DR. GERBER: Let the record show that the photographers were told that they could take pictures of the witnesses only at the time they came into the room, and at the time they were leaving, with flashbulbs, and that at no time were they to take flashes during the time the witness was on the witness chair, that there was to be no smoking in this building because of School Board orders, that the people were to conduct themselves accordingly, or else the room would be cleared of spectators.

Let the record further show that no remarks will be included in the coroner's record other than those made by the coroner, and the testimony of the witness, and remarks made by the assistant county prosecutor Saul Danaceau; that the entire record will be of this fashion.
