any terms agreed to during collective bargaining, only the financial status of the public employer at the time period surrounding the negotiations. When determining whether the employer can pay for those terms, the parties shall consider the employer's inability to pay. The parties shall not consider either of the following when determining the ability of the public employer to pay for those terms:

(1) Any potential future increase in the income of the public employer that would only be possible by the employer raising revenue, including, but not limited to, passing a levy or a bond issue;

(2) The employer's ability to sell assets.

(E) The provision of health care benefits for which the employer is required to pay more than eighty-five per cent of the cost is not an appropriate subject for collective bargaining. No public employer shall agree to a provision that requires the public employer to pay more than eighty-five per cent of the cost paid for health care benefits.
(F) Notwithstanding division (C) of this section, equipment issues directly related to personal safety are subject to collective bargaining.

Sec. 4117.081. (A) This section applies only to school districts, educational service centers, certain conversion community schools established under Chapter 3314. of the Revised Code, and STEM schools established under Chapter 3326. of the Revised Code.

(B) No public employer to which this section applies shall enter into a collective bargaining agreement on or after the effective date of this section that does any of the following:

1. Requires the public employer to employ a minimum number of total personnel or any category of personnel;
2. Restricts the authority of the public employer or a district or service center superintendent to assign personnel to school buildings or restricts the authority of a building principal to designate the responsibilities and workloads of personnel assigned to the building;
3. Establishes a maximum number of students who may be assigned to a classroom or teacher;
4. Prohibits the public employer from making reductions in teachers or nonteaching employees for any applicable reason specified in division (B) of section 124.321 or section 3319.17 or 3319.172 of the Revised Code or in a policy adopted under section 3319.171 of the Revised Code;
5. Restricts the authority of the public employer, when making personnel reductions, to determine the order of layoffs;
6. Restricts the authority of the public employer to acquire noneducational services from another public or private entity through competitive bidding;
7. Restricts the authority of the public employer to acquire any products, programs, or services pursuant to section 3313.841, 3313.842, 3313.843, or 3313.845 of the Revised Code;
8. Otherwise relinquishes, impairs, or restricts the managerial rights and responsibilities of the public employer described in division (C) of section 4117.08 of the Revised Code.

(C)(1) Except as otherwise provided in division (C)(2) of this section, each collective bargaining agreement entered into on or after the effective date of this section between a public employer to which this section applies and its employees shall comply with all applicable state or local laws or ordinances regarding wages, hours, and terms and conditions of employment of public employees.

(2) A collective bargaining agreement entered into on or after the effective date of this section may include a provision that conflicts with an
applicable law or ordinance, if the provision establishes benefits that are less than the benefits conferred by the law or ordinance and division (A) of section 4117.10 of the Revised Code does not require that the law or ordinance prevail over the conflicting provision. Any provision of the agreement that conflicts with an applicable law or ordinance and does not meet these requirements shall be void.

(D) Notwithstanding division (A)(5) of section 4117.11 of the Revised Code, a public employer to which this section applies is not required to, and may refuse to, collectively bargain on the continuation, modification, or termination of a provision of an existing collective bargaining agreement.

Sec. 4117.09. (A) The parties to any collective bargaining agreement shall reduce the agreement to writing and both execute it.

(B) The agreement shall contain a provision that:

(1) Provides for a grievance procedure which may culminate with final and binding arbitration of unresolved grievances, and that are based on the disputed interpretations of the express written provisions of the agreements, and which is valid and enforceable under its terms when entered into in accordance with this chapter. No publication thereof is required to make it effective. A party to the agreement may bring suits for violation of agreements or the enforcement of an award by an arbitrator in the court of common pleas of any county wherein a party resides or transacts business.

(2) Authorizes the public employer to deduct the periodic dues, initiation fees, and assessments of members of the exclusive representative upon presentation of a written deduction authorization by the employee so long as the employee organization has filed and maintained its financial report outlining the organization's expenditures.

(C) The agreement may contain a provision that requires as a condition of employment, on or after a mutually agreed upon probationary period or sixty days following the beginning of employment, whichever is less, or the effective date of a collective bargaining agreement, whichever is later, that the employees in the unit who are not members of the employee organization pay to the employee organization a fair share fee. The arrangement does not require any employee to become a member of the employee organization, nor shall fair share fees exceed dues paid by members of the employee organization who are in the same bargaining unit. Any public employee organization representing public employees pursuant to this chapter shall prescribe an internal procedure to determine a rebate, if any, for nonmembers which conforms to federal law, provided a nonmember makes a timely demand on the employee organization. Absent arbitrary and capricious action, such determination is conclusive on the
parties except that a challenge to the determination may be filed with the state employment relations board within thirty days of the determination date specifying the arbitrary or capricious nature of the determination and the board shall review the rebate determination and decide whether it was arbitrary or capricious. The deduction of a fair share fee by the public employer from the payroll check of the employee and its payment to the employee organization is automatic and does not require the written authorization of the employee.

The internal rebate procedure shall provide for a rebate of expenditures in support of partisan politics or ideological causes not germane to the work of employee organizations in the realm of collective bargaining.

Any public employee who is a member of and adheres to established and traditional tenets or teachings of a bona fide religion or religious body which has historically held conscientious objections to joining or financially supporting an employee organization and which is exempt from taxation under the provisions of the Internal Revenue Code shall not be required to join or financially support any employee organization as a condition of employment. Upon submission of proper proof of religious conviction to the board, the board shall declare the employee exempt from becoming a member of or financially supporting an employee organization. The employee shall be required, in lieu of the fair share fee, to pay an amount of money equal to the fair share fee to a nonreligious charitable fund exempt from taxation under section 501(c)(3) of the Internal Revenue Code mutually agreed upon by the employee and the representative of the employee organization to which the employee would otherwise be required to pay the fair share fee. The employee shall furnish to the employee organization written receipts evidencing such payment, and failure to make the payment or furnish the receipts shall subject the employee to the same sanctions as would nonpayment of dues under the applicable collective bargaining agreement.

No public employer shall agree to a provision requiring that a public employee become a member of an employee organization as a condition for securing or retaining employment. Any agreement that purports to require that employees join any exclusive representative is void and unenforceable.

No public employer shall agree to a provision that provides for the payroll deduction for any contributions to a political action committee using any other method than the method prescribed in sections 3517.082, 3517.09, and 3599.031 of the Revised Code.

