HISTORY

In 1916 a number of prominent attorneys of Cleveland, desirous of raising the general standard of legal attainment, and feeling the need in the community of a school of law that should be rigidly thorough and at the same time entirely practical in its teaching, formed an association to realize their ideals.

The founders' plans were of an unusually broad and liberal character and anticipated in surprising degree the wide and distinctive service now rendered by the institution which they founded and which carries the name of the nation's greatest juristic genius, John Marshall. The new institution opened its doors on September 20, 1916, and so immediate was the response it received and so eminently successful were the results of its first year's instruction, that at the close of the year in May, 1917, it became affiliated with Ohio Northern University.

After six years of the most cordial relations with the university, it was deemed advisable to secure a charter from the state of Ohio, authorizing The John Marshall School of Law to confer degrees in its own name. Such a charter was secured in January, 1924. The John Marshall School of Law inaugurated a full-time day school in 1934.

PURPOSE

The John Marshall School of Law is distinctly a lawyer's school. Its faculty is composed of successful attorneys in active practice, who are also experienced in teaching. Every effort is made to admit as candidates for a degree only such students as give promise by their education, attainments and character of becoming honorable and worthy practitioners of the law.

The most noteworthy feature in the progress of legal education in the United States has been the development of efficient law schools. "Reading law" in a lawyer's office is of unquestionable value because of the familiarity it gives with the routine work and everyday practice of the profession, but in training a lawyer, it can never take the place of the thorough, systematic instruction given by a good law school. The course of study covered by The John Marshall School of Law embraces the entire field of law and is designed to develop the student, and to fit him for the active duties of a practicing lawyer.

The instruction is founded upon the conviction that the law is a science and is designed to teach the principles of law, their history and reason and to develop the powers of analysis, discrimination and judgment essential to the practical application of these principles.

LOCATION

The John Marshall School of Law for the first three years was located in the Guardian Building, where it occupied comfortable quarters which were ample during the school's infancy.

The rapidly increasing attendance soon called for more commodious quarters. The school is now located at 242-248 Superior Avenue, opposite the Federal Building, where it occupies approximately 4,000 feet of floor space—ample room for the present and immediate future.

The location is unsurpassed. It is only a step to the Municipal Court, the Court of Common Pleas, the Court of Appeals, and the United States District Court. The student is only a few minutes from the leading law firms of the city.

LIBRARY FACILITIES

The John Marshall School of Law has an excellent law library. Here the student has access to the Ohio State Reports and Digests, Ohio Court of Appeals Reports, the United States Reports and Digests, Cyc., Corpus Juris, the Ohio Statutes, Ohio Jurisprudence, American Digest, Ohio Opinions, law dictionaries and a stack of supplemental text books for reference. Students may also arrange to use the Cleveland Law Library in the New Court House, one of the largest and finest collections of Law literature in America.

The student also has access to the public library, where he will find a fine collection of current literature. Adequate library facilities are a prime essential to the student of Law.

OPPORTUNITY FOR LEGAL STUDY

No city in the country affords better facilities for legal study than Cleveland. Here sit the District Court of the United States; the Appellate Court of Ohio; the Common Pleas Court; the Probate Court of Cuyahoga County; the Cleveland Municipal Court, and the Admiralty and Insolvency Courts.

REQUIREMENTS FOR ADMISSION AND CLASSIFICATION OF STUDENTS

Students may enter the School at any time, but in order to receive full credit toward graduation for work done must enter at the beginning of a semester.

Candidates for admission to the bar and for a degree will be required, upon their application for admission, to furnish satisfactory evidence of the completion of two years of college work. Such are known as Regular Students.

Students not candidates for admission to the bar and for a degree may enter upon proving to the satisfaction of the Dean that they possess such general education as will enable them to pursue the study of law intelligently. Such are known as Special Students.

GRADUATION AND DEGREES

The degree of Bachelor of Laws will be conferred upon Regular Students who complete the prescribed courses of study in a manner satisfactory to the Board of Trustees.

Credit toward graduation will be given for not more than three years of law study in residence in any reputable part-time law school, or more than two years of law study in any reputable full-time law school.

