Dear Mr. Gerber:

This letter is for conviction of
Sam Sheppard. There is no doubt that
he killed his wife.

The bull-story he is now trying
to invent that it might have been a
woman proves beyond a doubt that
he is guilty.

He was a very arrogant brum and in
a fit he killed her. In fact I
believe he might have even planned
it.

Please don't let him get away
with it. It would make a mockery
of justice. I don't understand how that

idiotic judge who let him out
of jail could get away doing that
He probably got plenty of cash
for doing that.

Guess money talks!

All prospective killers will not
hesitate to kill if Son Sheppard gets
away with this.

Stick to your original story. It was
the truth then and it still is the
truth now.

People will think you were bribed
if you charge it now.