(D) As used in this division, "teacher" means any employee of a school district certified to teach in the public schools of this state.
The agreement may contain a provision that provides for a peer review plan under which teachers in a bargaining unit or representatives of an employee organization representing teachers may, for other teachers of the same bargaining unit or teachers whom the employee organization represents, participate in assisting, instructing, reviewing, evaluating, or appraising and make recommendations or participate in decisions with respect to the retention, discharge, renewal, or nonrenewal of, the teachers covered by a peer review plan.

The participation of teachers or their employee organization representative in a peer review plan permitted under this division shall not be construed as an unfair labor practice under this chapter or as a violation of any other provision of law or rule adopted pursuant thereto.

(E) No agreement shall contain an expiration date that is later than three years from the date of execution. The parties may extend any agreement, but the extensions do not affect the expiration date of the original agreement.

(F) No public employer shall agree to a provision that requires the public employer, when a reduction in force is necessary, to use an employee’s length of service as the only factor to determine whether to lay off the employee.

Sec. 4117.10. (A) An agreement between a public employer and an exclusive representative entered into pursuant to this chapter governs the wages, hours, and terms and conditions of public employment covered by the agreement. If the agreement provides for a final and binding arbitration of grievances, public employers, employees, and employee organizations are subject solely to that grievance procedure and the state personnel board of review or civil service commissions have no jurisdiction to receive and determine any appeals relating to matters that were the subject of a final and binding grievance procedure. Where no agreement exists or where an agreement makes no specification about a matter, the public employer and public employees are subject to all applicable state or local laws or ordinances pertaining to the wages, hours, and terms and conditions of employment for public employees. Laws All of the following prevail over conflicting provisions of agreements between employee organizations and public employers:

(1) Laws pertaining to civil any of the following subjects:
   (a) Civil rights; affirmative;
   (b) Affirmative action; unemployment;
   (c) Unemployment compensation; workers’;
   (d) Workers’ compensation; the;
   (e) The retirement of public employees; and residency;
(f) The provision of health care benefits to public employees;

(g) Residency requirements;

(h) The minimum educational requirements contained in the Revised Code pertaining to public education including the requirement of a certificate by the fiscal officer of a school district pursuant to section 5705.41 of the Revised Code;

(i) The provisions of division (A) of section 124.34 of the Revised Code governing the disciplining of officers and employees who have been convicted of a felony, and the;

(j) The minimum standards promulgated by the state board of education pursuant to division (D) of section 3301.07 of the Revised Code prevail over conflicting provisions of agreements between employee organizations and public employers.

2. The law pertaining to the leave of absence and compensation provided under section 5923.05 of the Revised Code prevails over any conflicting provisions of such agreements, if the terms of the agreement contain benefits which are less than those contained in that section or the agreement contains no such terms and the public authority is the state or any agency, authority, commission, or board of the state or if the public authority is another entity listed in division (B) of section 4117.01 of the Revised Code that elects to provide leave of absence and compensation as provided in section 5923.05 of the Revised Code.

3. The law pertaining to the leave established under section 5906.02 of the Revised Code prevails over any conflicting provision of an agreement between an employee organization and public employer if the terms of the agreement contain benefits that are less than those contained in section 5906.02 of the Revised Code. Except for sections 306.08, 306.12, 306.35, and 4981.22 of the Revised Code and arrangements entered into thereunder, and section 4981.21 of the Revised Code as necessary to comply with section 13(c) of the "Urban Mass Transportation Act of 1964," 87 Stat. 295, 49 U.S.C.A. 1609(c), as amended, and arrangements entered into thereunder, this chapter prevails over any and all other conflicting laws, resolutions, provisions, present or future, except as otherwise specified in this chapter or as otherwise specified by the general assembly. Nothing in this section prohibits or shall be construed to invalidate the provisions of an agreement establishing supplemental workers' compensation or unemployment compensation benefits or exceeding minimum requirements contained in the Revised Code pertaining to public education or the minimum standards promulgated by the state board of education pursuant to division (D) of section 3301.07 of the Revised Code.
Revised Code.

(B) The public employer shall submit a request for funds necessary to implement an agreement and for approval of any other matter requiring the approval of the appropriate legislative body to the legislative body within fourteen thirty days of the date on which the parties finalize the agreement, unless otherwise specified, but if the appropriate legislative body is not in session at the time, then within fourteen days after it convenes. The legislative body must approve or reject the submission as a whole, and the submission is deemed approved if the legislative body fails to act within thirty days after the public employer submits the agreement. The parties may specify that those provisions of the agreement not requiring action by a legislative body are effective and operative in accordance with the terms of the agreement, provided there has been compliance with division (C) of this section. If the legislative body rejects the submission of the public employer, either party may reopen all or part of the entire agreement.

As used in this section, "legislative body" includes the governing board of a municipal corporation, school district, college or university, village, township, or board of county commissioners or any other body that has authority to approve the budget of their public jurisdiction and, with regard to the state, "legislative body" means the controlling board.

(C) The chief executive officer, or the chief executive officer's representative, of each municipal corporation, the designated representative of the board of education of each school district, college or university, or any other body that has authority to approve the budget of their public jurisdiction, the designated representative of the board of county commissioners and of each elected officeholder of the county whose employees are covered by the collective negotiations, and the designated representative of the village or the board of township trustees of each township is responsible for negotiations in the collective bargaining process; except that the legislative body may accept or reject a proposed collective bargaining agreement. When the matters about which there is agreement are reduced to writing and approved by the employee organization and the legislative body, the agreement is binding upon the legislative body, the employer, and the employee organization and employees covered by the agreement.

(D) Notwithstanding any provision of this section or section 4117.08 of the Revised Code to the contrary, the compensation of a supervisor who is not a member of an employee organization shall not be automatically tied to the compensation negotiated in a collective bargaining agreement that applies to other public employees of the public employer that employs the
supervisor.

(E) There is hereby established an office of collective bargaining in the department of administrative services for the purpose of negotiating with and entering into written agreements between state agencies, departments, boards, and commissions and the exclusive representative on matters of wages, hours, terms and other conditions of employment and the continuation, modification, or deletion of an existing provision of a collective bargaining agreement. Nothing in any provision of law to the contrary shall be interpreted as excluding the bureau of workers' compensation and the industrial commission from the preceding sentence. This office shall not negotiate on behalf of other statewide elected officials or boards of trustees of state institutions of higher education who shall be considered as separate public employers for the purposes of this chapter; however, the office may negotiate on behalf of these officials or trustees where authorized by the officials or trustees. The staff of the office of collective bargaining are in the unclassified service. The director of administrative services shall fix the compensation of the staff.