Credit toward graduation will be given for not more than one year's study of law under the actual tuition of a reputable practicing attorney-at-law. Such study must be proved by the certificate of such attorney-at-law, not only as to the length of time spent in study, but as to the subjects studied, the text or case books which formed the basis of study, and the quality of the work done by the student.

No credit will be given for instruction received by correspondence.

In any event the last two semesters must have been spent in residence in The John Marshall School of Law.

REQUIREMENTS FOR ADMISSION TO THE OHIO BAR

The admission of applicants to the Ohio Bar is exclusively within the jurisdiction of the Supreme Court. The rules provide that upon entrance to law school the student who seeks eventually to practice law in Ohio must forward to the Clerk of the Supreme Court, a formal declaration of his intention to begin the study of law, an official college transcript evidencing that the applicant has completed a minimum of two years of college work (60 semester-hours of credit), and the registration fee of Three Dollars. Following such registration with the Court, the student must study law for four years in a part-time school (evening) or three years in a full-time school (day).

The regular school year of The John Marshall School of Law, both in the day and evening divisions, is counted as one year of

study under the above requirement. Students are required to attend classes with substantial regularity.

The student's attention is directed to Supreme Court Rule XIV as amended, which provides as follows:

SECTION 1. Except as provided in Section 1703, General Code, concerning persons who have been admitted and practiced in the highest court of another state, or in the Supreme Court of the United States, for a period of five years, no person shall be admitted to the bar except upon an examination and certificate of the Standing Committee on Examinations.

SECTION 2. There shall be appointed, to take effect on the first day of January, 1901, ten discreet and judicious attorneys and counselors-at-law to be known as the Standing Committee on Examinations. Two members of the committee shall be appointed for one year, two for two years, two for three years, two for four years, and two for five years. Their successors shall be appointed for a term of five years each.

SECTION 3. The Standing Committee shall hold examinations of applicants for admission to the Bar in the City of Columbus, Ohio, on the first Wednesday, Thursday and Friday after the first Tuesday in January and on the last Tuesday, Wednesday and Thursday of June. No other examinations will be held. Examinations must be conducted under the direction of the Committee.

Each examiner shall grade the papers of the applicants in the subjects in which he has submitted questions and forward his report to the Chief Justice of the Supreme Court, who shall cause the grades to be tabulated.

SECTION 3a. No applicant shall be admitted unless he has sustained on his written answers to the questions of the examiners an average grade of 75 percent on an examination embracing the following subjects:—

The law of real and personal property, torts, contracts, evidence, pleading, partnership, negotiable instruments, agency, suretyship, domestic relations, wills, *private corporations, municipal corporations, trusts, conflict of laws*, equity, criminal law, constitutional law, and the canons of professional ethics adopted by the Ohio State Bar Association, at its 30th annual meeting, 1909. (*This amendment, adopted March 15, 1934, shall be effective as to the examination to be held in June, 1935, and thereafter.*)

SECTION 3b. None but citizens of the United States will be admitted to the examination and every applicant must be twenty-one years of age. The printed interrogatories and the answers of applicants thereto shall be submitted to the Court with the report of the examiners, and, together with all certificates and papers re-

quired under this rule, shall be filed with the Clerk and preserved.

SECTION 4. REQUIREMENTS AS TO GENERAL LEARNING.

Each applicant for registration as a law student must present a certificate of general learning with his certificate that he has begun the study of law. Such certificate of general learning shall meet the following requirements:

- A. If filed between the 15th day of October, 1926, and the 15th day of October, 1927, it shall show that the applicant has successfully completed one year of study in an approved college, to be evidenced by the signature of the proper official thereof.
- B. On and after October 15, 1927, it shall show that the applicant has successfully completed two years of study in an approved college, to be evidenced by the signature of the proper official thereof.
- C. It shall further show—
 - (1) That the requirements for admission to the college issuing the same are at least 15 units of high school credits and that the applicant satisfied said requirements.
 - (2) The period of the applicant's attendance.
 - (3) The number of college credits, which shall be not less than 30 semester hours, or 45 quarter hours, for each year of study in an approved college.
- D. Applicants who register or apply for examination under the provisions of sections 7 or 8 of this rule shall be required to file certificates of general learning as provided in paragraphs "A", "B" and "C" hereof, at the time of such registration or application.
- E. All credentials presented under this rule must be submitted to the Court and if the Court is satisfied that the applicant has the educational qualifications required he will be admitted to registration. All credentials presented shall be filed with the Clerk.
- F. The Clerk of this Court is authorized to accept certificates which clearly meet the requirements of this section.
- G. Diplomas should not be presented. Certificates which may be retained permanently are desired. They should be upon the official stationery of the college or university in which the applicant carried on the study required.
- H. Questions as to whether a particular college is an approved college within the meaning of this section, and questions as to the value to be given to credits presented from a college not approved, and questions relating to the sufficiency of the

