It has been accepted for inclusion in Criminal Profiling Reports by an authorized administrator of EngagedScholarship@CSU. For more information, please contact library.es@csuohio.edu.

BLOOD GROUPING

Marilyn Sheppard

In a letter, on file in the Cuyahoga County, Ohio, Coroner's Office, dated July 8, 1954, addressed to Samuel Gerber, signed by Roger W. Marsters, PhD., Director, Maternity R.H. Laboratory, Dr. Marsters states:

"Here are the data obtained on the complete blood grouping test performed on the blood specimen recently submitted. This is the blood specimen from Mrs. Marilyn Sheppard which Miss Cowan handed me personally on July 7 at 8:40 a.m.

Mrs. Sheppard is a type Orh Neg. The international type O finding was corroborated by the demonstration of A and B antibodies in the Sheppard serum." Exhibit 63.

Samuel H. Sheppard

According to an affidavit of Dr. Paul Leland Kirk filed with the Court of Common Pleas, Criminal Branch, case number 64571, Dr. Kirk states that, Dr. Sam is Group A probably M. Exhibit 44.

Richard Eberling

The following information was obtained from the Cleveland Clinic where Eberling was a patient at various times from 1959 to 1984. The file document, number 4016, dated September 17, 1984, shows Eberling's blood is Group A RH positive. Exhibit 64.