The office of collective bargaining shall:

(1) Assist the director in formulating management's philosophy for public collective bargaining as well as planning bargaining strategies;

(2) Conduct negotiations with the exclusive representatives of each employee organization;

(3) Coordinate the state's resources in all mediation, fact-finding, and arbitration cases as well as in all labor disputes;

(4) Conduct systematic reviews of collective bargaining agreements for the purpose of contract negotiations;

(5) Coordinate the systematic compilation of data by all agencies that is required for negotiating purposes;

(6) Prepare and submit an annual report and other reports as requested to the governor and the general assembly on the implementation of this chapter and its impact upon state government.

Sec. 4117.104. (A) Notwithstanding any provision of section 4117.08 or 4117.10 of the Revised Code to the contrary, no agreement entered into under this chapter on or after the effective date of this section shall prohibit a public employer that the auditor of state has declared to be in a state of fiscal watch from serving a written notice pursuant to section 4117.14 of the Revised Code to modify a collective bargaining agreement so that salary or benefit increases, or both, are suspended.

(B) Notwithstanding any provision of section 4117.08 or 4117.10 of the Revised Code to the contrary, no agreement entered into under this chapter
on or after the effective date of this section shall prohibit a public employer that the governor or auditor of state has declared to be in a state of fiscal emergency or in the case of a state university or college, that a conservator has been appointed for, from serving a written notice to terminate, modify, or negotiate a collective bargaining agreement pursuant to section 4117.14 of the Revised Code.

(C) Each agreement entered into under this chapter on or after the effective date of this section shall contain a statement that the agreement may be terminated, modified, or negotiated in accordance with this section.

(D) If the public employer sends a notice as described in this section, the parties may collectively bargain and enter into a new collective bargaining agreement pursuant to section 4117.14 of the Revised Code.

Sec. 4117.105. Notwithstanding any provision of section 4117.08 or 4117.10 of the Revised Code to the contrary, no agreement entered into or renewed under this chapter on or after the effective date of this section shall contain any provision that in any way prohibits a public employer from entering into a contract with another public or private sector entity to privatize the public employer's services or the contracting out of the public employer's work. No such agreement shall contain any provisions that cause the public employer to do any of the following:

(A) Retain existing employees as employees of the public employer if their work is privatized or subcontracted to another entity;

(B) Pay any additional payments to employees who may be laid off as the result of such privatization or subcontracting, except for payments for accumulated time or leave credits that would normally be paid by the public employer to any other employee who is laid off for reasons other than the subcontracting or privatization of their work.

Any provision inconsistent with this section that is contained in an agreement entered into or renewed on or after the effective date of this section is void and unenforceable.

Sec. 4117.106. Notwithstanding any provision of section 4117.08 or 4117.10 of the Revised Code to the contrary, no agreement entered into or renewed under this chapter on or after the effective date of this section shall contain any provision that does any of the following:

(A) Limits a public employer in determining the number of employees it employs or has working at any time, in any facility, building, classroom, on any work shift, or on any piece of equipment or vehicle, except that an agreement may contain provisions regarding certain equipment issues in accordance with division (F) of section 4117.08 of the Revised Code;

(B) Provides for the public employer to pay any portion of a public
employee’s state pension contributions or payments as described in division (B) of section 4117.08 of the Revised Code;

(C) Provides for an hourly overtime payment rate that exceeds the overtime rate required by the Fair Labor Standards Act of 1938, 52 Stat. 1060, 29 U.S.C. 207;

(D) Requires the public employer to adhere to, follow, or continue any practices or benefits not specifically set forth in the specific written provisions of the agreement.

Any provision inconsistent with this section that is contained in an agreement entered into or renewed on or after the effective date of this section is void and unenforceable.

Sec. 4117.107. (A) Notwithstanding any provision of section 4117.08 or 4117.10 of the Revised Code to the contrary, no agreement entered into or renewed under this chapter on or after the effective date of this section shall contain any provisions that do any of the following:

(1) Provide for any supplemental wage payments based on length of employment to any employee participating in the deferred retirement option plan;

(2) Provide for any annual paid vacation leave earning in excess of five weeks to any employee participating in the deferred retirement option plan;

(3) Provide for the ability of any employee participating in the deferred retirement option plan to carry over vacation leave from one year to another that exceeds a total accumulation of the equivalent of three years vacation leave;

(4) Provide the basis for the payment to any employee participating in the deferred retirement option plan of any accumulated paid leave, including, but not limited to, sick leave, vacation leave, and compensatory time, that is based on an employee's hourly wage rate greater than the employee's wage rate on the date the employee commenced participating in the deferred retirement option plan.

(B) Notwithstanding any other provisions of the Revised Code, the police and fire pension fund shall notify the public employer of the respective employee of the date upon which the employee entered the deferred retirement option plan and shall notify the public employer of the date any employee entered the deferred retirement option plan prior to the effective date of this section.

Sec. 4117.108. (A) Notwithstanding any provision of section 4117.08 or 4117.10 of the Revised Code to the contrary, no agreement entered into or renewed under this chapter on or after the effective date of this section shall contain any provision that exceeds the annual earnings or accrual rate of the
following leave credits:
   (1) For vacation leave a maximum annual accumulation of six weeks paid vacation prior to twenty years of continuous service;
   (2) For compensated holidays a maximum annual earning of twelve paid holidays;
   (3) For compensated personal days a maximum annual earning of three paid personal days.

   (B) For purposes of this section, "day" means eight working hours and "week" means forty working hours for employees working a normally scheduled work week. Those employees working a work week that exceeds or is less than forty hours shall have the number of hours per day or week increased or reduced proportionately based on the difference in hours between the employee's average work week and forty hours.

Sec. 4117.109. Notwithstanding any provision of section 4117.08 or 4117.10 of the Revised Code to the contrary, no agreement entered into or renewed under this chapter on or after the effective date of this section shall contain any provision for the exchange or sell-back of a public employee's accumulated paid sick leave balance with the public employee's public employer at the public employee's final retirement or death that provides for a cash payment that exceeds fifty per cent of the public employee's total sick leave accumulations. No payment made pursuant to this section shall be made for accumulated sick leave in excess of one thousand hours. Such payment shall be based upon the public employee's hourly rate of pay at time of final retirement, unless the employee is a member of the police and fire pension fund and participates in the deferred retirement option plan. If the public employee is a member of the police and fire pension fund and the public employee participates in the deferred retirement option plan, the payment shall be based upon the public employee's hourly rate in effect at the time the employee entered the deferred retirement option plan. For purposes of this section, "final retirement" means when an employee retires and is immediately eligible to receive pension benefits by satisfying the normal length of service and age qualifications or as a result of disability.