credits presented by an applicant, shall be referred to an examiner appointed by this Court, and his determination of such questions shall be final and shall be reported to this Court for record. (Effective January 14, 1924.)

- I. Members of the Ohio Association of Colleges are "approved colleges". A Junior College or school of full-time or part time study, where instruction is given covering only the first two years of ordinary collegiate work, is an "approved college", if it complies with the following requirements:
 - (1) It must be a non-commercial enterprise, conducted by an institution of recognized responsibility and standing.
 - (2) It must offer instruction only in courses of study of collegiate grade.
 - (3) It must compute the credit hours, whether semester or quarter hours, on a basis equivalent to the number of hours of classroom instruction required by the standard of the Ohio Association of Colleges, for each such hour of credit.
 - (4) It must possess at least one full-time administrative officer.
 - (5) Its recognition as an "approved college" shall not be made contingent upon any requirement of form of endowment, nor upon any prescribed number of full-time instructors, nor upon the circumstance that instruction be given, wholly or partly, in the evening. (Adopted Nov. 19, 1929.)
- J. Certificates of general learning meeting the requirements of Section 4 as the same existed immediately prior to the adoption of this amendment will be accepted for registration until October 15, 1926.
- K. Applicants who registered prior to June 7, 1923, who have not yet filed certificates of general learning, may qualify in that respect by filing a certificate meeting the requirements of Section 4, as the same existed immediately prior to the adoption of this amendment.

SECTION 5. The Court will not receive applications for waiver of the requirements mentioned in Section 4. (Effective January 14, 1926).

SECTION 6. REGISTRATION REQUIREMENTS.

- A. Every resident of the state who commences the study of law on and after June 1, 1934, either under the tuition of an attorney at law or at a law school, whether located in this state or elsewhere, shall file with the Clerk of the Supreme

Court his application for registration as a candidate for admission to the bar, accompanied by the certificate of his preceptor or the chief officer of such law school, as the case may be, and by answers in duplicate to a questionnaire executed by him under oath, such questionnaire to be upon a form prescribed by the Court, and also accompanied by a fee of three dollars.

- B. Upon the filing of such application and questionnaire one copy of the questionnaire shall be referred by the Clerk to a committee to be designated by the local bar association or associations as hereinafter provided, in the county where such candidate claims permanent residence.
- C. Such committee, so designated by the local bar association or associations, shall proceed to investigate the character, reputation and moral qualifications of each candidate whose questionnaire is submitted to it and shall obtain answers to questionnaires from three citizens of the county, not related to the applicant, at least one of whom shall not be a member of the bar, and from two members of the said local bar association committee who have personally investigated the candidate's qualifications, such questionnaires from the members and citizens to be in the form prescribed by the Supreme Court of Ohio.
- D. The Supreme Court shall determine from the report of the local bar association committee and from the questionnaires filed by said committee and the candidate and from such other information as may be available, whether the candidate shall be accepted for registration, and shall notify the candidate whether his application for registration has been accepted or rejected. As to such persons as are accepted for registration the period required for the study of law by the rules of this Court shall date from the filing of the application of such candidate.
- E. The president of each local bar association, or if there be more than one, then the presidents of such local bar associations, shall appoint a Committee on Applicants for Admission to the Bar, which Committee shall consist of three or more members of each county, as the Court shall from time to time determine, and the members thereof shall serve without compensation. Upon the original appointment one-third of said members shall be appointed for one year, one-third for two years, and one-third for three years and their successors thereafter appointed for a term of three years each. Said Committee on Applicants for Admission to the Bar shall be charged with the duty of passing upon the character, reputation and moral qualifications of candidates for regis-

tration in accordance with the rules from time to time prescribed by the Supreme Court. Said Committees in their examination of the candidate shall employ the questionnaires hereinbefore prescribed and shall report to the Clerk of the Supreme Court the result of their investigation and their recommendations as to the acceptance or rejection of such candidates as registered law students. (Adopted March 15, 1934.)