Sec. 4117.11. (A) It is an unfair labor practice for a public employer, its agents, or representatives to:
   (1) Interfere with, restrain, or coerce employees in the exercise of the rights guaranteed in Chapter 4117. of the Revised Code or an employee organization in the selection of its representative for the purposes of collective bargaining or the adjustment of grievances;

(3) Discriminate in regard to hire or tenure of employment or any term or condition of employment on the basis of the exercise of rights guaranteed by Chapter 4117. of the Revised Code. Nothing precludes any employer from making and enforcing an agreement pursuant to division (C) of section 4117.09 of the Revised Code.

(8) Cause or attempt to cause an employee organization, its agents, or representatives to violate division (B) of this section.

(B) It is an unfair labor practice for an employee organization, its agents, or representatives to violate division (B) of this section.

(1) Restrain or coerce employees or public employers in the exercise of the rights guaranteed in Chapter 4117. of the Revised Code, including the public employer's selection of the public employer's representative for the purpose of collective negotiations or the adjustment of grievances. This division does not impair the right of an employee organization to prescribe its own rules with respect to the acquisition or retention of membership therein, or an employer in the selection of his representative for the purpose of collective bargaining or the adjustment of grievances.

(2) Cause or attempt to cause an employer to violate division (A) of this section;

(3) Refuse to bargain collectively with a public employer if the employee organization is recognized as the exclusive representative or certified as the exclusive representative of public employees in a bargaining unit;
(4) Call, institute, maintain, or conduct a boycott against any public employer, or picket any place of business of a public employer, on account of any jurisdictional work dispute;

(5) Induce or encourage any individual employed by any person to engage in a strike in violation of Chapter 4117. of the Revised Code or refusal to handle goods or perform services; or threaten, coerce, or restrain any person where an object thereof is to force or require any public employee to cease dealing or doing business with any other person, or force or require a public employer to recognize for representation purposes an employee organization not certified by the state employment relations board, or induce or encourage any individual to engage in a secondary boycott whether under the existing agreement or as part of another employee organization's concerted activity, whether in the public or private sector;

(6) Fail to fairly represent all public employees in a bargaining unit;

(7) Induce or encourage any individual in connection with a labor relations dispute to picket the residence or any place of private employment of any public official or representative of the public employer;

(8) Engage in any picketing, striking, or other concerted refusal to work without;

(9) Engage in any picketing without giving written notice to the public employer and to the state employment relations board not less than ten days prior to the action picket. The notice shall state the date and time that the action picket will commence and, once the notice is given, the parties may extend it by the written agreement of both.

(10) Insist that a permissive subject of collective bargaining be bargained to impasse.

(C) The expressing of any views, argument, or opinion, or the dissemination thereof, whether in written, printed, graphic, or visual form, shall not constitute or be evidence of an unfair labor practice under this chapter, if that expression contains no threat of reprisal or force or promise of benefit.

(D) The determination by the board or any court that a public officer or employee has committed any of the acts prohibited by divisions (A) and (B) of this section shall not be made the basis of any charge for the removal from office or recall of the public officer or the suspension from or termination of employment of or disciplinary acts against an employee, nor shall the officer or employee be found subject to any suit for damages based on such a determination; however nothing in this division prevents any party to a collective bargaining agreement from seeking enforcement or damages for a violation thereof against the other party to the agreement.
As to jurisdictional work disputes, the board shall hear and determine the dispute unless, within ten days after notice to the board by a party to the dispute that a dispute exists, the parties to the dispute submit to the board satisfactory evidence that they have adjusted, or agreed upon the method for the voluntary adjustment of, the dispute.

Sec. 4117.12. (A) Whoever violates section 4117.11 of the Revised Code is guilty of an unfair labor practice remediable by the state employment relations board as specified in this section.

(B) When anyone files a charge with the board alleging that an unfair labor practice has been committed, the board or its designated agent shall investigate the charge. If the board has probable cause for believing that a violation has occurred, the board shall issue a complaint and shall conduct a hearing concerning the charge. The board shall cause the complaint to be served upon the charged party which shall contain a notice of the time at which the hearing on the complaint will be held either before the board, a board member, or an administrative law judge. The board may not issue a notice of hearing based upon any unfair labor practice occurring more than ninety days prior to the filing of the charge with the board, unless the person aggrieved thereby is prevented from filing the charge by reason of service in the armed forces, in which event the ninety-day period shall be computed from the day of the person's discharge. If the board dismisses a complaint as frivolous, it shall assess costs to the complainant pursuant to its standards governing such matters, and for that purpose, the board shall adopt a rule defining the standards by which the board will declare a complaint to be frivolous and the costs that will be assessed accordingly.

(1) The board, board member, or administrative law judge shall hold a hearing on the charge within ten days after service of the complaint. The board may amend a complaint, upon receipt of a notice from the charging party, at any time prior to the close of the hearing, and the charged party shall within ten days from receipt of the complaint or amendment to the complaint, file an answer to the complaint or amendment to the complaint. The charged party may file an answer to an original or amended complaint. The failure to file or timely file an answer shall not be construed as any admission against the nonresponding party and the party may present its response or challenge to the charge at any time prior to the hearing. The charging party or the charging party's representative, the agents of the board, and the person charged are parties and may appear or otherwise give evidence at the hearing. At the discretion of the board, board member, or administrative law judge, any interested party may intervene and present evidence at the hearing. The board, board member, or administrative law
judge is not bound by the rules of evidence prevailing in the courts.

(2) A board member or administrative law judge who conducts the hearing shall reduce the evidence taken to writing and file it with the board. The board member or the administrative law judge may thereafter take further evidence or hear further argument if notice is given to all interested parties. The administrative law judge or board member shall issue to the parties a proposed decision, together with a recommended order and file it with the board. If the parties file no exceptions within twenty days after service thereof, the recommended order becomes the order of the board effective as therein prescribed. If the parties file exceptions to the proposed report, the board shall determine whether substantial issues have been raised. The board may rescind or modify the proposed order of the board member or administrative law judge; the board may consider any issues raised by a party, however, if the board determines that the exceptions do not raise substantial issues of fact or law, it may refuse to grant review, and the recommended order becomes effective as therein prescribed.

(3) If upon the preponderance of the evidence taken, the board believes that any person named in the complaint has engaged in any unfair labor practice, the board shall state its findings of fact and issue and cause to be served on the person an order requiring that the person cease and desist from these unfair labor practices, and take such affirmative action, including reinstatement of employees with or without back pay, as will effectuate the policies of Chapter 4117. of the Revised Code. If upon a preponderance of the evidence taken, the board believes that the person named in the complaint has not engaged in an unfair labor practice it shall state its findings of fact and issue an order dismissing the complaint.

(4) The board may order the public employer to reinstate the public employee and further may order either the public employer or the employee organization, depending on who was responsible for the discrimination suffered by the public employee, to make such payment of back pay to the public employee as the board determines. In the event the board determines the employee organization has violated division (B)(4), (5), (7), or (8) of section 4117.11 of the Revised Code, the board shall order the suspension of the payment of dues or fees to the employee organization for the greater of thirty days or two times the duration of the illegal activity. No order of the board shall require the reinstatement of any individual as an employee who has been suspended or discharged, or require the payment to the employee of any back pay, if the suspension or discharge was for just cause and the predominant basis for the suspension or discharge was not related to rights provided in section 4117.03 of the Revised Code and the procedure
contained in the collective bargaining agreement governing suspension or discharge was followed. The order of the board may require the party against whom the order is issued to make periodic reports showing the extent to which the party has complied with the order.

(C) Whenever a complaint alleges that a person has engaged in an unfair labor practice and that the complainant will suffer substantial and irreparable injury if not granted temporary relief, the board may petition the court of common pleas for any county wherein the alleged unfair labor practice in question occurs, or wherein any person charged with the commission of any unfair labor practice resides or transacts business for appropriate injunctive relief, pending the final adjudication by the board with respect to the matter. Upon the filing of any petition, the court shall cause notice thereof to be served upon the parties, and thereupon has jurisdiction to grant the temporary relief or restraining order it considers just and proper.

(D) Until the record in a case is filed in a court, as specified in Chapter 4117. of the Revised Code, the board may at any time upon reasonable notice and in a manner it considers proper, modify or set aside, in whole or in part, any finding or order made or issued by it.
there exist reasonable grounds for the failure to adduce the evidence in the hearing before the board, its member or agent, the court may order the board, its member, or agent to take the additional evidence, and make it a part of the transcript. The board may modify its findings as to the facts, or make new findings, by reason of additional evidence so taken and filed, and it shall file the modified or new findings, which, if supported by the evidence, are conclusive and shall file its recommendations, if any, for the modifying or setting aside of its original order.

(C) The jurisdiction of the court is exclusive and its judgment and decree final, except that the same is subject to review on questions of law as in civil cases.

(D) Any person aggrieved by any final order of the board granting or denying, in whole or in part, the relief sought may appeal to the court of common pleas of any county where the unfair labor practice in question was alleged to have been engaged in, or where the person resides or principally transacts business, by filing in the court a notice of appeal setting forth the order appealed from and the grounds of appeal. The court shall cause a copy of the notice to be served forthwith upon the board and all other parties. Within ten days after the court receives a notice of appeal, the board shall file in the court a transcript of the entire record in the proceeding, certified by the board, including the pleading and evidence upon which the order appealed from was entered.

The court has exclusive jurisdiction to grant the temporary relief or restraining order it considers proper, and to make and enter a decree enforcing, modifying, and enforcing as so modified, or setting aside in whole or in part the order of the board. The findings of the board as to the facts, if supported by substantial evidence on the record as a whole, are conclusive.

(E) The commencement of proceedings under division (A) or (D) of this section does not, unless specifically ordered by the court, operate as a stay of the board's order.

(F) Courts of common pleas shall hear appeals under Chapter 4117. of the Revised Code expeditiously presented and where good cause is shown give precedence to them over all other civil matters except earlier matters of the same character.

Sec. 4117.14. (A) The procedures contained in this section govern the settlement of disputes between an exclusive representative and a public employer concerning the termination or modification of an existing collective bargaining agreement or negotiation of a successor agreement, or the negotiation of an initial collective bargaining agreement.
(B)(1) In those cases where there exists a collective bargaining agreement, any public employer or exclusive representative desiring to terminate, modify, or negotiate a successor collective bargaining agreement shall:

(a) Serve written notice upon the other party of the proposed termination, modification, or successor agreement. The party must serve the notice not less than sixty one hundred five days prior to the expiration date of the existing agreement or, in the event the existing collective bargaining agreement does not contain an expiration date, not less than sixty one hundred five days prior to the time it is proposed to make the termination or modifications or to make effective a successor agreement.

(b) Offer to bargain collectively with the other party for the purpose of modifying or terminating any existing agreement or negotiating a successor agreement not less than one hundred five days prior to the expiration date of the existing agreement;

(c) Notify the state employment relations board of the offer by serving upon the board a copy of the written notice to the other party and a copy of the existing collective bargaining agreement not less than one hundred five days prior to the expiration date of the existing agreement.

(2) In the case of initial negotiations between a public employer and an exclusive representative, where a collective bargaining agreement has not been in effect between the parties, any party may serve notice upon the board and the other party setting forth the names and addresses of the parties and offering to meet, for a period of ninety one hundred twenty days, with the other party for the purpose of negotiating a collective bargaining agreement.

If the settlement procedures specified in For purposes of divisions (B), (C), and (D) of this section govern the parties, where the procedures in those procedures divisions refer to the expiration of a collective bargaining agreement, it means the expiration of the sixty day one hundred five-day period to negotiate a collective bargaining agreement referred to in this subdivision, or in the case of initial negotiations, it means the ninety one-hundred-twenty-day period referred to in this subdivision.

(3) The parties shall continue in full force and effect all the terms and conditions of any existing collective bargaining agreement, without resort to strike or lock-out, for a period of sixty one hundred five days after the party gives notice or until the expiration date of the collective bargaining agreement, whichever occurs later, or for a period of ninety one hundred twenty days where applicable.

(4) Upon Except as otherwise provided in division (B)(4) of this section,
upon receipt of the notice, the parties shall enter into collective bargaining. Notwithstanding divisions (A)(5) and (B)(3) of section 4117.11 of the Revised Code, neither a public employer nor an exclusive representative is required to, and may refuse to, collectively bargain on the continuation, modification, or termination of a provision of an existing agreement.

(C) In the event the parties are unable to reach an agreement, they may submit, at any time prior to forty-five days before the expiration date of the collective bargaining agreement, the issues in dispute to any mutually agreed upon dispute settlement procedure which supersedes the procedures contained in this section.

(1) The procedures may include:
(a) Conventional arbitration of all unsettled issues;
(b) Arbitration confined to a choice between the last offer of each party to the agreement as a single package;
(c) Arbitration confined to a choice of the last offer of each party to the agreement on each issue submitted;
(d) The procedures described in division (C)(1)(a), (b), or (c) of this section—and including among the choices for the arbitrator, the recommendations of the fact finder, if there are recommendations, either as a single package or on each issue submitted;
(e) Settlement by a citizens’ conciliation council composed of three residents within the jurisdiction of the public employer. The public employer shall select one member and the exclusive representative shall select one member. The two members selected shall select the third member who shall chair the council. If the two members cannot agree upon a third member within five days after their appointments, the board shall appoint the third member. Once appointed, the council shall make a final settlement of the issues submitted to it pursuant to division (G) of this section.
(f) Any other dispute settlement procedure mutually agreed to by the parties.