F. Before any application for registration shall be filed such person shall present to the Clerk of this Court satisfactory evidence of general educational attainments as required by Section 4 of this rule.

METHOD OF INSTRUCTION

The system of instruction combines the study of the rules and principles of the law as set forth by text-writers, and the analysis and statement of leading cases with special reference to Ohio law. The instruction is designed not only to fix in the memory the great fundamental principles of law, but to stimulate mental energy and to develop power in the analysis of selected cases.

While particular attention is paid to the law of Ohio, yet the course is designed to train students in the principles of the common law and equity, and to prepare them for the practice of law not only in Ohio, but also in any other jurisdiction.

The foregoing courses as outlined require four years of study (Evening Division) in preparation for admission to the Ohio bar where the entire time of the student is not devoted to the study of legal subjects.

For Freshmen and Sophomores one year of study entails six lecture hours per week for a period of thirty-six weeks. For Juniors and Seniors one year of study entails nine lecture hours per week for a period of thirty-six weeks.

The schedule is so arranged that Freshmen and Sophomores will attend lectures from 6:00 P. M. to 9:00 P. M. on Tuesdays and Thursdays; Juniors and Seniors will attend lectures from 6:00 P. M. to 9:00 P. M. on Mondays, Wednesdays and Fridays.

The student's application to his studies must be regular and attentive.

The foregoing courses, in preparation for admission to the Ohio bar (Day Division) may be completed in three years of study when the student devotes his entire time to the study of legal subjects and attends lectures in the daytime.

For such students one year of study entails thirteen or fourteen lecture hours per week for a period of thirty-six weeks. For

the Day Division the schedule calls for attendance upon lectures from 9:00 A. M. to 2:00 P. M., daily except Saturdays.

The student's application to his studies must be regular and attentive. No classes will be organized or maintained with fewer than 15 students.

Contracts

This basic course deals with general principles relating to the nature, formation, operation and discharge of contractual obligations, and includes a detailed examination of offer and acceptance, the Statute of Frauds, consideration, capacity of parties, fraud, mistake, duress, undue influence, legality of object, contracts for the benefit of third parties, assignment, interpretation of contracts, and discharge of contracts by performance, agreement, breach, impossibility of performance, and by operation of law.

This course is prerequisite to the study of special applications of the law of contracts, such as insurance, bailments, negotiable instruments, agency, partnership and suretyship, which are treated as separate courses.

Criminal Law and Procedure.

This course aims to give a comprehensive view of the criminal law, common and statutory, special attention being paid to definitions which form an important element in criminal law and frequently furnish the key to the solution of some of its most difficult problems.

The course in criminal procedure is designed to be as full and as realistic as possible. The case is dealt with in all of its phases, from the commission of the crime to the termination of the prosecution therefor.

The subjects of arrest, examination, indictment, trial, and criminal evidence are treated in accordance with Ohio's new Code on Criminal Procedure.

TEXT: Clark and Marshall on Criminal Law; Baldwin's Ohio Code.

Torts.

In this course is comprised a comprehensive study of the entire subject of wrongs to person and property. It includes, besides a

consideration of specific wrongs, such as slander, libel, malicious prosecution, false imprisonment, assault and battery, fraud, trespass, nuisance, and the like, a survey of the nature of torts in general and of the principle of liability. To the subject of negligence is given the special consideration which its importance demands.

The subject of master and servant is taught as a branch of the law of torts. The topics treated are those of independent contractors; the master's liability for the torts and crimes of his servant; the master's liability for injuries to his servants; the servant's liability for his own torts; and the liability of third persons for torts to master or servant. Special consideration is given to the Federal Employers' Liability Act, and to State legislation along similar lines.