(2) If, fifty seventy-five days before the expiration date of the collective bargaining agreement, the parties are unable to reach an agreement, any party may request the state employment relations board to intervene. The request shall set forth the names and addresses of the parties, the issues involved, and, if applicable, the expiration date of any agreement.

The board shall intervene and investigate the dispute to determine whether the parties have engaged in collective bargaining.

If an impasse exists or forty-five seventy days before the expiration date of the collective bargaining agreement if one exists, the board shall appoint a mediator to assist the parties in the collective bargaining process.
When the board appoints a mediator pursuant to division (C) of this section, the board and the public employer promptly shall post in a conspicuous location on the web site maintained by the board or public employer, respectively, the terms of the last collective bargaining agreement offered by the public employer and the terms of the last collective bargaining agreement offered by the exclusive representative.

(3)(1) Any time after the appointment of a mediator, either party may request the appointment of a fact-finding panel finder. Within fifteen days after receipt of a request for a fact-finding panel finder, the board shall appoint a fact-finding panel of not more than three members finder who have been selected by the parties in accordance with rules established by the board, from a list of qualified persons maintained by the board. If no agreement exists forty-five days before the expiration of the collective bargaining agreement if one exists, the board shall appoint a fact-finder. If a fact-finder is appointed pursuant to division (C)(1) of this section, the board and the public employer promptly shall post in a conspicuous location on the web site maintained by the board or public employer, respectively, the terms of the last collective bargaining agreement offered by the public employer and the terms of the last collective bargaining agreement offered by the exclusive representative.

(a) The fact-finding panel finder shall, in accordance with rules and procedures established by the board that include the regulation of costs and expenses of fact-finding, gather facts and make recommendations for the resolution of the matter. The board shall by its rules require each party to specify in writing the unresolved issues and its position on each issue to the fact-finding panel finder. The fact-finding panel finder shall make final recommendations as to all the unresolved issues.

(b) The board may continue mediation, order the parties to engage in collective bargaining until the expiration date of the agreement, or both.

(4)(2) The following guidelines apply to fact-finding:

(a) The fact-finding panel finder may establish times and place of hearings which shall be, where feasible, in the jurisdiction of the state.

(b) The fact-finding panel finder shall conduct the hearing pursuant to rules established by the board.

(c) Upon request of the fact-finding panel finder, the board shall issue subpoenas for hearings conducted by the panel.

(d) The fact-finding panel finder may administer oaths.

(e) The board shall prescribe guidelines for the fact-finding panel finder to follow in making findings. In making its recommendations, the fact-finding panel finder shall take into consideration all of the following
factors listed in divisions (G)(7)(a) to (f) of this section:

(i) Past collectively bargained agreements, if any, between the parties;

(ii) Comparison of the issues submitted to fact-finding relative to the employees in the bargaining unit involved with those issues related to other public and private employees doing comparable work, giving consideration to factors peculiar to the area and classification involved;

(iii) As the primary consideration, the interests and welfare of the public and the ability of the public employer to pay for, consistent with division (D) of section 4117.08 of the Revised Code, and administer the issues proposed;

(iv) The lawful authority of the public employer;

(v) The stipulations of the parties;

(vi) The compensation paid by the public employer to the public employer's public employees who are not members of the bargaining unit represented by the exclusive representative or who are members of that bargaining unit but are not members of the exclusive representative;

(vii) The effect of the recommendations on the public employer's employer-wide collective bargaining program and practices, and the potential increases in cost to the public employer;

(viii) Such other factors, not confined to those listed in this section, that are normally or traditionally taken into consideration in the determination of the issues submitted to final offer settlement through voluntary collective bargaining, mediation, fact-finding, or other impasse resolution procedures in the public service or in private employment.

(f) The fact-finding panel finder may attempt mediation at any time during the fact-finding process. From the time of appointment until the fact-finding panel finder makes a final recommendation, it shall not discuss the recommendations for settlement of the dispute with parties other than the direct parties to the dispute.

(5)(3) The fact-finding panel, acting by a majority of its members, finder shall transmit its findings of fact and recommendations on the unresolved issues to the public employer and employee organization involved and to the board no later than fourteen days after the appointment of the fact-finding panel, unless the parties mutually agree to an extension fifteen days prior to the date the collective bargaining agreement expires. The fact-finder shall include with its findings of fact and recommendations a written report explaining how each of the factors listed in division (C)(2)(e) of this section factored into the finder's findings of fact and recommendations. The parties shall share the cost of the fact-finding panel finder in a manner agreed to by the parties.
(6)(4)(a) Not later than seven fifteen days after the findings and recommendations are sent or after the collective bargaining agreement expires, whichever occurs earlier, the legislative body, by a three-fifths majority vote of its total membership, and in the case of the public employee organization, the membership, by a three-fifths majority vote of the total membership, may reject the recommendations; if neither rejects the recommendations, the recommendations shall be deemed agreed upon as the final resolution of the issues submitted and a collective bargaining agreement shall be executed between the parties, including the fact-finding panel's recommendations, except as otherwise modified by the parties by mutual agreement. If either the legislative body or the public employee organization rejects the recommendations, the board shall publicize the findings of fact and recommendations of the fact-finding panel. The board shall adopt rules governing the procedures and methods for public employees to vote on the recommendations of the fact-finding panel.

(b) As used in division (C)(6)(4)(a) of this section, "legislative body" means the controlling board when the state or any of its agencies, authorities, commissions, boards, or other branch of public employment is party to the fact-finding process.

(D)(1) If the parties are unable to reach agreement within seven five days after the publication of findings and recommendations from the fact-finding panel fact-finder or within five days after the collective bargaining agreement, if one exists, has expired, then the:

(1) Public employees, who are members of a police or fire department, members of the state highway patrol, deputy sheriffs, dispatchers employed by a police, fire or sheriff's department or the state highway patrol or civilian dispatchers employed by a public employer other than a police, fire, or sheriff's department to dispatch police, fire, sheriff's department, or emergency medical or rescue personnel and units, an exclusive nurse's unit, employees of the state school for the deaf or the state school for the blind, employees of any public employee retirement system, corrections officers, guards at penal or mental institutions, special police officers appointed in accordance with sections 5119.14 and 5123.13 of the Revised Code, psychiatric attendants employed at mental health forensic facilities, youth leaders employed at juvenile correctional facilities, or members of a law enforcement security force that is established and maintained exclusively by a board of county commissioners and whose members are employed by that board, shall submit the matter to a final offer settlement procedure pursuant to a board order issued forthwith to the parties to settle by a conciliator.
selected by the parties. The parties shall request from the board a list of five qualified conciliators and the parties shall select a single conciliator from the list by alternate striking of names. If the parties cannot agree upon a conciliator within five days after the board order, the board shall on the sixth day after its order appoint a conciliator from a list of qualified persons maintained by the board or shall request a list of qualified conciliators from the American arbitration association and appoint therefrom.

(2) Public employees other than those listed in division (D)(1) of this section have the right to strike under Chapter 4117. of the Revised Code provided that the employee organization representing the employees has given a ten-day prior written notice of an intent to strike to the public employer and to the board, and further provided that the strike is for full, consecutive work days and the beginning date of the strike is at least ten work days after the ending date of the most recent prior strike involving the same bargaining unit; however, the board, at its discretion, may attempt mediation at any time.

(E) Nothing in this section shall be construed to prohibit the parties, at any time, from voluntarily agreeing to submit any or all of the issues in dispute to any other alternative dispute settlement procedure. An agreement or statutory requirement to arbitrate or to settle a dispute pursuant to a final offer settlement procedure and the award issued in accordance with the agreement or statutory requirement is enforceable in the same manner as specified in division (B) of section 4117.09 of the Revised Code.

(F) Nothing in this section shall be construed to prohibit a party from seeking enforcement of a collective bargaining agreement or a conciliator's award as specified in division (B) of section 4117.09 of the Revised Code.

(G) The following guidelines apply to final offer settlement proceedings under division (D)(1) of this section:

(1) The parties shall submit to final offer settlement those issues that are subject to collective bargaining as provided by section 4117.08 of the Revised Code and upon which the parties have not reached agreement and other matters mutually agreed to by the public employer and the exclusive representative; except that the conciliator may attempt mediation at any time.

(2) The conciliator shall hold a hearing within thirty days of the board's order to submit to a final offer settlement procedure, or as soon thereafter as is practicable.

(3) The conciliator shall conduct the hearing pursuant to rules developed by the board. The conciliator shall establish the hearing time and place, but it shall be, where feasible, within the jurisdiction of the state. Not later than
five calendar days before the hearing, each of the parties shall submit to the conciliator, to the opposing party, and to the board, a written report summarizing the unresolved issues, the party’s final offer as to the issues, and the rationale for that position.

(4) Upon the request by the conciliator, the board shall issue subpoenas for the hearing:

(5) The conciliator may administer oaths.

(6) The conciliator shall hear testimony from the parties and provide for a written record to be made of all statements at the hearing. The board shall submit for inclusion in the record and for consideration by the conciliator the written report and recommendation of the fact finder.

(7) After hearing, the conciliator shall resolve the dispute between the parties by selecting, on an issue by issue basis, from between each of the party’s final settlement offers, taking into consideration the following:

(a) Past collectively bargained agreements, if any, between the parties;

(b) Comparison of the issues submitted to final offer settlement relative to the employees in the bargaining unit involved with those issues related to other public and private employees doing comparable work, giving consideration to factors peculiar to the area and classification involved;

(c) The interests and welfare of the public, the ability of the public employer to finance and administer the issues proposed, and the effect of the adjustments on the normal standard of public service;

(12) The parties shall bear equally the cost of the final offer settlement procedure.

(13) Conciliators appointed pursuant to this section shall be residents of the state.

(I) The issuance of a final offer settlement award constitutes a binding mandate to the public employer and the exclusive representative to take whatever actions are necessary to implement the award. The chief executive officer of the public employer involved shall submit to the legislative body of the public employer a copy of the public employer's last best offer, and the exclusive representative shall submit the exclusive representative's last best offer.

(2) After receiving the submissions required under division (D)(1) of this section, the legislative body or a duly authorized committee of the legislative body shall conduct a hearing, within fifteen days after the date the collective bargaining agreement expires, at which the parties shall be required to explain their positions with respect to the report of the fact-finder. (C) If the legislative body selects the last best offer that the chief financial officer determines costs more and if the chief financial officer determines that insufficient funds exist or refuses to make the determination required under division (B) of this section, either party to the agreement or any constituent who resides within the geographical area of the public employer that is a party to the agreement may submit the last best offer from each party that was submitted to the legislative body under division (D) of section 4117.14 of the Revised Code to the electors in accordance with this
division and division (D) of this section. (F) Notice of the election shall be published in a newspaper of general circulation in the applicable voting area once a week for two consecutive weeks prior to the election, and if the board of elections maintains a web site, the board shall post notice of the election on the web site for thirty days prior to the election. Each notice shall contain the summaries required under division (E) of this section.
(G) The election shall be conducted, canvassed, and certified in the same manner as regular elections. The last best offer receiving a majority of the votes cast in the election shall become the agreement of the parties. The parties shall enter into the agreement in accordance with the last best offer upon certification by the board of the results of the election. The public employer and exclusive representative shall be subject to the last best offer selected by the electors for three years after the date the results of the election are certified.

(I) Any agreement entered into under this chapter on or after the effective date of this section by a public employer that is subject to this section shall contain a provision that states that the agreement may be subject to approval of the voters as described in this section.

If the chief executive officer determines that such violation has occurred, the chief executive officer shall also determine, on the basis of such further investigation and affidavits as the chief executive officer may deem appropriate, the names of public employees who committed the violation and the dates thereof. Such determination shall not be final until the completion of the procedures provided for in this section.

(F) The chief executive officer shall immediately notify each public employee that the chief executive officer has been found to have committed the violation, the dates of the violation, and that the public employee has the right to object to the determination under division (H) of this section. The chief executive officer shall also notify the chief fiscal officer of the public employer involved of the names of all the employees determined to have violated this section and of the total number of days, or portions thereof, on which it has been determined that the violation occurred. An employee who submits an affidavit pursuant to this division shall be subject to the penalties of perjury.

(1) If the chief executive officer determines that the affidavit and supporting proof establishes that the employee did not violate this section, the chief executive officer shall sustain and dismiss the objection and so notify the employee.

(2) If the chief executive officer determines that the affidavit and supporting proof raises a question of fact which, if resolved in favor of the employee, would establish that the employee did not violate this section, the chief executive officer shall appoint a hearing officer to determine whether in fact the employee did violate this section. The employee shall bear the burden of proof at the hearing. If the hearing officer determines that the employee failed to establish that the employee did not violate this section, the chief executive officer shall so notify the employee.

(3) If the chief executive officer sustains an objection or the hearing officer determines on a preponderance of the evidence that the employee did not violate this section, the chief executive officer shall immediately notify the chief fiscal officer who shall cease all further deductions and refund any
deductions previously made pursuant to division (G) of this section.

(I) The determinations provided in this section shall be reviewable pursuant to Chapter 119. of the Revised Code.

(K) No public employee is entitled to pay or compensation from the public employer for the period engaged in any strike.

which they are assigned and the salary for the classification. The
compensation of all nonteaching employees working for a particular board
shall be uniform for like positions except as compensation would be affected
by salary increments based upon length of service.

On the fifteenth day of October of each year the nonteaching employees' salary schedule and list of job classifications and salaries in effect on that
date shall be filed by each board with the superintendent of public
instruction. If such salary schedule and classification plan is not filed, the
superintendent of public instruction shall order the board to file such
schedule and list forthwith. If this condition is not corrected within ten days
after receipt of the order from the superintendent, no money shall be
distributed to the district under Chapter 3306. or 3317. of the Revised Code
until the superintendent has satisfactory evidence of the board's full
compliance with such order.

Sec. 5139.02. (A)(1) As used in this section, "managing officer" means
a deputy director, an assistant deputy director, a superintendent, a regional
administrator, a deputy superintendent, or the superintendent of schools of
the department of youth services, a member of the release authority, the
chief of staff to the release authority, and the victims administrator of the
office of victim services.

(2) Each division established by the director of youth services shall
consist of managing officers and other employees, including those employed
in institutions and regions as necessary to perform the functions assigned to
them. The director or appropriate deputy director or managing officer of the
department shall supervise the work of each division and determine general
policies governing the exercise of powers vested in the department and
assigned to each division. The appropriate managing officer or deputy
director is responsible to the director for the organization, direction, and
supervision of the work of the division or unit and for the exercise of the
powers and the performance of the duties of the department assigned to it
and, with the director's approval, may establish bureaus or other
administrative units within the department.

(B) The director shall appoint all managing officers, who shall be in the
unclassified civil service. The director may appoint a person who holds a
certified position in the classified service within the department to a position
as a managing officer within the department. A person appointed pursuant to this division to a position as a managing officer shall retain the right to resume the position and status held by the person in the classified service immediately prior to the person's appointment as managing officer, regardless of the number of positions the person held in the unclassified service. A managing officer's right to resume a position in the classified service may only be exercised when the director demotes the managing officer to a pay range level lower than the managing officer's current pay range level or revokes the managing officer's appointment to the position of managing officer. A managing officer forfeits the right to resume a position in the classified service when the managing officer is removed from the position of managing officer due to incompetence, inefficiency, dishonesty, drunkenness, immoral conduct, insubordination, discourteous treatment of the public, neglect of duty, violation of this chapter or Chapter 124. of the Revised Code, the rules of the director of youth services or the director of administrative services, any other failure of good behavior, any other acts of misfeasance, malfeasance, or nonfeasance in office, or conviction of a felony. A managing officer also forfeits the right to resume a position in the classified service upon transfer to a different agency.

Reinstatement to a position in the classified service shall be to the position held in the classified service immediately prior to appointment as managing officer, or to another position certified by the director of administrative services as being substantially equal to that position. If the position the person previously held in the classified service immediately prior to appointment as a managing officer has been placed in the unclassified service or is otherwise unavailable, the person shall be appointed to a position in the classified service within the department that the director of administrative services certifies is comparable in compensation to the position the person previously held in the classified service. Service as a managing officer shall be counted as service in the position in the classified service held by the person immediately prior to the person's appointment as a managing officer. If a person is reinstated to a position in the classified service under this division, the person shall be returned to the pay range and step level to which the person had been assigned at the time of the appointment as managing officer. Longevity, where applicable, shall be calculated pursuant to the provisions of section 124.181 of the Revised Code.

(C) Each person appointed as a managing officer shall have received special training and shall have experience in the type of work that the person's division is required to perform. Each managing officer, under the
supervision of the director, has entire charge of the division, institution, unit, or region for which the managing officer is appointed and, with the director's approval, shall appoint necessary employees and may remove them for cause.

(D) The director may designate one or more deputy directors to sign any personnel actions on the director's behalf. The director shall make a designation in a writing signed by the director, and the designation shall remain in effect until the director revokes or supersedes it with a new designation.

He The superintendent shall divide the state into districts and assign members of the patrol to such districts in a manner that he the superintendent deems proper. He The superintendent may transfer members of the patrol from one district to another, and classify and rank members of the patrol. All promotions to a higher grade shall be made from the next lower grade. When a patrol officer is promoted by the superintendent, the officer's salary shall be increased to that of the lowest step salary or wage in the pay range for the new grade which shall increase the officer's salary or wage by at least nine per cent of the base pay wherever possible.

Sec. 5505.15. (A)(1) A member of the state highway patrol retirement system shall contribute ten per cent of the member's annual salary to the state highway patrol retirement fund. The amount shall be deducted by the employer from the employee's salary for each payroll period.

The contributions required under this section shall not be paid by an employer on an employee's behalf, but may be treated as employer contributions for purposes of state and federal income tax deferred income provisions.

(2) The total contributions arising from deductions made prior to January 1, 1966, from the salaries of members in the employ of the state
highway patrol and standing to the credit of their individual accounts in the retirement fund shall be transferred and credited to their respective individual accounts in the employees' savings fund.

(B) The state shall annually pay into the employer accumulation fund, in monthly or less frequent installments as the state highway patrol retirement board requires, the employer contribution. The employer contribution shall be an amount equal to twenty-six and one-half per cent of the total salaries paid contributing members. If a member severs connection with the patrol or is dismissed, the employer contribution shall remain in the retirement system.

The rate percentage of the employer contribution shall be certified by the board to the director of budget and management and shall not be lower than nine per cent of the total salaries paid contributing members and shall not exceed three times the rate percentage being deducted from the annual salaries of contributing members. The board shall prepare and submit to the director, on or before the first day of November of each even-numbered year, an estimate of the amounts necessary to pay the state's obligations accruing during the biennium beginning the first day of July of the following year. Such amounts shall be included in the budget and allocated as certified by the board.

Sec. 5703.09. Each member of the board of tax appeals shall receive a salary fixed pursuant to division (J)(A) of section 124.15 of the Revised Code for each day spent in the discharge of his official duties and shall be reimbursed for his actual and necessary expenses incurred in the discharge of such duties.
